Independent Auditor's Report

To the TGC 401(k) Plan Administrator and Gas Company Retirement Plan Committee:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TGC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Part IV, Line 4(a), Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TGC 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of TGC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

Effective April 1, 2012, The Gas Company, LLC (the Company, Plan Administrator or Plan Sponsor) established the Plan as a defined contribution plan covering eligible employees of the Company. The Plan provides for retirement, death, disability and other termination benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective February 27, 2017, Critchfield Pacific, Inc., an affiliate of the Plan Sponsor, was added as a participating employer. On February 1, 2019, Critchfield Pacific, Inc. was removed as a participating employer. Effective March 1, 2018, MIC Hawaii Holdings LLC, an affiliate of the Plan Sponsor, was added as a participating employer.

On July 21, 2022, the Company's ownership was transferred to an affiliate of Argo Infrastructure Partners, LP (Argo), as a result of Argo's acquisition of Macquarie Infrastructure Holdings, LLC (MIH), the Company's ultimate parent company. Argo is an independent infrastructure fund manager.

Fidelity Management Trust Company (Fidelity) is the Plan's trustee, custodian and recordkeeper.

b. Eligibility

Employees are eligible to participate in the Plan, including receiving discretionary employer matching and profit-sharing contributions, on the first day of the month following the completion of 90 days of service.

c. Contributions

Participants may defer up to 60 percent of pretax annual compensation, as defined by the Plan, not to exceed amounts allowable under the Internal Revenue Code (IRC).

TGC 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan (continued)

c. Contributions (continued)

The Plan also provides for discretionary employer matching and profit-sharing contributions to be determined each year by the Company. In 2023 and 2022, the Plan Sponsor matched 50 percent of contributions up to six percent of a participant's compensation. For highly compensated employees, as defined, the Plan Sponsor matched 50 percent of contributions up to five percent of a participant's compensation. For non-bargaining unit and non-highly compensated employees, as defined, the Company also made non-discretionary matching employer contributions equal to three percent of eligible participant's compensation.

Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contribution, and an allocation of Plan earnings and expenses. Earnings and losses from the Plan's investments are allocated to participants' accounts in proportion to the balances of such accounts, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Effective January 1, 2022, participants may utilize a self-directed brokerage arrangement under the Plan. Participants direct the investment of their accounts into various investment options offered by the Plan or into the self-directed brokerage accounts.

e. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contributions, plus actual earnings thereon, is based on years of service. A participant is 20 percent vested after one year of credited service, 40 percent vested after 2 years of credited service and 100 percent vested after 3 years of credited service.

f. Forfeitures

The portion of a terminating participant's account that is not vested is considered a forfeiture and may be used to pay plan administrative expenses or reduce employer contributions. At December 31, 2023 and 2022, there was a forfeiture balance of approximately \$199,000 and \$151,000, respectively, available to reduce future employer contributions.

1. Description of the Plan (continued)

g. Notes Receivable from Participants

Participants may borrow from their accounts in amounts not less than \$1,000 and limited to the lesser of one-half of their vested interest, or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. Loans are secured by the balance in the participant's account, bear interest at prevailing market rates and are repaid over a maximum of five years, or more if used to acquire a primary residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

h. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the value of his or her vested account balance or periodic installments over a defined period. The Plan also allows for participants to make hardship withdrawals or in-service withdrawals upon attainment of age 59 1/2.

i. Administrative Expenses

Administrative expenses of the Plan are paid by the Plan, the Plan Sponsor or participants, as provided in the Plan document.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Management's Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

TGC 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

c. Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2023 and 2022, participant loans outstanding were \$919,047 and \$750,156, respectively. These loans bear interest based on the prevailing interest rates, as determined by the Plan Administrator at the time of the loan, 4.25–9.50 percent at December 31, 2023, and maturing on various dates through January 2029.

e. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

f. Payment of Benefits

Benefits paid to participants are recorded upon distribution.

g. Subsequent Events

The Plan has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator has obtained certifications from Fidelity as of December 31, 2023 and 2022 and for the year ended December 31, 2023, that the information provided to the Plan Administrator by Fidelity related to the following assets is complete and accurate. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedules related to the following assets:

	2023	2022
Investments, at fair value		
Mutual funds	\$ 51,948,186	\$ 45,990,507
Self-directed brokerage accounts	2,628,057	1,320,167
Common collective trusts	5,413,381	4,802,135
Notes receivable from participants	919,047	750,156
	<u>\$ 60,908,671</u>	<u>\$ 52,862,965</u>

Fidelity also certified to the completeness and accuracy of the Plan's net investment income of \$8,496,985 and interest income on notes receivable from participants of \$47,846 on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds – Valued based on quoted market prices of each fund, which represent the net asset value (NAV) of shares held by the Plan at year end.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds, interest-bearing cash, bonds, and common stock that are valued on the basis of readily available market prices.

Common collective trusts – Valued at NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the

4. Fair Value Measurements (continued)

investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023.

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 51,948,186	\$ -	\$ -	\$ 51,948,186

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 45,990,507	\$ -	\$ -	\$ 45,990,507
Self-directed brokerage accounts	1,320,167	-	-	1,320,167
Total assets in the fair value hierarchy	<u>\$ 47,310,674</u>	<u>\$ -</u>	<u>\$ -</u>	47,310,674
Common collective trusts measured at NAV (a)				<u>4,802,135</u>
Total investments at fair value				<u>\$ 52,112,809</u>

- (a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefit.

5. Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by Fidelity (Pre-Approved Plan). The Pre-Approved Plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service as to the Pre-Approved Plan's qualified status. The Plan has been amended since receiving the opinion letter. The Pre-Approved Plan's opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and that the Plan continues to be tax-exempt. Hawaii income tax law conforms to the IRC. Therefore, no provision for federal and state income taxes has been included in the Plan's financial statements. Administration errors, if any, which are significant or operational in nature, are handled by the Plan Administrator in accordance with applicable IRS correction policies.

TGC 401(k) Plan

Notes to Financial Statements
December 31, 2023 and 2022

5. Tax Status (continued)

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan years from December 31, 2020 are open for examination for federal tax purposes.

6. Termination of Plan

While the Company has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. In the event of termination, each participant automatically becomes vested to the extent of the balance credited in the participant's account.

7. Exempt Party-In-Interest Transactions

All purchases and sales of investments managed by Fidelity are considered exempt party-in-interest transactions. Notes receivable from participants are also considered exempt party-in-interest transactions.

8. Nonexempt Transactions

During the year ended December 31, 2022, the Plan Sponsor did not remit certain participant contributions to the Plan on a timely basis as determined by the Department of Labor Regulation 2510.3-102. Late contributions for the year ended December 31, 2022 totaled \$416,756, and the Plan Sponsor remitted lost earnings related to these late contributions during the year ended December 31, 2023.
