Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the KLM Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from T. Rowe Price Trust Company, the trustee of the Plan and custodian of Plan investments, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

KLM Retirement Savings Plan

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by T. Rowe Price Trust Company, the trustee of the Plan and custodian of Plan investments, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by T. Rowe Price Trust Company, the trustee of the Plan and custodian of the Plan investments, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KLM Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Description of Plan

The following is a brief description of the KLM Retirement Savings Plan (the “Plan”). Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution pension plan sponsored by KLM Royal Dutch Airlines (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (“ERISA”), as amended. Administration of the Plan is provided by a committee of four people (two appointed by the Company and two elected by the Plan’s participants) called the KLM Retirement Plan Committee (the Committee). Plan amendments, including termination provisions, require the consent of the Committee and two-thirds of the Plan’s participants. The Plan’s assets are held in a trust administered by T. Rowe Price Trust Company (the Trustee).

Eligibility

The Plan is available to all full-time regular and part-time regular KLM Royal Dutch Airlines or KLM U.S.A. subsidiary personnel working within the United States or temporarily working outside of the United States who are not eligible for membership in any other KLM personnel retirement plan. All full-time and part-time employees are immediately eligible for the Plan.

Contributions

Employees who elect to participate in the Plan must elect to contribute a mandatory minimum of 5% of their eligible compensation as either a pretax, after-tax or after-tax Roth earnings deferral. In addition to this mandatory minimum contribution, participants may elect to make voluntary pretax, after-tax or after-tax Roth contributions to the Plan ranging from 1% to 50% of compensation. The type of voluntary contribution, pretax, after-tax or after-tax Roth, in excess of the mandatory minimum 5% contribution must correspond to the type of mandatory minimum contribution elected by the participant. A participant’s voluntary contribution rate will automatically be increased by 2%, up to a maximum of 15%, when merit compensation increases take effect. To the extent that the annual statutory tax contribution limit is reached by a pretax participant, the excess contribution will be treated as after-tax contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees are automatically enrolled in the Plan with the minimum 5% pretax deferral contributions unless the employee elects not to contribute to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers shares of twenty-five registered investment companies and one common trust fund as investment options for participants.

The Company contributes amounts up to 6% of the participant’s eligible compensation based on the length of time a participant has been an employee of the Company, as described in the Plan agreement. On February 20, 2013, the Company authorized an amendment, effective January 1, 2012, to allocate amounts representing employer contributions and transfer Plan earnings to participants sub-accounts for matching contributions. The Plan also allows for qualified nonelective contributions to the Plan by the employer in order to correct errors in the administration of the Plan.

Notes to Financial Statements - Cont'd.

December 31, 2023 and 2022

Note 1 – Plan Description – Cont'd.

Contributions – Cont'd

Effective August 1, 2023, there was a Plan amendment that terminated the 5% mandatory minimum contribution. The majority of the employee participants elected to increase their voluntary contribution accordingly.

Participants' Accounts

Each participant's account is credited with the participant's contribution and rollover contribution, the allocation of the Company's contribution and Plan earnings, and charged with certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contribution and the Company's contributions, plus actual earnings, and shall not be subject to forfeiture for any reason.

Notes Receivable from Participants

Subject to terms and conditions imposed by applicable tax regulations, participants may borrow from their fund accounts a minimum of \$1,000, and up to a maximum of \$50,000, or 50% of their account balance, whichever is less. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, determined at the last business day of the prior month. The interest rate on outstanding loans was 4.25% to 9.25% on December 31, 2023. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefit

Upon retirement, hardship or termination, or for termination of service for other reasons, vested interest in his or her account can be distributed in either a lump sum benefit or an alternative form of payment, as permitted under the Plan. If the participant's vested benefit does not exceed \$5,000, the Plan Administrator may direct the trustee to distribute, in a lump sum payment, the participant's vested benefits.

Other Income

The Trustee may receive revenue sharing payments from shares of registered investment companies in which the Plan assets are invested. The administrative services agreement between the Plan and the Trustee provides that to the extent revenue sharing payments received by the Trustee exceed an established revenue threshold agreed to between the Trustee and the Plan, the excess will be credited to the Plan. For 2023 and 2022, \$27,427 and \$29,855, respectively, was credited to the Plan under this agreement. The balance in the administration budget account, which holds the revenue sharing payments was \$16,102 and \$13,372 on December 31, 2023 and 2022, respectively, and is available for payment of future Plan expenses. Plan expenses were paid from this account in the amount of \$24,588 and \$16,153 for the years ended December 31, 2023 and 2022, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest income. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefit payments are recorded when paid. There were no withdrawals approved but not paid as of December 31, 2023 and 2022.

