Report of Independent Auditors

The Retirement Investment Sub-Committee of
Broadcom U.S. 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Broadcom U.S. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Broadcom U.S. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Broadcom U.S. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Broadcom U.S. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Broadcom U.S. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Broadcom U.S. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Broadcom U.S. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a qualified defined contribution plan sponsored by Broadcom Inc. (the Company) covering all employees of the Company, except leased employees, employees who are covered by a collective bargaining agreement, residents of Puerto Rico, nonresident aliens who receive no earned income from the Company within the United States, and employees who do not appear on the United States payroll of the Company. An eligible employee may participate in the Plan as of the entry date, as defined in the Plan document, after completing one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company has appointed the Retirement Investment Sub-Committee (the Committee) to manage the operation and administration of the Plan. The Company has appointed Fidelity Management Trust Company (Fidelity) to act as the trustee and custodian of the Plan assets.

Contributions

Participant contributions – Eligible participants are automatically enrolled at a 6% pre-tax contribution rate unless they elect otherwise. A 1% automatic increase to participant's salary deferral contribution percentage is applied on the first pay period after each July 1st of each plan year, until the participant's contribution percentage reaches the maximum of 10%, unless elected otherwise. Participants may elect to contribute up to 90% of their compensation to the Plan, subject to the limits of the Internal Revenue Code (the Code) (\$22,500 for 2023). Participants may request changes in their contribution percentages and in their allocation of investment funds at any time.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions subject to the limits of the Code (\$7,500 for 2023).

Participants may also elect to defer Roth 401(k) contributions and after-tax contributions. Roth 401(k) contributions and after-tax contributions are subject to the same plan limits and tax law limits applicable to pre-tax deferral contributions. Participant contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Participants are also permitted to make rollover contributions of amounts received from other qualified employer-sponsored retirement plans.

Employer match contributions – The Company makes non-discretionary matching contributions in an amount equal to 100% of each participant's pre-tax and Roth contributions, including catch-up contributions, up to the first 6% of the participant's eligible compensation.

The Company may make additional discretionary nonelective contributions, subject to Internal Revenue Service (IRS) limitations. The Company did not make any discretionary nonelective contributions during the year ended December 31, 2023.

Participant accounts – Upon enrollment, participants can elect various investment options provided by the Plan. Participants may change their investment elections at any time.

Individual participant accounts are credited with applicable participant contributions, allocation of the Company's contributions, the Plan's applicable investment earnings, and are charged with an allocation of certain administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon. Certain historical vesting schedules remain in place for accounts transferred from merged plans, as defined in the Plan document.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range up to 5 years or up to 15 years for the purchase of a primary residence. Participants may not have more than two loans outstanding at any time. The loans are secured by the balance in the participant's accounts. The loan interest rate, determined monthly, is set at the prime rate plus 1%, as established by the Plan administrator. Principal and interest is paid ratably through payroll deductions. At December 31, 2023, notes receivables from participants carried an interest rate range of 4.25% to 9.50%, maturing through December 2038.

Payment of benefits – Upon termination of service due to severance of employment, death, disability, or retirement, a participant may elect to receive either a lump sum amount, installments or partial payments equal to the vested value of the participant's account. Should an election not be received, the Plan will distribute balances of less than \$1,000 in lump-sum distributions. Balances over \$1,000 but less than \$5,000, unless specified by the terminated participants, will be paid to the participants in a direct rollover to an individual retirement plan designated by the plan administrator.

Forfeitures – At December 31, 2023 and 2022, forfeited amounts totaled approximately \$1,050,000 and \$417,000, respectively. These accounts may be used to reduce future employer contributions. In 2023, no forfeitures were used to reduce employer contributions.

Revenue credit payments – Fidelity, the trustee, may receive revenue sharing payments from register investment companies and common/collective trusts in which the Plan invests. To the extent revenue sharing payments are received by the trustee, a plan account will be established to receive these amounts which are to be used to pay administrative expenses. If such amounts remain after the payment of administrative expenses, the plan administrator is to allocate such amounts to participants as additional earnings of the Plan. At December 31, 2023 and 2022, the unallocated balances of revenue sharing amounts were approximately \$351,000 and \$78,000, respectively. Revenue credits used to pay the Plan's administrative expenses during 2023 was approximately \$329,000.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – A portion of the Plan's administrative expenses are paid by the Company. Expenses paid by the Company are not included in these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds – Valued at a quoted price which represents the net asset value (NAV) of shares held by the Plan at year end. The quoted price is considered a Level 1 input.

