INDEPENDENT AUDITOR'S REPORT

Plan Administrator
GNC Live Well Later 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GNC Live Well Later 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022; the related statement of changes in net assets available for benefits for the year then ended; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Investments, a qualified institution, as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Opinion (Continued)**

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor’s Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 4, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the GNC Live Well Later 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan covering all employees, except for nonresident aliens, leased employees, and employees covered by a collective bargaining agreement of GNC Holdings, LLC (formerly General Nutrition Centers, Inc.) (the “Company”) who are 18 years of age or older and have completed at least 30 days of full-time employment with the Company without interruption or have completed 1,000 hours of service for employees who are not full-time and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Fidelity Management Trust Company Volume Submitter Plan.

Effective February 14, 2020, the Plan was amended to allow full-time employees who are 21 years of age or older and have completed at least 12 months of service to receive discretionary matching contributions.

Effective October 9, 2020, the Plan was amended and restated whereas the Company changed to GNC Holdings, LLC with an updated tax identification number. The amendment also allows for the Company to make an additional matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. This additional matching contribution may be limited to match-only contributions up to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. An eligible participant must be employed on the last day of the contribution period, as defined in the Plan document, to receive the additional matching contribution.

Effective March 9, 2022, the Plan was amended and restated in its entirety to incorporate certain amendments, revise certain administrative procedures, and make the amendments necessary to maintain the Plan’s qualified status under the Internal Revenue Code of 1986, as amended, and regulations thereunder.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, distributions, and delay the commencement date for required minimum distributions. The optional features with this act are currently being assessed but have not been formally adopted to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”) Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020, or for Plan years beginning after December 31, 2019, were operationalized accordingly. Any optional features within the SECURE Act are currently being assessed but have not been implemented to date.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Contributions

Participants may contribute up to 80 percent of pretax compensation, up to the annual limitations specified by the Internal Revenue Code (IRC) (\$20,500 for 2022 and \$19,500 in 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary match up to a specified percentage of compensation or to a specific dollar amount. For the period January 1, 2020, through January 30, 2020, the Company matched participant contributions at 50 percent up to a maximum of 3 percent of the participants' deferred salary. Effective January 31, 2020, the Company matched participant contributions at 50 percent up to a maximum of 5 percent of the participants' deferred salary. The Plan was amended to allow safe harbor contributions effective March 9, 2022.

The Company may also contribute a nonelective contribution and an additional matching contribution as discussed above. In 2022 and 2021, the Company did not make a nonelective contribution or an additional matching contribution.

All participants who have attained age 50 before close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v). The maximum additional elective deferral for both 2022 and 2021 is limited to \$6,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's account under the Plan for any limitation year shall not exceed the lesser of \$61,000 and \$58,000 for 2022 and 2021, respectively, as adjusted for increases in the cost of living under Code Section 415(d), or 100 percent of the participant's compensation within the meaning of Code Section 415(c)(3), for the limitation year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's match and nonelective contributions and (b) Plan income and losses charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equivalent to the participant's vested account.

Investment Options

Participants may invest their voluntary contributions, rollover contributions, and the Company's contributions, plus actual earnings thereon, into any of the investment options provided by Fidelity Management Trust Company (the "Trustee"). The participants may change their investment election for new contributions and existing balances daily. Redemption fees are applied to specific investments due to a participant invoking an investment change without allowing the investment holding period to expire. The period of time in which the investment must be held, and the fee charged, are determined by the investment.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Company's discretionary matching contribution portion of each participant's account is subject to the following vesting requirements:

Completed Years of Service*	Percentage of Company's Contributions Vested
Less than one	0%
One, but less than two	33%
Two, but less than three	66%
Three or more	100%

*A completed year of service equates to 1,000 hours of service completed by the participant in a vesting computation period.

