Independent Auditor's Report

To the Participants and Administrator of the
Permian Resources Management, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Permian Resources Management, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PERMIAN RESOURCES MANAGEMENT, LLC
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 & 2022

1. Description of the Plan

The following description of the Permian Resources Management, LLC 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan was established effective January 1, 2019 by Permian Resources Corporation and its affiliates, including Permian Resources Management, LLC (“Permian Resources”) to qualify as a defined contribution, profit sharing plan under Section 401(a) of the Internal Revenue Code, for the benefit of eligible employees of Permian Resources. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not subject to guarantee by the Pension Benefit Guaranty Corporation.

As of September 1, 2022, Centennial Resource Development, Inc (“CDEV”) and Colgate Energy Partners III closed on the merger of the two companies (the “Merger”), becoming Permian Resources. Following the merger, the former entities continued to operate the 401(k) plans separately through the end of 2022. Effective January 1, 2023, the plan name was changed to Permian Resources Management, LLC 401(k) Plan. The employees of Colgate transferred into the Plan as of December 31, 2023.

Administration

Trustee, recordkeeping and investment management services are performed by Fidelity Management Trust Company (“Trustee”). The Plan Administrator is Permian Resources.

The Plan is administered by the Administration Committee. The Administration Committee may retain independent advisors and consultants, and is responsible for administration and for managing the Plan’s activities. Permian Resources appoints members of the Investment Committee and the Investment Committee reviews and selects the investment fund options offered under the Plan.

Eligibility and Contributions

Employees are eligible to participate in the Plan immediately upon hire as a Permian Resources employee. Participants may elect to contribute to the Plan, on a pre-tax or Roth basis or combination thereof, from 1% to 80% of the Plan eligible compensation. The Plan allows for Roth contributions, which are after-tax contributions tracked in a separate account. The maximum IRS contribution on a pre-tax or Roth basis is \$22,500 for the 2023 and \$20,500 for the 2022 Plan years respectively.

For the year ended December 31, 2023, Permian Resources contributed a safe harbor match of 100% of participant contributions up to 8% of eligible compensation. For the years ended December 31, 2023 and 2022, the total safe harbor match amounted to \$3,416,480 and \$2,168,569, respectively. The Plan may make discretionary nonelective contributions in an amount to be determined by taking the appropriate legal action for each Plan year. Employees

must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions, however, no such contributions were made in 2023 or 2022.

All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions beyond the pre-tax and Roth limit to "catch-up" retirement savings. Catch-up contributions were limited to the IRS maximum of \$7,500 for 2023 and \$6,500 for 2022.

In addition, the maximum contributions and other additions (including all other defined contribution Plans sponsored by Permian Resources) for the plan year of a participant under the Plan may not exceed the lesser of \$73,500, including catch-up, for 2023, and \$67,500 for 2022, or 100% of the eligible compensation paid to the participant by Permian Resources in such plan year. Annual additions are defined to include participant's contributions and Permian Resources' matching and other retirement contributions.

The Plan also allows rollover contributions of part or all of an "eligible rollover distribution" received by a participant from a qualified plan of a previous employer.

Vesting

Participants are fully vested in their contributions and employer matching contributions. Additionally, participants become fully vested in Permian Resources discretionary contributions upon death, disability, change of control or attainment of retirement age while employed by Permian Resources. Terminated participants are subject to the vesting schedule in place at the time of their termination of employment with Permian Resources.

Non-vested balances of employees who terminate are forfeited and generally used to reduce subsequent Permian Resources contributions to the Plan and pay administrative expenses of the Plan. Unallocated forfeited balances amounted to \$0 at December 31, 2023 and 2022. Unallocated forfeited balances are included in *Investments in registered investment companies* in the Statement of Net Assets Available for Benefits.

Participant Accounts

Separate accounts are maintained for each participant and are credited with the participant's contributions, Permian Resources' contributions and rollover contributions, if any, including the allocations of earnings and losses to these accounts calculated daily based on participant account balances. Participants direct their investments by electing the percentages of their accounts and contributions to be allocated between investment fund alternatives. Participants may make unlimited changes in their future investment allocations or make transfers of existing balances between investment fund alternatives.

1. Description of the Plan (continued)

Payment of Benefits, Withdrawals and Transfers

At the time of a participant's death, the vested balances in all of his or her accounts will be paid in a lump sum to the designated Beneficiary or Beneficiaries. If a participant meets the definition of Disability under the Plan they may request a distribution of their account balance only if they have terminated their employment with the employer. Upon termination of employment for reasons other than death or disability, participants are entitled to receive a lump sum payment for the value of the non-forfeitable portion of their account. Such lump sum payments may result in adverse tax consequences for the participant. With regard to Participants with vested account balances of \$5,000 or less, the Plan Administrator will direct the Trustee that any account exceeding \$1,000 be distributed to an Individual Retirement Account or Annuity (IRA) for the participant's benefit. If the vested account balance is \$1,000 or less, the Plan Administrator will direct the Trustee to distribute to the participant as a lump sum distribution without his or her consent.