Self-directed brokerage accounts – Consist of common stocks, mutual funds, and units of investment purchased on the open market. These investments are valued on the basis of readily determinable market prices and considered Level 1 investments. Common stocks are valued at the closing price reported on the active market in which the individual securities are traded. Mutual funds and units are valued at NAV of shares held by the Plan at year end. The account also includes preferred stocks, corporate bonds, U.S. government securities and certificates of deposit which use significant inputs, including benchmarks, yields, broker-dealer quotes, issuer spreads, bids, offers and measures of volatility, obtained by third-party dealers or independent pricing services to determine fair values and are classified within Level 2.

Registered investment companies – Valued at the daily closing price as reported by the fund. Registered investment companies assets held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies assets held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in common/collective trusts (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. The CCTs may be redeemed daily.

Stable value fund: A stable value fund (also considered a CCT) that is composed primarily of fully benefit-responsive investment contracts and is valued using the NAV practical expedient, an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily at NAV. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value at December 31, 2023

(*) In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10, certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 19, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 7 – PARTY-IN-INTEREST

Certain Plan investments are managed by an affiliate of Fidelity. Fidelity is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative expenses to Fidelity totaling approximately \$567,000 during the year ended December 31, 2023. The Plan extends loans to participants who are considered parties-in-interest; therefore, these transactions qualify as party-in-interest transactions.

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

The Plan includes a self-directed brokerage account (brokerage accounts) option through Fidelity. Included in the brokerage accounts are investments in common stocks of Broadcom Inc. at December 31, 2023, totaling approximately \$285,000. There were no investments in common stocks of Broadcom Inc. included in the brokerage accounts at December 31, 2022.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to receive the full value of their individual participant accounts.

NOTE 9 – RECONCILIATION TO FORM 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

NOTE 10 – SUBSEQUENT EVENTS

In November 2023, the Company acquired VMware, Inc. Effective December 31, 2023, contributions to the VMware Inc. 401(k) Savings Plan (the VMware Plan) were frozen and all eligible employees of VMware, Inc. became eligible to participate in the Plan on January 1, 2024. The Board of Directors of the Company approved the merger of the VMware Plan with the Plan and assets of approximately \$4,080,343,000, which includes participant loans of approximately \$23,745,000, were transferred into the Plan in April 2024.

The Plan has evaluated subsequent events through August 19, 2024, the date that these financial statements were available for issuance.

Report of Independent Auditors

The Retirement Investment Sub-Committee of
Broadcom U.S. 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Broadcom U.S. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Broadcom U.S. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Broadcom U.S. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Broadcom U.S. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Broadcom U.S. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Broadcom U.S. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Broadcom U.S. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a qualified defined contribution plan sponsored by Broadcom Inc. (the Company) covering all employees of the Company, except leased employees, employees who are covered by a collective bargaining agreement, residents of Puerto Rico, nonresident aliens who receive no earned income from the Company within the United States, and employees who do not appear on the United States payroll of the Company. An eligible employee may participate in the Plan as of the entry date, as defined in the Plan document, after completing one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company has appointed the Retirement Investment Sub-Committee (the Committee) to manage the operation and administration of the Plan. The Company has appointed Fidelity Management Trust Company (Fidelity) to act as the trustee and custodian of the Plan assets.

Contributions

Participant contributions – Eligible participants are automatically enrolled at a 6% pre-tax contribution rate unless they elect otherwise. A 1% automatic increase to participant's salary deferral contribution percentage is applied on the first pay period after each July 1st of each plan year, until the participant's contribution percentage reaches the maximum of 10%, unless elected otherwise. Participants may elect to contribute up to 90% of their compensation to the Plan, subject to the limits of the Internal Revenue Code (the Code) (\$22,500 for 2023). Participants may request changes in their contribution percentages and in their allocation of investment funds at any time.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions subject to the limits of the Code (\$7,500 for 2023).

Participants may also elect to defer Roth 401(k) contributions and after-tax contributions. Roth 401(k) contributions and after-tax contributions are subject to the same plan limits and tax law limits applicable to pre-tax deferral contributions. Participant contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Participants are also permitted to make rollover contributions of amounts received from other qualified employer-sponsored retirement plans.

Employer match contributions – The Company makes non-discretionary matching contributions in an amount equal to 100% of each participant's pre-tax and Roth contributions, including catch-up contributions, up to the first 6% of the participant's eligible compensation.

The Company may make additional discretionary nonelective contributions, subject to Internal Revenue Service (IRS) limitations. The Company did not make any discretionary nonelective contributions during the year ended December 31, 2023.

Participant accounts – Upon enrollment, participants can elect various investment options provided by the Plan. Participants may change their investment elections at any time.

