INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Greenlight Financial Technology, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Greenlight Financial Technology, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Greenlight Financial Technology, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Greenlight Financial Technology, Inc. (the Company). Employees become eligible to participate upon attaining the age of 18. The following employees are excluded from participating in the Plan: an employee covered under a collective bargaining agreement, leased employees, non-resident aliens, and interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2022.

Effective January 1, 2024, the Plan changed service providers to Fidelity Management Trust Company.

Contributions

Participants may elect to make pre-tax and/or Roth contributions up to 100% of eligible compensation as defined in the Plan document, not to exceed a maximum of \$22,500 in 2023, plus an additional \$7,500 for eligible employees age 50 or older by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Employees are automatically enrolled in the Plan on the first day of the following month upon meeting the eligibility requirements at a rate of 4% of eligible compensation, unless they elect otherwise.

The Plan provides for a safe harbor matching contribution of 100% of a participant's deferral not to exceed 4% of the participant's eligible compensation, as defined in the Plan document. The Company may make a discretionary matching contribution on behalf of all eligible employees. Additionally, the Company may make a non-elective discretionary contribution based on participant's eligible compensation, for eligible participants who are employed as of the last day of the Plan year. No discretionary matching or discretionary non-elective contributions were made in 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's safe harbor matching contributions, and earnings and losses on the investments in their account, and is charged with transaction fees for services received by the participant and certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any investment options offered by the Plan. Participants may change their

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may only have one note outstanding at any time. The notes are secured by the balance in the participant's account. At December 31, 2023, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions. All notes must be repaid immediately after termination of employment or death.

Payment of Benefits

At the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in their account. Participants that terminate employment and have an account balance less than \$5,000, will automatically receive a lump sum payment equal to the vested interest of their account.

Administrative Expenses

Administrative expenses paid by participants include distribution fees, loan fees, and other transaction fees. These expenses are paid to the service providers of the Plan and therefore qualify as party-in-interest transactions. The Plan document permits certain administrative expenses to be paid by the Plan. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's safe harbor matching contributions are considered payable to the Plan when the related participant's contribution is payable to the Plan. The Company's discretionary matching contribution and discretionary non-elective contribution are payable to the Plan after approval by the Company. Any unfunded participant or safe harbor matching contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contribution receivables. The Company determined that no allowance for credit losses is necessary as of December 31, 2023 and 2022.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make notes receivable repayments and the plan administrator deems the notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), including investments held and notes receivable from participants at December 31, 2023 and 2022, and net change in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, the Plan's qualified institution.

4. Investments

Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds, exchange-traded funds, and money market funds are stated at quoted market prices for the identical security in an active market (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 18,427,464	\$ 12,621,342
Exchange-traded funds	5,837,170	3,391,530
Money market funds	156,227	125,032
Total investments	\$ 24,420,861	\$ 16,137,904

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

6. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) document prepared by Vestwell Holdings Inc. (Vestwell). The Internal Revenue Service has opined and informed Vestwell, by a letter dated March 14, 2022, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Greenlight Financial Technology, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Greenlight Financial Technology, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Greenlight Financial Technology, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Greenlight Financial Technology, Inc. (the Company). Employees become eligible to participate upon attaining the age of 18. The following employees are excluded from participating in the Plan: an employee covered under a collective bargaining agreement, leased employees, non-resident aliens, and interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2022.

Effective January 1, 2024, the Plan changed service providers to Fidelity Management Trust Company.

Contributions

Participants may elect to make pre-tax and/or Roth contributions up to 100% of eligible compensation as defined in the Plan document, not to exceed a maximum of \$22,500 in 2023, plus an additional \$7,500 for eligible employees age 50 or older by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Employees are automatically enrolled in the Plan on the first day of the following month upon meeting the eligibility requirements at a rate of 4% of eligible compensation, unless they elect otherwise.

The Plan provides for a safe harbor matching contribution of 100% of a participant's deferral not to exceed 4% of the participant's eligible compensation, as defined in the Plan document. The Company may make a discretionary matching contribution on behalf of all eligible employees. Additionally, the Company may make a non-elective discretionary contribution based on participant's eligible compensation, for eligible participants who are employed as of the last day of the Plan year. No discretionary matching or discretionary non-elective contributions were made in 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's safe harbor matching contributions, and earnings and losses on the investments in their account, and is charged with transaction fees for services received by the participant and certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any investment options offered by the Plan. Participants may change their

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may only have one note outstanding at any time. The notes are secured by the balance in the participant's account. At December 31, 2023, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions. All notes must be repaid immediately after termination of employment or death.

Payment of Benefits

At the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in their account. Participants that terminate employment and have an account balance less than \$5,000, will automatically receive a lump sum payment equal to the vested interest of their account.

Administrative Expenses

Administrative expenses paid by participants include distribution fees, loan fees, and other transaction fees. These expenses are paid to the service providers of the Plan and therefore qualify as party-in-interest transactions. The Plan document permits certain administrative expenses to be paid by the Plan. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's safe harbor matching contributions are considered payable to the Plan when the related participant's contribution is payable to the Plan. The Company's discretionary matching contribution and discretionary non-elective contribution are payable to the Plan after approval by the Company. Any unfunded participant or safe harbor matching contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contribution receivables. The Company determined that no allowance for credit losses is necessary as of December 31, 2023 and 2022.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make notes receivable repayments and the plan administrator deems the notes receivable to be in default, the notes receivable balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), including investments held and notes receivable from participants at December 31, 2023 and 2022, and net change in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, the Plan's qualified institution.

4. Investments

Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, etc. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Greenlight Financial Technology, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds, exchange-traded funds, and money market funds are stated at quoted market prices for the identical security in an active market (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 18,427,464	\$ 12,621,342
Exchange-traded funds	5,837,170	3,391,530
Money market funds	156,227	125,032
Total investments	\$ 24,420,861	\$ 16,137,904

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

6. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) document prepared by Vestwell Holdings Inc. (Vestwell). The Internal Revenue Service has opined and informed Vestwell, by a letter dated March 14, 2022, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.
