INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Defined Contribution Retirement Plan of Moses Cone Health System

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Defined Contribution Retirement Plan of Moses Cone Health System (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEFINED CONTRIBUTION RETIREMENT PLAN OF MOSES CONE HEALTH SYSTEM

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2023 AND 2022, AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF PLAN

The following description of Defined Contribution Retirement Plan of Moses Cone Health System (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General—Substantially all employees of Cone Health and Affiliates, previously the Moses Cone Health System, (the “System”) who have attained one year of service are eligible to participate in the Plan. An eligible employee becomes a participant in the Plan effective as of the next January 1, April 1, July 1, or October 1, after which such employee meets the eligibility requirement. Effective December 31, 2009, the Plan’s sponsor changed from The Moses H. Cone Memorial Hospital Operating Corporation (the “Hospital”). An affiliated entity with the Hospital must have the consent of the Hospital and execute a supplemental participation agreement with the Hospital in order to become a participating employer under the Plan. The Retirement Plan Committee of the Moses Cone Health System manage the operation and administration of the Plan. VALIC Trust Company, Inc. (VTC) serves as the trustee for the Plan. The Variable Annuity Life Insurance Company (VALIC), doing business as Corebridge Financial, serves as the recordkeeper for the Plan. VTC and VALIC serve as asset custodians for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions—For each participant, the System contributes a discretionary amount as determined by the System. For the year ended December 31, 2023, the System contributed a basic contribution equal to 2% of compensation of all eligible participants for the Plan year. A participant must be employed on the last day of the Plan year and have completed 1,000 hours or more of service during the Plan year to receive an allocation of the System’s contribution. Contributions are subject to certain Internal Revenue Code (IRC) Limitations.

The Plan allows participants to rollover distributions from certain other qualified plans, individual retirement accounts, and individual retirement annuities. Additionally, for participants participating in The Employees’ Retirement Plan of The Moses H. Cone Memorial Hospital System on December 31, 2011, and actively employed by the System on December 31, 2011, they may be eligible to receive Pension Contributions (the “Pension Transition credits”). Effective January 1, 2023, Pension transition credits were discontinued.

Investments—Participants may direct the discretionary employer contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers mutual funds and one group-fixed unallocated annuity contract (Annuity Contract).

Participant Loans—Participants are not eligible to receive loans from the Plan.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with an allocation of the System’s contributions and Plan earnings and charged with

benefits payments and allocations of Plan losses and administrative expenses, if any. Allocations are based on each participant's compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Vesting in the System's discretionary contributions to participants' accounts is based on years of credited service. A participant is 100% vested after three years of credited service. Participants are immediately vested in the Plan's Pension transition credit contributions.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan document, represents a forfeiture. Forfeited balances of terminated participants are used to pay administrative expenses of the Plan or reduce the System's contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$28,054 and \$3,561, respectively. During 2023, \$21,676 from the forfeited nonvested accounts was used to pay administrative expenses, and \$1,615 was used to reduce the System's contributions.

Distribution of Benefits—Upon termination of service due to death, disability, or retirement, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, equal installments over a fixed reasonable period of time, a straight-life annuity, or a qualified joint and survivor annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution if the nonforfeitable account balance does not exceed \$5,000, nor has ever exceeded \$5,000. If the nonforfeitable account balance exceeds \$5,000, the participant may elect the form and timing of the distribution.

2. ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options, including mutual funds and an Annuity Contract to its participants. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Fair Value Measurements—The Plan uses the framework established by the Financial Accounting Standards Board (FASB) for measuring fair value and disclosures about fair value measurements. The Plan uses fair value measurements in areas that include, but are not limited to, the valuation and impairment of short-term and long-term investments.

GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Additionally, the inputs used to measure fair value are prioritized based on a three-level hierarchy. This hierarchy requires

entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1—Valuations based on unadjusted quoted prices for identical instruments in active markets that are available as of the measurement date

Level 2—Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly

Level 3—Valuations based on inputs that are unobservable and significant to the overall fair value measurement

Transfers between Levels—The availability of market observable data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or valuation methodologies may require the transfer of financial instruments from one fair value hierarchy level to another. In such instances, the transfer would be reported at the beginning of the reporting period.

Valuation methods for the primary fair value measurements disclosed below are as follows:

Employer Contribution Receivable—The carrying amount approximates fair value because of the short maturity of these instruments.

Mutual Funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment Income Recognition—The Plan presents in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan's investment in the Annuity Contract is stated at contract value. See Note 5 for additional discussion of contract value. The value of the Plan's investment in the Annuity Contract is included within Participant-directed investments—at contract value on the statements of net assets available for benefits.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. At December 31, 2023 and 2022, there were \$37,016 and \$146,993, respectively, in distributions requested but not yet paid.

Contributions—System discretionary contributions are recorded when earned.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the System as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments in the mutual funds and the Annuity Contract are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Other expenses include administrative fees, consultant fees, and service fees which are charged to the participants.

Subsequent Events—For the year ended December 31, 2023, subsequent events were evaluated through October 08, 2024, the date the financial statements were available to be issued. No such subsequent events have been identified that would require adjustment or disclosure in the financial statements.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information as of December 31, 2023 and 2022 and for the year ended December 31, 2023 included in the Plan's financial statements and supplemental schedule, that was prepared by VTC and VALIC, the asset custodians of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the asset custodians that such information is complete and accurate.

	2023	2022
Investments:		
Participant-directed investments—at fair value	\$ 198,964,348	\$ 172,038,120
Participant-directed investments—at contract value	28,388,596	31,031,001
	2023	
Investment income:		
Net appreciation in fair value of investments	\$ 25,905,667	
Interest and dividends	8,105,572	

In addition, the information in Note 4 and the information in the supplemental schedule of assets (held at end of year) was certified by VTC and VALIC, except for the allocation of investments within the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS

A summary of the Plan's investments measured at fair value, set forth by level within the fair value hierarchy, on a recurring basis at December 31, 2023 and 2022, is as follows:

Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurements As of December 31,	
	2023	2022
Mutual funds:		
Fixed-income funds	\$ 40,023,784	\$ 35,496,116
Domestic stock funds	137,461,328	117,472,791
International stock funds	20,237,242	17,872,152
Balanced funds	<u>1,241,994</u>	<u>1,197,061</u>
Total investments stated at fair value	<u>\$ 198,964,348</u>	<u>\$ 172,038,120</u>

5. GROUP-FIXED UNALLOCATED ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2003, the Plan entered into a fully benefit-responsive Annuity Contract with VALIC. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group-fixed unallocated annuity contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the Annuity Contract. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the System has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the System by a letter dated July 2, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the letter, however, the System and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RELATED-PARTY TRANSACTIONS

Certain Plan investments are sponsored by VTC, the trustee and an asset custodian of the Plan, and VALIC, an asset custodian of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Total fees paid by the Plan to VALIC amounted to \$111,227 for the year ended December 31, 2023. The Plan also has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees earned by the manager to the recordkeeper to offset participants administrative expenses.