Payment of Benefits

A participant who has attained age 59½ or has incurred a hardship (as defined in the Plan document) may receive a disbursement from the Plan. The Plan provides for lump-sum distributions, installment payments, or partial withdrawals for retirement, permanent disability, death, and termination of employment. Upon termination of employment, if the participant's account balance is \$1,000 or less, a participant will automatically receive a lump-sum payment less applicable withholding tax. If the participant's account balance exceeds \$1,000 but is less than \$5,000, a participant's account will be rolled over to an IRA or other eligible retirement plan as soon as reasonably practicable following the date employment terminates. A minimum required distribution from the Plan is required, unless the participant is a 5 percent owner of the Company, no later than April 1 of the calendar year following the calendar year that the participant turns 72 or terminates employment, whichever is later. If a participant is a 5 percent owner of the Company, the participant must start receiving a distribution no later than April 1 of the calendar year following the calendar year that the participant turns 72. Once a minimum required distribution is received, subsequent distributions should be received at least annually until all assets in the participant account are distributed.

Notes Receivable from Participants

Upon proper application, the Plan provides for notes to be made to participants. The minimum note that a participant may take is \$1,000. The total note from the Plan to a participant will not exceed the lesser of the following amounts:

\$50,000, reduced by the highest outstanding loan balance during the previous 12-month period or
an amount equal to 50 percent of any participant's current vested interest in his/her account.

The notes bear interest at a fixed rate, which is determined by the Plan Administrator to be a reasonable rate of interest, taking into account the rate that would be charged by commercial lenders for money loaned under similar circumstances. Generally, notes are repayable over a specified period not to exceed five years. If, however, the note is to be used for the purchase of a participant's principal residence, the note is repayable over a specified period not to exceed ten years. Notes are secured by promissory notes providing for repayment of principal and interest through payroll deductions. As collateral for the note, the participant gives the Company a security interest in his/her vested accrued benefit in the Plan in an amount equal to the outstanding principal balance of the note plus accrued interest. No other property is given as collateral for the note.

NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Administration Expenses

Expenses incurred by the Plan Administrator and Trustee for their services and costs in administering the Plan may be paid out of the Plan; however, the Company may pay the Plan expenses directly. During 2022 and 2021, the Company elected to pay certain expenses of administering the Plan. A quarterly fee was also deducted from all Plan participants to cover the Plan's administrative costs.

Forfeited Accounts

Any forfeitures occurring during a Plan year shall first be used to pay administrative expenses, if so directed by the Company. To the extent that the forfeitures are not used to reduce administrative expenses, they may be applied to reduce the employer contributions. Forfeited nonvested accounts were used to pay Plan expenses of \$45,896 and \$122,197 for the years 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$69,114 and \$51,380, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net Depreciation in Fair Value of Investments

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net depreciation in the fair value of its investments, which consist of the realized gains and losses from sales of investments and unrealized depreciation on investments. The net change in unrealized depreciation in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or from date of purchase to the end of the year.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan document. Deemed distributions were \$9,071, for the year ended 2022.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Corrective Distributions Payable

Amounts payable to participants totaled \$0 and \$323,342 at December 31, 2022 and 2021, respectively, for contributions in excess of amounts allowed by the IRS. These amounts are recorded as corrective distributions payable, with a corresponding reduction from net assets available from benefits. The Plan distributed the 2021 excess contributions prior to 2022.

New Accounting Pronouncements

During 2022 and 2021, various new Accounting Standard Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The Plan Administrator of the Plan has determined, based on their review, that no new accounting pronouncements that were issued were applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable, and if they are applicable, their effect will be included in the Notes to the Financial Statements.

NOTE 3 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (UNAUDITED)

At December 31, 2022 and 2021, the Plan's investments, notes receivable from participants, and executed transactions therein were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to the investments and notes receivable from participants that were certified by the Trustee at December 31, 2022 and 2021, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The common collective trust funds are valued at the net asset value (NAV) obtained directly from the fund house or other insurance provider. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The valuation of investments at December 31, 2022 and 2021, is prepared by the Trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2022 and 2021:

December 31, 2022				
	Level I	Level II	Level III	Total
Common collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 100,313,432
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ 100,313,432

December 31, 2021				
	Level I	Level II	Level III	Total
Common collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 123,497,935
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ 123,497,935

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following tables summarize the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust	\$ 100,313,432	N/A	Daily	Daily

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust	\$ 123,497,935	N/A	Daily	Daily

