INDEPENDENT AUDITORS' REPORT

To the Trustees and Administrative Committee of
Innovim, LLC 401(K) Plan
Greenbelt, MD

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Innovim, LLC 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Innovim, LLC 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Innovim, LLC 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovim, LLC 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Innovim, LLC 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovim, LLC 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4 (a) – Schedule of delinquent participant contributions and Form 5500, Schedule H, Line 4(i) – Schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Note 1 **Description of Plan**

The following description of the Innovim, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Innovim, LLC and Innovim Defense Services, LLC (collectively, the "Company") except non-resident aliens who receive no US earned income and members of a collective-bargaining unit where retirement benefits have been the subject of good faith bargaining unless such agreement provides for participation in this Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

Each year, participants may contribute up to the maximum amount allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover contributions").

The Company may make a discretionary matching contribution. For the year ended December 31, 2023, the Company contributed a dollar for dollar match of up to 4% for employee contributions as a discretionary matching contribution. During the year ended December 31, 2023, the Company made a total of \$388,483 in gross discretionary matching contributions, reduced by \$1,345 from the asset holding account, for a net of \$387,138 in discretionary matching contributions.

The Company may also make a profit sharing contribution at its discretion. During the year ended December 31, 2023, the Company did not make a profit sharing contribution.

Participants direct the investment of their contributions, the discretionary employer matching contribution, and the employer profit sharing contribution, if any, into various investment options offered by the Plan.

Investment options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in a number of investment fund options. Participants may change or transfer their investment options at any time via telephone or secure internet website.

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Note 1 Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Company discretionary matching contributions (b) profit sharing contribution, if any and (c) investment earnings (losses) and (d) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's discretionary matching contribution plus actual earnings thereon.

Each participant is vested in the profit sharing contribution portion of their accounts, if any, according to the following schedule based on years of credited service:

Years of vesting credited service	
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

If an active participant dies or becomes disabled prior to attaining normal retirement age, or attains normal retirement age, the participant's account becomes 100% vested.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period or (ii) 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Note 1 **Description of Plan (continued)**

Payment of benefits

On termination of service due to death, disability, normal retirement age (age 65), in-service at age 59.5, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution unless the participant elects the balance to be rolled into an individual retirement account or another qualified retirement plan. Participants may also elect to withdraw amounts from their accounts in the event of a proven financial hardship. Terminated participants are required by law to receive minimum distributions by April 1 of the year following the year they turn 72 (73 if they reach age 72 after December 31, 2022).

Upon termination of employment, if a participant's vested interest in their account is greater than \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant.

If the participant's vested account is \$5,000 or less, the vested account balance is paid out in the form of a lump sum distribution unless the participant elects the balance to be rolled into an individual retirement account or another qualified retirement plan. In the event of a mandatory distribution greater than \$1,000, the distribution may be paid out in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Asset holding account

Asset holding account amounts are used to reduce future employer matching contributions or pay Plan expenses. At December 31, 2023 and 2022, unused asset holding accounts totaled \$1 and \$580, respectively. These accounts will be used to reduce future employer contributions and pay Plan expenses. During the year ended December 31, 2023, \$1,345 of asset holding account amounts were used to reduce employer contributions and pay Plan expenses.

Note 2 **Summary of significant accounting policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

INNOVIM, LLC 401(K) PLAN

**NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022**

Note 2 Summary of significant accounting policies (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Employee contributions and employer discretionary matching contributions are recognized on the pay date to which they relate. Employer profit sharing contributions, if any are recognized in the year as designated by the Company.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan Administrator has evaluated subsequent events and transactions that occurred from the statement of net assets date through the date of the independent auditors' report, the date the financial statements were available to be issued. There are no material subsequent events that required recognition or additional disclosure in the financial statements.

Note 3 Information prepared and certified by the custodians of the Plan (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplementary schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company and Empower Retirement, LLC (the custodians of the Plan).