Individual participant accounts are credited with applicable participant contributions, allocation of the Company's contributions, the Plan's applicable investment earnings, and are charged with an allocation of certain administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon. Certain historical vesting schedules remain in place for accounts transferred from merged plans, as defined in the Plan document.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range up to 5 years or up to 15 years for the purchase of a primary residence. Participants may not have more than two loans outstanding at any time. The loans are secured by the balance in the participant's accounts. The loan interest rate, determined monthly, is set at the prime rate plus 1%, as established by the Plan administrator. Principal and interest is paid ratably through payroll deductions. At December 31, 2023, notes receivables from participants carried an interest rate range of 4.25% to 9.50%, maturing through December 2038.

Payment of benefits – Upon termination of service due to severance of employment, death, disability, or retirement, a participant may elect to receive either a lump sum amount, installments or partial payments equal to the vested value of the participant's account. Should an election not be received, the Plan will distribute balances of less than \$1,000 in lump-sum distributions. Balances over \$1,000 but less than \$5,000, unless specified by the terminated participants, will be paid to the participants in a direct rollover to an individual retirement plan designated by the plan administrator.

Forfeitures – At December 31, 2023 and 2022, forfeited amounts totaled approximately \$1,050,000 and \$417,000, respectively. These accounts may be used to reduce future employer contributions. In 2023, no forfeitures were used to reduce employer contributions.

Revenue credit payments – Fidelity, the trustee, may receive revenue sharing payments from register investment companies and common/collective trusts in which the Plan invests. To the extent revenue sharing payments are received by the trustee, a plan account will be established to receive these amounts which are to be used to pay administrative expenses. If such amounts remain after the payment of administrative expenses, the plan administrator is to allocate such amounts to participants as additional earnings of the Plan. At December 31, 2023 and 2022, the unallocated balances of revenue sharing amounts were approximately \$351,000 and \$78,000, respectively. Revenue credits used to pay the Plan's administrative expenses during 2023 was approximately \$329,000.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – A portion of the Plan's administrative expenses are paid by the Company. Expenses paid by the Company are not included in these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds – Valued at a quoted price which represents the net asset value (NAV) of shares held by the Plan at year end. The quoted price is considered a Level 1 input.

Self-directed brokerage accounts – Consist of common stocks, mutual funds, and units of investment purchased on the open market. These investments are valued on the basis of readily determinable market prices and considered Level 1 investments. Common stocks are valued at the closing price reported on the active market in which the individual securities are traded. Mutual funds and units are valued at NAV of shares held by the Plan at year end. The account also includes preferred stocks, corporate bonds, U.S. government securities and certificates of deposit which use significant inputs, including benchmarks, yields, broker-dealer quotes, issuer spreads, bids, offers and measures of volatility, obtained by third-party dealers or independent pricing services to determine fair values and are classified within Level 2.

Registered investment companies – Valued at the daily closing price as reported by the fund. Registered investment companies assets held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies assets held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in common/collective trusts (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. The CCTs may be redeemed daily.

Stable value fund: A stable value fund (also considered a CCT) that is composed primarily of fully benefit-responsive investment contracts and is valued using the NAV practical expedient, an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily at NAV. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value at December 31, 2023

(*) In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10, certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 19, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 7 – PARTY-IN-INTEREST

Certain Plan investments are managed by an affiliate of Fidelity. Fidelity is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative expenses to Fidelity totaling approximately \$567,000 during the year ended December 31, 2023. The Plan extends loans to participants who are considered parties-in-interest; therefore, these transactions qualify as party-in-interest transactions.

Broadcom U.S. 401(k) Plan

Notes to Financial Statements

The Plan includes a self-directed brokerage account (brokerage accounts) option through Fidelity. Included in the brokerage accounts are investments in common stocks of Broadcom Inc. at December 31, 2023, totaling approximately \$285,000. There were no investments in common stocks of Broadcom Inc. included in the brokerage accounts at December 31, 2022.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to receive the full value of their individual participant accounts.

NOTE 9 – RECONCILIATION TO FORM 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

NOTE 10 – SUBSEQUENT EVENTS

In November 2023, the Company acquired VMware, Inc. Effective December 31, 2023, contributions to the VMware Inc. 401(k) Savings Plan (the VMware Plan) were frozen and all eligible employees of VMware, Inc. became eligible to participate in the Plan on January 1, 2024. The Board of Directors of the Company approved the merger of the VMware Plan with the Plan and assets of approximately \$4,080,343,000, which includes participant loans of approximately \$23,745,000, were transferred into the Plan in April 2024.

The Plan has evaluated subsequent events through August 19, 2024, the date that these financial statements were available for issuance.