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 6 – TAX STATUS

Although the Plan has not requested a determination from the IRS as to the Plan's tax-exempt status, the volume submitter plan from which the Plan was drafted has received a favorable determination letter from the IRS dated March 31, 2014. The volume submitter plan has been amended since receiving its determination letter. The Plan Administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Effective March 9, 2022, the prototype plan from which the Plan was drafted was restated and received a favorable determination letter from the IRS dated June 30, 2020.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan document. Transactions with the Trustee qualify as party-in-interest transactions. Fees for investment management services are included in administrative expenses. Direct fees paid by the Plan for trustee, recordkeeping services, investments management services, and audit services were \$370,780 for the year ended December 31, 2022. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their employer contributions. Assets will be allocated to each participant based on their respective account balance after payment of all final liquidation or termination expenses, pursuant to the directions of the Plan Administrator.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the GNC Live Well Later 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan covering all employees, except for nonresident aliens, leased employees, and employees covered by a collective bargaining agreement of GNC Holdings, LLC (formerly General Nutrition Centers, Inc.) (the “Company”) who are 18 years of age or older and have completed at least 30 days of full-time employment with the Company without interruption or have completed 1,000 hours of service for employees who are not full-time and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Fidelity Management Trust Company Volume Submitter Plan.

Effective February 14, 2020, the Plan was amended to allow full-time employees who are 21 years of age or older and have completed at least 12 months of service to receive discretionary matching contributions.

Effective October 9, 2020, the Plan was amended and restated whereas the Company changed to GNC Holdings, LLC with an updated tax identification number. The amendment also allows for the Company to make an additional matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. This additional matching contribution may be limited to match-only contributions up to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. An eligible participant must be employed on the last day of the contribution period, as defined in the Plan document, to receive the additional matching contribution.

Effective March 9, 2022, the Plan was amended and restated in its entirety to incorporate certain amendments, revise certain administrative procedures, and make the amendments necessary to maintain the Plan’s qualified status under the Internal Revenue Code of 1986, as amended, and regulations thereunder.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, distributions, and delay the commencement date for required minimum distributions. The optional features with this act are currently being assessed but have not been formally adopted to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”) Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020, or for Plan years beginning after December 31, 2019, were operationalized accordingly. Any optional features within the SECURE Act are currently being assessed but have not been implemented to date.

NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Contributions

Participants may contribute up to 80 percent of pretax compensation, up to the annual limitations specified by the Internal Revenue Code (IRC) (\$20,500 for 2022 and \$19,500 in 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary match up to a specified percentage of compensation or to a specific dollar amount. For the period January 1, 2020, through January 30, 2020, the Company matched participant contributions at 50 percent up to a maximum of 3 percent of the participants' deferred salary. Effective January 31, 2020, the Company matched participant contributions at 50 percent up to a maximum of 5 percent of the participants' deferred salary. The Plan was amended to allow safe harbor contributions effective March 9, 2022.

The Company may also contribute a nonelective contribution and an additional matching contribution as discussed above. In 2022 and 2021, the Company did not make a nonelective contribution or an additional matching contribution.

All participants who have attained age 50 before close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v). The maximum additional elective deferral for both 2022 and 2021 is limited to \$6,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's account under the Plan for any limitation year shall not exceed the lesser of \$61,000 and \$58,000 for 2022 and 2021, respectively, as adjusted for increases in the cost of living under Code Section 415(d), or 100 percent of the participant's compensation within the meaning of Code Section 415(c)(3), for the limitation year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's match and nonelective contributions and (b) Plan income and losses charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equivalent to the participant's vested account.

Investment Options

Participants may invest their voluntary contributions, rollover contributions, and the Company's contributions, plus actual earnings thereon, into any of the investment options provided by Fidelity Management Trust Company (the "Trustee"). The participants may change their investment election for new contributions and existing balances daily. Redemption fees are applied to specific investments due to a participant invoking an investment change without allowing the investment holding period to expire. The period of time in which the investment must be held, and the fee charged, are determined by the investment.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Company's discretionary matching contribution portion of each participant's account is subject to the following vesting requirements:

Completed Years of Service*	Percentage of Company's Contributions Vested
Less than one	0%
One, but less than two	33%
Two, but less than three	66%
Three or more	100%

*A completed year of service equates to 1,000 hours of service completed by the participant in a vesting computation period.