Note 4 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Account Standard Codification ("FASB ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Note 4 Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed annuities: The reported values are reported daily based on the valuation method disclosed in the annuity contract as calculated by the annuity provider. All inputs are considered observable. The value represents allocated contributions, all interest credited to the account, less any amounts distributed from the account and less any administrative expense charged.

Common collective trust funds: Valued at the NAV of units of the common trust held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

During 2022, the Plan had investments in a suite of 11 AllianceBernstein Holding L.P. ("AB") Multi-Manager Retirement Trusts. In 2023, the Plan replaced these investments with Fidelity mutual funds. The AB Multi-Manager Retirement Trusts are presented on the statement of net assets available for benefits at fair value measured using the NAV of the units held by the Plan. The NAV is not a publicly quoted price in an active market. The NAV, as provided by AB, is used as a practical expedient to estimate fair value. The NAV calculated by the fund is based on "net assets". This NAV represents the Plan's fair value since this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS **December 31, 2023 and 2022**

Note 4 Fair value measurements (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

For years ended December 31, 2023 and 2022, there were no significant transfers between Levels 1 and 2 and no transfers in and out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2023 and 2022.

Investments at fair value as of December 31, 2023

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Note 4 Fair value measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured based on NAV per share as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	2023 Fair Value	2022 Fair Value	Unfunded Commitment	Redemption frequency	Redemption notice period
Common collective trust funds	\$ 694,141	\$ 7,073,036	None	Daily	5 days

Note 5 Related-party transactions and party in interest transactions

The Plan includes investments managed by AB. AB is the investment advisor as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions.

Empower Annuity Insurance Company and Empower Retirement, LLC (collectively, "Empower") are the custodians as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Empower provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Empower. Empower receives revenue from mutual fund service providers for services Empower provides to the funds. The revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. If the revenue received by Empower from such mutual fund service providers exceeds the amount owed under the MSA, such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. These transactions and notes receivable from participants qualify as party in interest transactions. These party in interest transactions are exempt from prohibited transactions under ERISA.

Note 6 Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

Note 7 Income tax status

The Company has adopted a Non-Standardized Pre-Approved Profit-Sharing/Money Purchase plan sponsored by Empower Retirement, LLC and received a favorable opinion letter dated November 14, 2022. The Plan adopted by the Company has been deemed by the IRS, in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2023 and 2022. The Plan's federal tax return is subject to examination by the IRS and tax authorities, generally for a period of three years after the returns are filed.

Note 8 Prohibited transactions

During the year ended December 31, 2021, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$40,453 from its assets within the required time period as specified by the DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. These participant contributions were remitted 8 business days after being withheld while the Company has shown it can do it within 1-2 business days. These were corrected in 2023. See Note 11.

During the year ended December 31, 2022, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$1,010,774 from its assets within the required time period as specified by the DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. These participant contributions were remitted 5-72 business days after being withheld while the Company has shown it can do it within 1-2 business days. Of these, 1,001,376 were corrected in 2023 and \$9,398 remain uncorrected. See note 11.

During the year ended December 31, 2023, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$93,943 from its assets within the required time period as specified by the DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. These participant contributions were remitted 5-67 business days after being withheld while the Company has shown it can do it within 3-4 business days. These were corrected in 2023.

Note 10 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2023 and 2022, four investment funds represented approximately 58% and 55% of the total investments, respectively.

INNOVIM, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 11 Voluntary Fiduciary Correction Program

The Department of Labor, Employee Benefits Security Administration (EBSA) established a Voluntary Fiduciary Correction Program (VFCP) to encourage correction of breaches of fiduciary responsibility and the restoration of losses to plan participants and beneficiaries under Title I of the Employee Retirement Income Security Act of 1974. The Company applied to the VFCP in 2023 due to late contributions in 2021, 2022, and 2023, which qualified as breaches, or potential breaches, of this nature. All applicable contributions had been deposited into the Plan on or before February 3, 2023, lost earnings were deposited into the Plan's account on February 21, 2023 and April 24, 2023, and Plan participants were notified on April 28, 2023. The Department of Labor issued a response that these issues have been corrected. See note 8.