Notes Receivable from Participants

Participants may borrow from their individual plan account, with a minimum amount of \$1,000 and a maximum amount equal to the lesser of 50% of such participant's vested balance or \$50,000. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances and shall remain fixed throughout the duration of the loan. The repayment period may be up to five years for a general loan, or up to 10 years for the purchase of a principal residence.

Plan Termination

Although Permian Resources expects to continue the Plan indefinitely, Permian Resources reserves the right under the Plan document to discontinue its contributions at any time and / or terminate the Plan ("full termination") by taking appropriate action as circumstances may dictate, with the approval of the Designated Principal(s) subject to the provisions of ERISA. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in his account of 100 percent. The Plan Administrator will facilitate the distribution of Account balances in single lump sum payments to each participant in accordance with Plan provision until all assets have been distributed by the Trustee.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

PERMIAN RESOURCES MANAGEMENT, LLC
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 & 2022

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

All of the Plan's investments are maintained in registered investment companies, which are valued using quoted market prices from the respective securities' principal active exchange or at net asset value. The *Net (depreciation) appreciation in the fair value of investments* for the period is included in the determination of *Total Investment (loss) Income* as reflected in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. *Interest income on notes receivable from participants* is recorded when earned. Delinquent loans are treated as distributions based upon the terms of the Plan document. These notes have interest rates ranging from 4.25% to 9.50% and mature from January 2024 through December 2028.

Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Payments of Benefits

Payments of benefits are recorded when paid.

Plan Expenses

Administrative expenses on behalf of the Plan are paid through the use of forfeitures, by the Plan and by Permian Resources. No Plan-related expenses were paid by Permian Resources for the year ended December 31, 2023.

Administrative expenses include recordkeeping fees, Trustee fees, account maintenance fees, loan fees, and participant loan origination fees are included in *Administrative and other expenses* in the Statement of Changes in Net Assets Available for Benefits and deducted from participant's accounts as they are paid directly by the participants to the Trustee.

3. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices

in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, quoted prices or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability; and

Level 3 Prices or valuation techniques that require inputs that are both significant to their fair value measurement and unobservable (supported by little or no market activity).

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Investments in registered investment companies: Valued at its year-end quoted market price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value at December 31, 2023:

	Assets at Fair Value at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 28,776,200	\$ —	\$ —	\$ 28,776,200

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	Assets at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,569,367	\$ —	\$ —	\$ 21,569,367
Investments, at fair value	\$ 21,569,367	\$ —	\$ —	\$ 21,569,367

4. Tax Status of the Plan

The Volume Submitter document received a favorable determination letter from the Internal Revenue Service as to the qualified status of the user plans on March 31, 2014. Although the Plan has been amended since receipt of the determination letter, the Plan's administrator believes the Plan remains a qualified plan and is not subject to tax. Accordingly, no provision for federal or state income taxes has been recorded.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Information Provided by the Plan's Trustee

For the years ended December 31, 2023 and 2022, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022 and in Note 3;
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of change in net assets available for benefits for the years ended December 31, 2023 and 2022
- Form 5500, schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

6. Related Party Transactions

Administrative fees paid by the Plan for Trustee services were \$23,138 and \$15,976 for the years ended December 31, 2023 and 2022 respectively.

7. Subsequent Events

On November 1, 2023, Permian Resources completed the merger of Earthstone Energy, Inc. Employees enrolled in the Earthstone 401(k) Plan will be rolled into the Permian benefits plan as of December 31, 2024.

Permian Resources has evaluated events subsequent to December 31, 2023 through October 08, 2024, which is the date the financial statements were available to be issued. There have been no other material events noted in this period, other than the paragraph above, which would impact the results reflected in this report, the Plan's results going forward or require additional disclosure.

This representation letter is provided in connection with your audit of the financial statements and supplemental schedule of Permian Resources Management, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the disclosures (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule are fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the Auditor's Report, the following representations made to you during your audit.

Financial Statements

- 1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated April 8, 2024, including our responsibility for the preparation and fair presentation of the financial statements.
- 2) The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedule referred to above are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- 3) We acknowledge our responsibility for administering the plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's

300 N MARIENFELD ST, SUITE 1000

provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

- 4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 5) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 6) The methods, significant assumptions, and data used in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement, or disclosure that is reasonable in accordance with U.S. GAAP.
- 7) Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with U.S. GAAP and ERISA Section 3(14) and regulations thereunder.
- 8) All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- 9) The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.
- 10) Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, or events that may jeopardize the tax status) that legal counsel have advised us that must be disclosed have been properly disclosed.
- 11) Material concentrations have been properly disclosed in accordance with U.S. GAAP.
- 12) Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
- 13) Guarantees, whether written or oral, under which the Plan is contingently liable, have been properly recorded or disclosed in accordance with U.S. GAAP.
- 14) The supplemental schedule or financial statements disclose the following:
 - a) All non-exempt party-in-interest transactions [as defined in ERISA Section 3(14) and regulations thereunder].
 - b) Investments or loans in default or considered to be uncollectible.
 - c) Reportable transactions as defined in ERISA Section 103(b)(3)(H) and regulations thereunder.