Payment of Benefits

A participant who has attained age 59½ or has incurred a hardship (as defined in the Plan document) may receive a disbursement from the Plan. The Plan provides for lump-sum distributions, installment payments, or partial withdrawals for retirement, permanent disability, death, and termination of employment. Upon termination of employment, if the participant's account balance is \$1,000 or less, a participant will automatically receive a lump-sum payment less applicable withholding tax. If the participant's account balance exceeds \$1,000 but is less than \$5,000, a participant's account will be rolled over to an IRA or other eligible retirement plan as soon as reasonably practicable following the date employment terminates. A minimum required distribution from the Plan is required, unless the participant is a 5 percent owner of the Company, no later than April 1 of the calendar year following the calendar year that the participant turns 72 or terminates employment, whichever is later. If a participant is a 5 percent owner of the Company, the participant must start receiving a distribution no later than April 1 of the calendar year following the calendar year that the participant turns 72. Once a minimum required distribution is received, subsequent distributions should be received at least annually until all assets in the participant account are distributed.

Notes Receivable from Participants

Upon proper application, the Plan provides for notes to be made to participants. The minimum note that a participant may take is \$1,000. The total note from the Plan to a participant will not exceed the lesser of the following amounts:

\$50,000, reduced by the highest outstanding loan balance during the previous 12-month period or
an amount equal to 50 percent of any participant's current vested interest in his/her account.

The notes bear interest at a fixed rate, which is determined by the Plan Administrator to be a reasonable rate of interest, taking into account the rate that would be charged by commercial lenders for money loaned under similar circumstances. Generally, notes are repayable over a specified period not to exceed five years. If, however, the note is to be used for the purchase of a participant's principal residence, the note is repayable over a specified period not to exceed ten years. Notes are secured by promissory notes providing for repayment of principal and interest through payroll deductions. As collateral for the note, the participant gives the Company a security interest in his/her vested accrued benefit in the Plan in an amount equal to the outstanding principal balance of the note plus accrued interest. No other property is given as collateral for the note.

NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Administration Expenses

Expenses incurred by the Plan Administrator and Trustee for their services and costs in administering the Plan may be paid out of the Plan; however, the Company may pay the Plan expenses directly. During 2022 and 2021, the Company elected to pay certain expenses of administering the Plan. A quarterly fee was also deducted from all Plan participants to cover the Plan's administrative costs.

Forfeited Accounts

Any forfeitures occurring during a Plan year shall first be used to pay administrative expenses, if so directed by the Company. To the extent that the forfeitures are not used to reduce administrative expenses, they may be applied to reduce the employer contributions. Forfeited nonvested accounts were used to pay Plan expenses of \$45,896 and \$122,197 for the years 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$69,114 and \$51,380, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net Depreciation in Fair Value of Investments

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net depreciation in the fair value of its investments, which consist of the realized gains and losses from sales of investments and unrealized depreciation on investments. The net change in unrealized depreciation in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or from date of purchase to the end of the year.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan document. Deemed distributions were \$9,071, for the year ended 2022.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Corrective Distributions Payable

Amounts payable to participants totaled \$0 and \$323,342 at December 31, 2022 and 2021, respectively, for contributions in excess of amounts allowed by the IRS. These amounts are recorded as corrective distributions payable, with a corresponding reduction from net assets available from benefits. The Plan distributed the 2021 excess contributions prior to 2022.

New Accounting Pronouncements

During 2022 and 2021, various new Accounting Standard Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The Plan Administrator of the Plan has determined, based on their review, that no new accounting pronouncements that were issued were applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable, and if they are applicable, their effect will be included in the Notes to the Financial Statements.