Administrative Expenses

Professional fees and certain administrative expenses incurred by the Plan are paid by the Company. Expenses for third-party investment advice are paid by the plan.

Note 2 – Summary of Significant Accounting Policies – Cont'd.

Subsequent Events

Subsequent events were evaluated through October 8, 2004 which is the date the financial statements were available to be issued. (See Note 10)

Note 3 – Information Prepared and Certified by the Trustee/Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, T. Rowe Price Trust Company, the trustee of the Plan, has certified to the Plan administrator as of and for the years ended December 31, 2023 and 2022, the following information as complete and accurate, which has been relied on by the Plan administrator in preparation of the Plan's financial statements and related supplemental schedule:

Investments

- The fair value and/or contract value; by fund, and in the aggregate.
- The purchase and sale activity, including gains and/or losses.

Investment Income

- The amount of interest and dividend income received.
- Net appreciation (depreciation) in the fair value of investments credited to the Plan, in total and by fund.
- The amount of income from guaranteed accounts.

Notes Receivable from Participants

- The unpaid principal balance plus accrued, but unpaid, interest; and
- The amount of interest income recognized.

Supplemental Schedule

- The information provided on Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2023 and 2022.

Shares of Registered Investment Companies

Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common Trust Funds

The common trust funds are valued at the NAV of units of the bank common trust. The NAV is used as a practical expedient, to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

KLM Retirement Savings Plan

Note 4 – Fair Value Measurements (Cont'd.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Shares of Registered Investment Companies	\$40,512,873	\$ -	\$ -	\$ 40,512,873
Total Assets in the Fair Value Hierarchy	<u>\$40,512,873</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 40,512,873
Investments Measured at Net Asset Value (1)				<u>2,274,528</u>
Total Assets at Fair Value				<u>\$ 42,787,401</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Shares of Registered Investment Companies	\$35,474,320	\$ -	\$ -	\$ 35,474,320
Total Assets in the Fair Value Hierarchy	<u>\$35,474,320</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 35,474,320
Investments Measured at Net Asset Value (1)				<u>2,105,698</u>
Total Assets at Fair Value				<u>\$ 37,580,018</u>

(1) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2023 and 2022:

	Fair Value		Unfunded Commitments	Redemption Frequency	Notice Period
	December 31 2023	December 31 2022			
Common Trust Funds					
T. Rowe Price Stable Value Fund	<u>2,274,528</u>	<u>2,105,698</u>	-	Daily	12 Months

The Stable Value Fund seeks to preserve a participant's principal investment and offers competitive income consistent with the preservation of principal. It invests in investment contracts issued by high quality companies.

Note 5 – Excess Contributions Payable

Effective with the termination of the 5% mandatory minimum contribution (See Note 1-Contribution), the employer matching contribution was incorrectly calculated by the payroll processing company because of a calculation error. The Company detected the calculation error after eleven incorrect pay periods, nine in 2023 and two in 2024. The Company worked with their ERISA Counsel to retroactively correct the error, which was corrected in early 2024.

KLM Retirement Savings Plan
Notes to Financial Statements - Cont'd.
December 31, 2023 and 2022

Note 5 – Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies or units of common trust funds managed by T. Rowe Price, an affiliate of the Plan's Trustee. Transactions involving these funds qualify as exempt party-in-interest transactions under ERISA. The Company pays certain administrative expenses of the Plan. In addition, the Company also provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the sponsor by letters, dated October 11, 2011 and November 28, 2017 that the Plan is qualified, and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. Plan management has operated the Plan and trust in a manner that did not jeopardize this tax status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, with the consent of two-thirds of the participants, to terminate the Plan subject to the terms of ERISA.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to IRS Form 5500

There were no material differences between the accompanying statements of net assets available for benefits and changes in net assets available for benefits and IRS Form 5500, Annual Return/Report of Employee Benefit Plan, filed with the U.S. Department of Labor and the Internal Revenue Service.

Note 10 – Subsequent Event

Effective January 1, 2024, the Company amended and restated their non-standardized Plan Agreement to a standardized Plan Agreement. The new Plan Agreement changes several Plan provisions, including eligible compensation and the employer match formula. Some of the Plan amendments are specifically related to employees hired on or after January 1, 2024. Participants should refer to the Plan Agreement for a more complete description of the Plan's new provisions.
