INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustee
of the Coastal Blooms Nursery 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Coastal Blooms Nursery 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Coastal Blooms Nursery 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coastal Blooms Nursery 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Blooms Nursery 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coastal Blooms Nursery 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Blooms Nursery 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of 1) Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and 2) Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. PLAN DESCRIPTION

The following description of the Coastal Blooms Nursery 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Coastal Blooms Nursery, LLC (the "Company") and who have completed 1 hour of service within 60 days of employee hire date and attained age 18. The plan was established October 1, 1995 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's trustee is responsible for oversight of the plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Effective January 1, 2023, the Plan was amended and restated for changes in laws and plan design.

Contributions – Each year, participants may contribute on a pre-tax or Roth basis, up to 90% compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching and non-elective contributions to the Plan.

The Plan allows for automatic enrollment of all newly eligible participants and pre-tax automatic deferral of 6% of eligible compensation. Newly eligible and rehired employees will be enrolled 60 days after date of hire.

Prior to January 1, 2023, the Company made Safe Harbor matching contributions as a percentage of a participant's compensation or a percentage of a participant's elective deferrals, to be determined by the employer. The Company made a Safe Harbor matching contribution totaling $3,019 (net of $1,808 of applied forfeitures) for the last pay period of 2022 during the year ended December 31, 2023.

Investment Options – Participants may elect to invest their accounts in any of the investment options offered by Principal Life Insurance Company ("Principal Life") and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust"), the custodians, as approved by the trustee. Participants may change their investment options daily.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Company safe-harbor matching contributions vest depending upon each participant's years of service with the Company, as follows:

Years of Service	Vested %
Less than 2	0%
2	100%

A. PLAN DESCRIPTION (CONTINUED)

Vesting requirements for discretionary employer match contributions and profit-sharing contributions are as follows:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5+	100%

Notes Receivable from Participants – Participants may borrow from their 401(k) account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the participant's account balance. The loan interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits – On termination of service due to death, the participant's beneficiary will be entitled to receive 100% of the account balance. Upon termination of service due to disability, normal retirement, or any other reason, a participant may elect to receive benefits in the form of a single lump-sum amount equal to their vested account balance.

Participants may withdraw amounts for any reason upon reaching age 59 ½. In addition, participants receive required minimum distributions upon attainment of age 72, or as amended.

Forfeitures – Upon termination of employment, participants forfeit the non-vested portion of their account balances in accordance with the vesting provisions in the plan document. Forfeited balances of terminated participants' nonvested accounts are can be used to reduce future company contributions or administrative expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled $1,801 and $0, respectively. Forfeitures used to reduce employer matching contributions and administrative expenses for 2023 were approximately $1,800 and $8,200, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition – Investments are reported at fair value. The pooled separate accounts are stated at the net asset value per unit held by the Plan, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Expenses for the administration, investments, and processing transactions relating to the on-going maintenance and operation of the Plan may be charged against the assets of the plan and trust, paid by the Company, or allocated among terminated and active participants (or beneficiaries) in the plan. In some instances, these expenses are deducted directly from the investment returns of the investment funds offered under the plan as an investment related fee. Expenses paid by the Company are excluded from these financial statements.

Fees related to the administration of notes receivable from participants are charged directly to participant's account and are included in administrative expenses.

C. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life and Principal Trust, the custodians, as complete and accurate, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule:

- Fair value of investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 which total $2,559,216 and $2,535,057 respectively.
- Net investment income of investments as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023 of $273,158.
- All investment-related information in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2023.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820*, Fair Value Measurements and Disclosures*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities inactive markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Shares held in mutual funds are valued at quoted market prices in an active market that represent the net asset value "NAV" of shares held by the Plan at year-end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding.

D. FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts ("PSAs"): Investments in pooled separate accounts are valued using the unadjusted NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal Life. While the majority of the underlying assets values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by Principal Life as of the financial statement date based on recent transaction prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Investments at fair value	$ 321,925	$ -	$ -	$ 321,925
Pooled separate account investments measured at net asset value [(1)]				$2,237,291
Investments at fair value				$2,559,216

Investments at Fair Value as of December 31, 2022

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Investments at fair value	$ 234,783	$ -	$ -	$ 234,783
Pooled separate account investments measured at net asset value [(1)]				$2,300,274
Investments at fair value				$2,535,057

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. The redemption notice period below is applicable to plan sponsor-directed redemptions:

D. FAIR VALUE MEASUREMENTS (CONTINUED)

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$2,237,291	n/a	Daily	None

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$2,300,274	n/a	Daily	None

E. DELINQUENT EMPLOYEE DEFERRAL

During the years ended December 31, 2023 and 2022, the Company failed to remit employee contributions and loan repayments totaling $100,383 to the plan on a timely basis in accordance with Department of Labor Regulations. As a result, lost earning totaling approximately $452 will be remitted to the Plan and allocated to participants in 2024.

F. PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Principal Life, Principal Trust, Nova 401(k) Associates (the Company's third-party administrator), and the Company are parties-in-interest as defined by ERISA. Certain Plan investments are held and managed by Principal. Notes receivable from participants and the related transactions are also considered party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation or depreciation in fair value. Such transactions qualify as party-in-interest transaction permitted by the Department of Labor's Rules and Regulations and are exempt under ERISA's prohibited transaction rules.

G. PLAN TERMINATION

While the Company has no current intent to terminate the Plan, the Company reserves the right to terminate the Plan as described in the Plan agreement and subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contributions.

H. TAX STATUS

The Company adopted a non-standardized pre-approved defined contribution plan "pre-approved plan", which received a favorable opinion letter from the IRS dated June 30, 2020, which states that the pre-approved plan designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Certain Plan investments include securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

J. SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to December 31, 2023 through October 8, 2024 the date the financial statements were available to be issued.