NOTE 3 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (UNAUDITED)

At December 31, 2022 and 2021, the Plan's investments, notes receivable from participants, and executed transactions therein were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to the investments and notes receivable from participants that were certified by the Trustee at December 31, 2022 and 2021, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The common collective trust funds are valued at the net asset value (NAV) obtained directly from the fund house or other insurance provider. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The valuation of investments at December 31, 2022 and 2021, is prepared by the Trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2022 and 2021:

December 31, 2022				
	Level I	Level II	Level III	Total
Common collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 100,313,432
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ 100,313,432

December 31, 2021				
	Level I	Level II	Level III	Total
Common collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 123,497,935
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ 123,497,935

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following tables summarize the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust	\$ 100,313,432	N/A	Daily	Daily

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust	\$ 123,497,935	N/A	Daily	Daily

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

YEAR ENDED DECEMBER 31, 2022

NOTE 6 – TAX STATUS

Although the Plan has not requested a determination from the IRS as to the Plan's tax-exempt status, the volume submitter plan from which the Plan was drafted has received a favorable determination letter from the IRS dated March 31, 2014. The volume submitter plan has been amended since receiving its determination letter. The Plan Administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Effective March 9, 2022, the prototype plan from which the Plan was drafted was restated and received a favorable determination letter from the IRS dated June 30, 2020.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan document. Transactions with the Trustee qualify as party-in-interest transactions. Fees for investment management services are included in administrative expenses. Direct fees paid by the Plan for trustee, recordkeeping services, investments management services, and audit services were \$370,780 for the year ended December 31, 2022. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their employer contributions. Assets will be allocated to each participant based on their respective account balance after payment of all final liquidation or termination expenses, pursuant to the directions of the Plan Administrator.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022, to Form 5500:

Net assets available for benefits per the financial statements	\$ 101,881,172

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2022, to Form 5500:

Net (decrease) increase in net assets available for benefits per the financial st \$	(22,605,148)
Prior-year corrective distributions reported in the current year	<u>(358,295)</u>
Net assets available for benefits per the Form 5500	\$ <u><u>(22,963,443)</u></u>

NOTE 10 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events in accordance with ASC Topic 855, *Subsequent Events*, through November 8, 2023, which is the date the financial statements were available to be issued, and no subsequent events occurred requiring accrual or disclosure.

Listed below are the security features provided on this document which meet and/or exceed industry guidelines.

Security Features: Description / Fraud Indicator:

Security Watermark: Reflective, white opaque ink readable when held at an angle, viewed under UV light, or rubbed with coin.

Chemical Sensitization: Colored stain(s) on either or both sides of check indicate possible chemical alteration.

Invisible Fluorescent Fibers: Invisible fibers on the surface of check become visible under UV light.

Inkjet Treated Paper: Ink is absorbed into paper faster; ink jet treatment process embeds ink into paper making it less susceptible to intentional removal.

Advisory Icon: Icon located on face of check that alerts handler that the document contains security features.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
GNC Live Well Later 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GNC Live Well Later 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022; the related statement of changes in net assets available for benefits for the year then ended; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Investments, a qualified institution, as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Opinion (Continued)**

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 4, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the GNC Live Well Later 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan covering all employees, except for nonresident aliens, leased employees, and employees covered by a collective bargaining agreement of GNC Holdings, LLC (formerly General Nutrition Centers, Inc.) (the “Company”) who are 18 years of age or older and have completed at least 30 days of full-time employment with the Company without interruption or have completed 1,000 hours of service for employees who are not full-time and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Fidelity Management Trust Company Volume Submitter Plan.

Effective February 14, 2020, the Plan was amended to allow full-time employees who are 21 years of age or older and have completed at least 12 months of service to receive discretionary matching contributions.

Effective October 9, 2020, the Plan was amended and restated whereas the Company changed to GNC Holdings, LLC with an updated tax identification number. The amendment also allows for the Company to make an additional matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. This additional matching contribution may be limited to match-only contributions up to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. An eligible participant must be employed on the last day of the contribution period, as defined in the Plan document, to receive the additional matching contribution.

