## Report of Independent Auditors

The Plan Administrative Committee of  
Affiliated Thrift Plan of Purity Oilfield Services, LLC

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Affiliated Thrift Plan of Purity Oilfield Services, LLC (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Affiliated Thrift Plan of Purity Oilfield Services, LLC's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Affiliated Thrift Plan of Purity Oilfield Services, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Affiliated Thrift Plan of Purity Oilfield Services, LLC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Affiliated Thrift Plan of Purity Oilfield Services, LLC's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Affiliated Thrift Plans of Purity Oilfield Services, LLC's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Emphasis of Matter – Plan Termination***

The accompanying financial statements have been prepared under the assumption the Plan will continue as a going concern. As discussed in Note 1 to the financial statements, the Plan Committee voted to terminate the Plan effective April 1, 2023, which indicates the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not affected with respect to this matter.

#### ***Other Matter***

##### *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Note 1 – Description of Plan

The following description of the Affiliated Thrift Plan of Purity Oilfield Services, LLC (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

**General** – Effective April 30, 2013, Purity Oilfield Services, LLC (the Plan Sponsor) approved the adoption of a defined contribution plan. The purpose of the Plan is to encourage eligible employees to systematically accumulate earnings and to supplement their retirement, disability, and other benefits.

**Plan termination** – In July 2022, the Plan Sponsor sold the Company and effective December 31, 2022, all employees were transferred to the acquiring Company or terminated. Effective April 1, 2023, the Plan Sponsor approved termination of the Plan. Effective December 31, 2022, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. Existing employees as of December 31, 2022, may roll their balance into the acquiring entity's qualified plan, roll their balance to another qualified retirement vehicle, or request a lump-sum distribution of their balance. Material balances were distributed as of September 30, 2023. The Plan will remain open until all participants' balances have been distributed.

**Eligibility** – Employees are eligible to participate in the Plan on the first day of the month following completion of three months of employment. Employees are required to be at least 18 years of age to be eligible to participate in the Plan. When an employee first becomes eligible to participate in the Plan, unless the employee otherwise elects, the employee is automatically enrolled in the Plan with a pre-tax contribution rate of 2% of pay.

**Plan administration** – The Plan is administered by a committee appointed by the Plan Sponsor. The Plan has contracted John Hancock Retirement Plan Services (John Hancock) to act as third-party administrator to process and maintain the records of participant data, and John Hancock Trust Company, LLC maintains custody of and certifies the Plan's assets.

**Certified assets** – The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosures* under ERISA. Accordingly, John Hancock Trust Company, LLC (the Trustee) has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- The net appreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

### **Notes to Financial Statements**

---

**Contributions** – Each eligible employee may elect to contribute to the Plan on a pre-tax, Roth after-tax, and/or after-tax basis of such participant's compensation provided, however, that in no event shall any such participant be permitted to contribute more than 50% of his compensation for any Plan year. Each participant who is a highly-compensated employee may elect to contribute to the Plan on a pre-tax, Roth after-tax, and/or after-tax basis from 2% to 16% of such participant's compensation. Participants over 50 years old may make additional catch up contributions. Contributions are subject to regulatory limitations. The Plan Sponsor matches 100% of the first 8% contributed to the Plan, except on catch-up contributions, regardless of length of employee service.

**Participant accounts** – Each participant's account is credited with the participant's contributions, rollover contributions, employer matching contributions, and account earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into a variety of investment options offered by the Plan.

**Forfeitures** – Matching contributions forfeited by terminated participants are used by the Plan Sponsor to offset administrative expenses and future matching contributions. At December 31, 2023, there were no unallocated forfeited accounts held in investments. At December 31, 2022, unallocated forfeited accounts held in investments totaled \$30,047. During the year ended December 31, 2022, forfeitures totaling \$30,047 were used to fund employer matching contributions, administrative expenses, and reimbursed to participants upon termination of the Plan.

**Withdrawals** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participating employee can make withdrawals from his or her account for hardship withdrawals, under the safe harbor guidance or upon attainment of age 59 ½ years. If the participant's account does not exceed \$5,000 at time of termination or if a timely election is not made, the account will automatically be rolled over to an IRA account selected by the Plan administrator.

**Notes receivable from participants** – Participating employees can apply for a loan from their 401(k), Roth 401(k), or savings accounts by phone or internet. The amount of any such loan cannot exceed the lesser of 50% of the value of the participant's vested interest in his or her 401(k) or \$50,000 reduced by the excess of the highest outstanding loan balances during the past year over the outstanding balance of loans on the date on which such loan is made. For purposes of the \$50,000 limitation, all outstanding loans to a participant are aggregated. Plan loans must be repaid within five years; however, if the loan is used to acquire the principal residence of the participant, the loan may be repaid over a period not to exceed 15 years. The interest rate charged on any loan is fixed and will be equal to the "local prevailing commercial interest rate."

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The Plan’s financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

**Use of estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Risks and uncertainties** – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant’s account balance and the amounts reported in the statements of net assets available for benefits.

**Investment valuation** – The investments are reported at fair value and contract value. The Plan’s trustee, John Hancock Trust Company, LLC, certifies the contract value of the guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – The Plan’s administrative expenses may be paid out of the forfeiture account or paid by the Plan Sponsor. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

#### Note 3 – Fair Value Measurements

Accounting standards provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts* – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### **Note 4 – Guaranteed Investment Contract with Insurance Company**

In 2013, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with New York Life Insurance Company (New York Life). New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semi-annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents that could have an adverse financial, legal or administrative impact on the obligations of the Plan, (2) a plan change that materially alters the amount of contributions or withdrawals to be directed in or out of the contract, (3) a change in the Plan's investment options, (4) a change in the frequency of transfers among the Plan's investment options, or (5) premature termination of the contract. In connection with the Plan termination, effective August 4, 2023, the FBRIC was terminated and paid out as a lump sum at contract value.

#### **Note 5 – Tax Status**

The Internal Revenue Service (IRS) has determined and informed the participating employer by a letter dated July 6, 2017, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 6 – Exempt Party-in-Interest Transactions**

Certain Plan investments are managed by the Trustee. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions qualify as exempt party-in-interest transactions.

#### **Note 7 – Subsequent Events**

We have evaluated subsequent events through October 3, 2024, the date that these financial statements were available for issuance. There were no other material subsequent events as of that date.
