INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Leppo, Inc. Profit Sharing and 401(k) Plan
Kent, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leppo, Inc. Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Leppo, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of and for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that it agreed to or is derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Leppo, Inc. Profit Sharing and 401(k) Plan

1 Description of Plan

The following description of Leppo, Inc. Profit Sharing and 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began December 31, 1979, and was most recently restated effective July 19, 2022, is a defined contribution plan, covering employees of Leppo, Inc. (“Company” and “Employer”) who meet the service and age requirements. Leased employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). During 2022, the Plan’s Trustee changed its name from Great-West Trust Company, LLC to Empower Trust Company, LLC.

Eligibility:

Employees of the Company age eighteen and older and who have completed 90 days of service are eligible to participate in the Plan. Eligible employees will enter the Plan on the first day of the month coinciding or next following the date on which a participant meets the eligibility requirements.

Contributions:

Employee Contributions – Participants may elect to contribute between 1% and 75% of their eligible compensation to the Plan. The Plan allows participants to designate their contributions as Roth deferrals, which is not based on pre-tax compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions, in accordance with Internal Revenue Service (“IRS”) guidelines.

The Plan provides for automatic salary deferrals at a contribution rate of 5% of eligible compensation upon meeting the eligibility requirements, unless otherwise elected. The automatic salary deferrals will increase by 1% per Plan year, up to a maximum of 10% of eligible compensation. The automatic increase will be effective July 1 beginning with the July 1 of the second Plan year following the Plan year in which deferrals were automatically withheld. Eligible employees may opt out.

Employer Contributions - The Company provides for safe harbor matching contributions to participant accounts who make contributions to the Plan. In the year a safe harbor election is made, the Company will contribute to the Plan an amount equal to 100% on an eligible participant’s employee contribution up to 3% of compensation plus a 50% matching contribution on any additional employee contribution above 3% up to 5% of compensation.

Employer Discretionary Contributions - The Company may also make additional contributions. Such additional contributions, if any, shall be allocated to each participant in proportion to his or her compensation for the calendar year. The Company made discretionary contributions to the Plan in the amount of \$0 (2023 and 2022).

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

1 Description of Plan, Continued

Contributions, Continued:

Employee and Employer contributions are determined and recorded at the time compensation is paid.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, the employer's safe harbor matching contributions, employer discretionary contributions, and earnings and losses thereon. The benefit to which a participant is entitled is the benefit that could be provided from the participant's account.

Vesting:

Participants are 100% vested in elective contributions, safe harbor matching contributions, qualified non-elective contributions, plan transfers, and rollover contributions made to the Plan. Vesting in the Company discretionary contributions is based on years of credited service and is subject to the following vesting schedule:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective July 19, 2022, employees of the Midland, Razor Rents location were 100% vested in all contributions.

Forfeitures:

Forfeitures due to termination by a participant before they are 100% vested are used to reduce employer contributions. Forfeited non-vested accounts totaled \$2,861 and \$2,640 as of December 31, 2023 and 2022, respectively. Forfeitures of \$2,141 (2023) and \$20,099 (2022) were used to reduce employer contributions.

Other Plan Provisions:

Normal retirement age is 65, however, a participant may elect early retirement on or after age 55 with the completion of 10 years of service. After reaching age 59-1/2, participants are able to withdraw from their accounts while still employed with the Company without penalty.

1 Description of Plan, Continued

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death, or total and permanent disability, a participant may elect to receive a distribution from the Plan of their vested account balance in the form of a lump sum installment payments over a set number of years.

If a participant's vested account balance is \$5,000 or less, they will receive a distribution upon termination in the form of a rollover to an IRA, or lump sum paid in cash.

Benefits are recorded when paid.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments held in the Plan include mutual funds, collective investment funds, and a stable value fund and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Leppo, Inc. Profit Sharing and 401(k) Plan

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

The Plan pays substantially all expenses incurred in administering the Plan to the extent such expenses are incurred in connection with activities necessary to operate the Plan for the benefit of its participants.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan provides for various investment options which are, in general, exposed to varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Effective September 1, 2024, the Plan was amended to allow for withdrawals up to \$5,000 for a Qualified Birth or Adoption Distribution.

Subsequent events have been evaluated through October 8, 2024, which is the date the financial statements were available to be issued.

3 Tax Status

The Plan adopted a prototype plan from Great-West Trust Company LLC (Empower Trust Company, LLC). On June 30, 2020, the Internal Revenue Service issued an opinion letter stating that the form of the prototype plan used by the Plan is acceptable under Section 401 of the IRC. The Plan has not received a determination letter specific to the Plan itself. However, the Plan Administrator believes that the Plan and underlying trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS

Leppo, Inc. Profit Sharing and 401(k) Plan

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets.
- * Quoted prices for identical or similar assets or liabilities in inactive markets.
- * Inputs other than quoted prices that are observable for the asset or liability.
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds:

The fair values of the mutual funds are based on quoted market prices.

4 Fair Value Measurements, Continued

Collective Trust Funds:

The collective trust funds are valued using the net asset value (“NAV”) as provided by the trustee of the fund, which is used as a practical expedient to estimate fair value. The NAV is calculated by the fund based on the fair value of the underlying net assets. Participant transactions (purchases and sales) occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee of the fund reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

Stable Value Fund:

The stable value fund is valued using the net asset value (“NAV”) of the fund. The NAV is calculated by the fund based on the underlying net assets, which include fully benefit-responsive investment contracts at contract value. This NAV represents the Plan’s fair value since it is the amount at which the Plan transacts with the fund. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value for the stable value fund.

The stable value fund allows for daily redemption and investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without any redemption notice or restrictions. At the Plan Sponsor level, there must be a 12-month notice. There are no unfunded commitments.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 25,410,234	\$ -	\$ -	\$ 25,410,234
Investments Measured at Net Asset Value ^(a)				2,273,024
Investments at Fair Value				\$ 27,683,258
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 20,720,022	\$ -	\$ -	\$ 20,720,022
Investments Measured at Net Asset Value ^(a)				3,102,784
Investments at Fair Value				\$ 23,822,806

^(a) These investments are measured at the net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.
