REPORT OF INDEPENDENT AUDITORS

The Retirement Committee and Participants
Solotech U.S. Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Solotech U.S. Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Solotech U.S. Corporation 401(k) Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solotech U.S. Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion the effectiveness of Solotech U.S. Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Solotech U.S. Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedules of Delinquent Participant Contributions for the year ended December 31, 2023 and Assets Held as of December 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

December 31, 2023

1. Description of Plan

The following description of the Solotech U.S. Corporation 401(k) Plan (the Plan) provides only general information. Solotech U.S. Corporation (the Company) is the Plan Sponsor. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan is a defined contribution plan covering eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Ascensus as an agent for Ascensus Trust Company serves as the trustee and Ascensus, LLC serves as the recordkeeper of the Plan.

Eligibility

Employees of the Company who are at least eighteen (18) years of age and have completed three months of service are eligible to participate in the Plan, effective the first day of the following quarter.

Contributions

Participants may contribute, on a pre-tax basis, and/or on an after-tax Roth basis, as defined in the Plan agreement, subject to certain limitations. Employer matching contributions are made at the discretion of the Company's management. For the year ended December 31, 2023, the Company approved a discretionary match of 100% of the participants' contributions up to a maximum of 2% of eligible compensation. Forfeited employer matching contributions can be used to reduce employer contributions. Additionally, the Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation, as defined in the plan agreement.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Rollover contributions from pension, profit-sharing plans, and IRA account meeting the requirements of Section 401(a) of the Code are accepted by the Plan.

Solotech U.S. Corporation 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions

Participants may currently elect to invest their account balances in any combination of mutual funds and the money market fund. All funds are self-directed allowing the participants to change their investment selection at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Vesting

Participants are immediately vested in their voluntary contributions.

The account balances of employees who separate from service with the Company as a result of retirement, death or disability are 100% vested. Amounts representing employer contributions and earnings thereon, vest according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0
2 or more	100

Forfeitures

Forfeited company matching contributions can be used to reduce employer contributions. For the year ended December 31, 2023, no forfeitures were used. Unallocated forfeitures on December 31, 2023, and 2022, were \$13,831 and \$13,195, respectively.

Payment of Benefits

Withdrawals may be made from a participant's account at retirement, death, disability, or termination of employment. The participant's account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum, partial payment or direct rollover distribution. Participants over age 59 ½ may elect to withdraw all or a portion of their account. All distributions are subject to the applicable provisions of the Plan.

Solotech U.S. Corporation 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Notes Receivable from Participants

The Plan allows participants to borrow against their accounts. Such loans shall not exceed the lesser of \$50,000 or 50% of the participants' vested interest in their account. Loans can be for any purpose with a term not to exceed 5 years, unless it is for the purchase of a primary residence. The interest rates on outstanding loans at December 31, 2023 ranged from 4.25% to 9.50% with various maturities through July 2028. The interest rates on outstanding loans at December 31, 2022 ranged from 3.25% to 6.25% with various maturities through July 2027. Principal and interest are paid ratably through payroll deductions.

Terminated participants with a balance less than \$1,000 will receive the balance of their account in a lump sum payment unless the participants request a rollover. For balances greater than \$1,000, but less than \$5,000, benefit payments are made in the form of either a lump sum payment or are rolled over into an IRA account for the benefit of the participant.

Administrative Expenses

The Company pays the administrative expenses of the Plan except for certain fees associated with benefit payments, record-keeping and investment management fees. Investment management fees charged to the Plan are deducted from income earned on a daily basis and are not separately stated. Investment management fees are reflected as a reduction of net appreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA.

Solotech U.S. Corporation 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis in accordance with U.S. generally accepted accounting principles.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be a distribution, the participant loan balance is reduced and benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through October 8, 2024, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held on December 31, 2023, and 2022, and net appreciation in fair value of investments, interest, dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus as an agent for Ascensus Trust Company, the trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment, and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is categorized is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Mutual Funds – Valued at the closing price on the active market on which the individual securities traded.

4. Fair Value Measurements (continued)

	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,567,187	\$ -	\$ -	\$5,567,187

Total assets in the fair value hierarchy	\$3,304,229	\$ -	\$ -	\$3,304,229

5. Tax Status

The underlying non-standardized profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Plan management has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements (continued)

6. Party-in-interest and Related Party Transactions

Certain Plan fees for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Late Participant Contributions

During 2023, 2022, 2021, 2020 and 2019, the Company failed to transmit certain participant contributions to the Plan in the amount of \$29,450, \$28,879, \$87,960, \$98,342 and \$172,191, respectively. All contributions were funded in Plan, just not within the time period prescribed by ERISA. Late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company is in the process of correcting the lost earnings associated with the late contributions.
