Independent Auditor's Report

To the Plan Administrator
HPCCA – Haig Point 401(k) Plan
Hilton Head Island, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HPCCA – Haig Point 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, lines 4a and 4i – Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) at December 31, 2023, respectively, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan

The following description of the HPCCA – Haig Point 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan available to eligible employees of HPCCA - Haig Point (the “Employer”) who complete three months of eligible service in which the employee works 250 hours and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is the (“Plan Administrator”) and is responsible for the administration of the Plan. During 2022, the Plan switched from utilizing TAG Resources, LLC (“TAG”) for maintenance of records and the day-to-day administration who processes transactions through the custodian, Transamerica Life Insurance Company (“Transamerica”), to utilizing Empower Trust Company, LLC (“Empower”) for maintenance of records and the day-to-day administration who processes transactions through the custodian, Great-West Trust Company and Great-West Life Insurance Company (collectively “Great-West”). As of December 31, 2023 and 2022, Empower serves as the recordkeeper and serves as the Trustee of the Plan, further referred to as the “Trustee”.

Contributions – Each year, participants may contribute up to 90% of their pre-tax annual compensation, as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants can change the investment options previously elected at any time.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

The Employer will make safe harbor matching contributions to the Plan equal to 100% of the employee's contributions up to 3% of compensation plus 50% of the employee's contributions between 3% and 5% of the employee's compensation. The Employer may also make discretionary profit sharing and qualified nonelective contributions to the Plan. During 2023, the Employer did not make any discretionary contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Employer's safe harbor matching, discretionary profit sharing and qualified nonelective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their voluntary contributions, safe harbor matching contributions, and discretionary qualified nonelective contributions plus actual earnings on these contributions. Vesting in the Employer's discretionary profit sharing contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 1. Description of the Plan (continued)

Vesting (continued)

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	50%
2 but less than 3	75%
3 or more	100%

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability or early retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants electing to receive benefits after the normal retirement age may choose either a lump-sum amount or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or roll over their account into another individual retirement account. The Plan permits in-service and hardship withdrawals under certain conditions.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and are considered nonparticipant-directed investments. Forfeitures may first be used to pay administrative expenses and then to reduce future Employer contributions. During 2023, no administrative expenses were reduced from forfeited nonvested accounts. As of December 31, 2023 and 2022, forfeited non-vested accounts held in the stable value advantage option totaled \$9,084 and \$8,497, respectively.

Note 2. Significant Accounting Policies

Basis of Accounting The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates. The most significant estimate affecting the Plan is the fair value of the investments.

Investment Valuation and Income Recognition – The Plan's investments, including the collective trusts, are reported at fair value except for its benefit-responsive investment contract, which is valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 2. Significant Accounting Policies (continued)

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make scheduled repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment recorded.

Contribution Receivables – A receivable is recorded for contributions with pay dates during the Plan year which are received by the Plan after year end. The receivable balance was \$4,530 for participant contributions and \$5,944 for employer contributions at December 31, 2023. The receivable balance was \$41,387 for participant contributions and \$24,290 for employer contributions at December 31, 2022.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in value of investments.

Note 3. Certified Information (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, to have certain information certified by the Trustee. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information and the supplemental schedule of assets (held at end of year), which was certified by the Trustee as complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Investment information included in the schedule H, line 4i-schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

Fair Value Measurements - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan can access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by the observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Except for the Plan obtaining collective trusts in 2022, there have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds - Valued at the net asset value (NAV) which equals the number of shares of the respective underlying fund, multiplied by the closing NAV per share quoted by that fund. The NAV is used as a practical expedient to estimate fair value.

Collective trusts - The collective trusts simulate the performance of guaranteed investment contracts through an issuer's guarantee of a specific interest rate and a portfolio of financial instruments that are owned by the issuer. This provides a stable value fund option for Plan participants. Net asset value represents contributions made to the fund, plus earnings, less participant withdrawals. Investments in the collective trust funds are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at each valuation date. As there is no readily determinable fair value and the trusts are valued at the NAV practical expedient, they are shown outside the fair value hierarchy. There are no unfunded commitments related to these investments. Participants withdrawing from their accounts for allowable events will receive the principal and accrued earnings. These events include transfers to other plan investment options and payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan. Certain events, such as plan termination or a plan merger initiated by the Plan Sponsor, may limit the ability of the Plan to transact at net asset value. The Plan Sponsor does not believe any events are probable that may limit the ability of the Plan to transact at net asset value.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of at fair value December 31:

As of December 31, 2023			
	Level 1	Level 2	Total Fair Value
Investments, at fair value			
Mutual funds	<u><u>\$ 2,088,158</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 2,088,158</u></u>
Investments measured at net asset value as a practical expedient*			<u><u>407,805</u></u>
Total investments at fair value			<u><u>\$ 2,495,963</u></u>
As of December 31, 2022			
	Level 1	Level 2	Total Fair Value
Investments, at fair value			
Mutual funds	<u><u>\$ 2,082,606</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 2,082,606</u></u>
Investments measured at net asset value as a practical expedient*			<u><u>224,023</u></u>
Total investments at fair value			<u><u>\$ 2,306,629</u></u>

* - In accordance with Subtopic 820-10, the Plan interest in the collective trusts is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by the Trustee and is based on the fair value of the underlying assets held by the funds. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes certain information about investments measured at fair value based on NAV per share, which is not readily determinable as of December 31, 2023 and 2022:

December 31, 2023				
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 407,805	n/a	Daily	None
December 31, 2022				
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	\$ 224,023	n/a	Daily	None

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 5. Group Annuity Contract

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract with the Trustee totaling \$220,050 and \$247,035 as of December 31, 2023 and 2022, respectively. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contract obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Employer or other Employer events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination' of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

Note 6. Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of the Trustee, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and participant contributions are considered to be party-in-interest transactions. Employer contributions are considered to be both party-in-interest and related party transactions. Fees paid by the Plan for the investment management services amounted to approximately \$26,000 for the year ended December 31, 2023.

HPCCA – Haig Point 401(k) Plan
Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

Note 8. Tax Status

The Plan's Trustee received an opinion letter from the Internal Revenue Service ("IRS"), dated November 14, 2022, which stated that the Plan in place satisfied the applicable provisions of the Internal Revenue Codes ("IRC"). The Plan has not been amended since receiving this determination letter, thus the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 10. Delinquent Employee Deferral Transmittals

As of December 31, 2023, the Employer failed to remit certain Plan contributions totaling \$11,533 within the periods prescribed by the DOL regulations, including certain loan repayments. Delays in remitting contributions to the custodian were due to administrative errors, and the contributions have not been repaid to the Plan as of the date of issuance. As of December 31, 2022, the Employer failed to remit certain Plan contributions totaling \$69,759 within the periods prescribed by the DOL regulations, including certain loan repayments. Delays in remitting contributions to the custodian were due to administrative errors, and the contributions were remitted to the Plan as of January 24, 2023.

Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, the date which the financial statements were available to be issued. As of this date, there were no material subsequent events requiring adjustment to or disclosure in the financial statements as of and for the year ended December 31, 2023.
