Report of Independent Auditors

To the Plan Administrator of
Magnetar Capital LLC Profit Sharing and 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Magnetar Capital LLC Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Magnetar Capital LLC (the "Company") Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Company is the plan sponsor.

General

The Plan is a defined-contribution plan, established January 1, 2006 and amended from time to time, for all employees except union employees, nonresident aliens with no income from a United States of America source, leased employees and independent contractors. The Plan was adopted by the management of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective July 1, 2019, the Plan engaged Fidelity Management Trust Company as the Trustee and Fidelity Workplace Services LLC as the Recordkeeper. The Plan Administrator of the Plan is the Company. Effective November 9, 2021, the Plan's name was amended to Magnetar Capital LLC Profit Sharing and 401(k) Plan from Magnetar Capital LLC 401(k) Profit Sharing Plan.

Contributions

After an employee, age 21 or over, completes 3 months of service, they are eligible to be a participant in the Plan on the first day of the first month following the completion of the 3-month service requirement. Each year, participants may make basic contributions of 0% to 100% of eligible pretax compensation, as defined in the Plan document, up to \$22,500 for year ended December 31, 2023. Participants age 50 or over are eligible to make catch-up contributions of 0% to 100% of eligible pretax compensation, an additional \$7,500 for year ended December 31, 2023. In addition, participants may also make special deferrals with respect to bonuses up to 100% of the bonus. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover contributions). Participants may designate some or all of their contributions as post-tax Roth contributions.

The Company contributes on behalf of the participant a matching contribution of \$1.00 for each \$1.00 contributed by the participant, up to a maximum contribution by the participant of either (i) 4% of the participant's eligible compensation or (ii) the applicable annual IRS limit, whichever is less. At its discretion, the Company may make an additional matching contribution for eligible participants. All contributions are made in cash and are deposited quarterly.

All contributions are subject to annual Internal Revenue Service (IRS) limits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings (losses) related to their investment allocations. Any other Plan earnings (losses) are allocated to the participant based on a pro-rata allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in any participant or employer contributions.

Investment Options

Investment options for participant contributions consist of selected mutual funds available via the Plan. In addition, participants may elect to use participant-directed brokerage accounts which allows them to make their own investment decisions limited to permissible investments, including mutual funds and money market funds, as specified in the Plan document.

Participants may change their investment options on any business day.

Notes to Financial Statements
December 31, 2023 and 2022 and Year Ended December 31, 2023

Benefit Payments

In the event of retirement (as defined), death, permanent disability, or termination of employment, the balance in the participant's account will be distributed to the participant or the participant's beneficiary in a single lump-sum cash payment, or as a partial withdrawal only with respect to a required minimum distribution under Code Section 409(a)(9). Should a terminated participant's vested account balance equal less than \$1,000, the respective participant's vested account balance can be automatically distributed without participant consent. In-service withdrawals are available to participants for immediate and heavy financial need (as defined). The Plan also allows for age 59 1/2 withdrawals (as defined).

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Expenses that are paid by the Company are excluded from these financial statements.

Notes Receivable from Participants

A participant may borrow an amount up to the lesser of \$50,000 or 50% of their vested account balance. Each participant is only allowed one loan at a time, and the minimum loan is \$1,000. Such loans, which are payable over a term specified by the Plan, bear interest at 4.25% to 9.50% as of December 31, 2023 and December 31, 2022, as established in accordance with the Plan. Interest income is recorded as earned and allocated to borrower accounts. The loans are secured by the participant's account balance in the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, eligible participants are entitled to the distribution of their account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

Net appreciation (depreciation) in the fair value of investments consists of gains and losses on investments bought and sold during the year as well as held during the year.

December 31, 2023 and 2022 and Year Ended December 31, 2023

Management fees and operating expenses charged by the advisor of the registered investment funds are included in the calculation of the net asset value of each fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Participant contributions are made through payroll deductions and are recorded when the contributions are withheld.

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees are charged against individual borrower's plan assets. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For the year ended December 31, 2023, there were \$0 of deemed distributions due to participant loans in default (2022: \$3,153). No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Information Certified by the Trustee

The investment assets of the Plan at December 31, 2023 and 2022 were held, and all transactions for the plan year ending December 31, 2023 and 2022 were executed, by Fidelity Management Trust Company under the terms of the trust agreement.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified as complete and accurate all investments and notes receivable from participants information included in the accompanying financial statements and the Schedule H, line 4i- Schedule of Assets (Held at End of Year). Information included in the accompanying financial statements relating to investments and notes receivable from participants and the corresponding income was prepared by, or derived from, information prepared by the Trustee of the Plan and furnished to the Company. The Company has obtained a certification from Fidelity Management Trust Company as of December 31, 2023 and December 31, 2022, and for the year ended December 31, 2023 that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants, and net appreciation in fair value of investments as shown on the accompanying statement of net assets available for benefits and statement of changes in net assets available for benefits, respectively.

5. Fair Value Measurements

The accounting guidance for fair value measurements and disclosures of financial instruments establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

An investment's level within the fair value hierarchy is based on the lowest level of any input, individually or in the aggregate that is significant to the fair value measurement.

As of December 31, 2023 compared with December 31, 2022, Plan investments measured at fair value were as follows:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 4,361,996	\$ -	\$ -	\$ 4,361,996
Mutual funds	68,256,431	-	-	68,256,431
Participant-directed brokerage accounts	3,428,083	-	-	3,428,083
Total investments at fair value	\$ 76,046,510	\$ -	\$ -	\$ 76,046,510

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 3,530,103	\$ -	\$ -	\$ 3,530,103
Mutual funds	56,428,371	-	-	56,428,371
Participant-directed brokerage accounts	2,918,520	-	-	2,918,520
Total investments at fair value	\$ 62,876,994	\$ -	\$ -	\$ 62,876,994

Mutual funds, exchange traded funds, and money market funds were valued at quoted market prices on an open exchange or net asset value as computed by the applicable fund company, which represent the fair value of shares held by the Plan at year end, and were classified as Level 1 investments. As of December 31, 2023, included within participant-directed brokerage accounts are \$1,322,630 of mutual funds (2022: \$1,080,968), \$440,048 of money market funds (2022: \$109,082), and \$1,665,080 of exchange traded funds

(2022: \$1,661,520). The participant-directed brokerage accounts had \$325 of non-interest bearing cash (2022: \$66,950).

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers between levels in 2023.

6. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

Certain Plan investments are shares of registered investment funds managed by an affiliate of the Trustee. The affiliate may receive revenue from those investment funds which they manage. Additionally, certain participants have loans outstanding to the Plan. Transactions involving these investments and notes receivable from participants qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

Management has evaluated subsequent events for the Plan through September 18, 2024 the date the financial statements were available to be issued, and has concluded that there are no recognized or non-recognized subsequent events relevant for financial statement recognition or disclosure.