Effective March 9, 2022, the Plan was amended and restated in its entirety to incorporate certain amendments, revise certain administrative procedures, and make the amendments necessary to maintain the Plan’s qualified status under the Internal Revenue Code of 1986, as amended, and regulations thereunder.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, distributions, and delay the commencement date for required minimum distributions. The optional features with this act are currently being assessed but have not been formally adopted to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”) Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020, or for Plan years beginning after December 31, 2019, were operationalized accordingly. Any optional features within the SECURE Act are currently being assessed but have not been implemented to date.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Contributions

Participants may contribute up to 80 percent of pretax compensation, up to the annual limitations specified by the Internal Revenue Code (IRC) (\$20,500 for 2022 and \$19,500 in 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary match up to a specified percentage of compensation or to a specific dollar amount. For the period January 1, 2020, through January 30, 2020, the Company matched participant contributions at 50 percent up to a maximum of 3 percent of the participants' deferred salary. Effective January 31, 2020, the Company matched participant contributions at 50 percent up to a maximum of 5 percent of the participants' deferred salary. The Plan was amended to allow safe harbor contributions effective March 9, 2022.

The Company may also contribute a nonelective contribution and an additional matching contribution as discussed above. In 2022 and 2021, the Company did not make a nonelective contribution or an additional matching contribution.

All participants who have attained age 50 before close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v). The maximum additional elective deferral for both 2022 and 2021 is limited to \$6,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's account under the Plan for any limitation year shall not exceed the lesser of \$61,000 and \$58,000 for 2022 and 2021, respectively, as adjusted for increases in the cost of living under Code Section 415(d), or 100 percent of the participant's compensation within the meaning of Code Section 415(c)(3), for the limitation year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's match and nonelective contributions and (b) Plan income and losses charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is equivalent to the participant's vested account.

Investment Options

Participants may invest their voluntary contributions, rollover contributions, and the Company's contributions, plus actual earnings thereon, into any of the investment options provided by Fidelity Management Trust Company (the "Trustee"). The participants may change their investment election for new contributions and existing balances daily. Redemption fees are applied to specific investments due to a participant invoking an investment change without allowing the investment holding period to expire. The period of time in which the investment must be held, and the fee charged, are determined by the investment.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Company's discretionary matching contribution portion of each participant's account is subject to the following vesting requirements:

Completed Years of Service*	Percentage of Company's Contributions Vested
Less than one	0%
One, but less than two	33%
Two, but less than three	66%
Three or more	100%

*A completed year of service equates to 1,000 hours of service completed by the participant in a vesting computation period.

Payment of Benefits

A participant who has attained age 59½ or has incurred a hardship (as defined in the Plan document) may receive a disbursement from the Plan. The Plan provides for lump-sum distributions, installment payments, or partial withdrawals for retirement, permanent disability, death, and termination of employment. Upon termination of employment, if the participant's account balance is \$1,000 or less, a participant will automatically receive a lump-sum payment less applicable withholding tax. If the participant's account balance exceeds \$1,000 but is less than \$5,000, a participant's account will be rolled over to an IRA or other eligible retirement plan as soon as reasonably practicable following the date employment terminates. A minimum required distribution from the Plan is required, unless the participant is a 5 percent owner of the Company, no later than April 1 of the calendar year following the calendar year that the participant turns 72 or terminates employment, whichever is later. If a participant is a 5 percent owner of the Company, the participant must start receiving a distribution no later than April 1 of the calendar year following the calendar year that the participant turns 72. Once a minimum required distribution is received, subsequent distributions should be received at least annually until all assets in the participant account are distributed.

Notes Receivable from Participants

Upon proper application, the Plan provides for notes to be made to participants. The minimum note that a participant may take is \$1,000. The total note from the Plan to a participant will not exceed the lesser of the following amounts:

\$50,000, reduced by the highest outstanding loan balance during the previous 12-month period or an amount equal to 50 percent of any participant's current vested interest in his/her account.

The notes bear interest at a fixed rate, which is determined by the Plan Administrator to be a reasonable rate of interest, taking into account the rate that would be charged by commercial lenders for money loaned under similar circumstances. Generally, notes are repayable over a specified period not to exceed five years. If, however, the note is to be used for the purchase of a participant's principal residence, the note is repayable over a specified period not to exceed ten years. Notes are secured by promissory notes providing for repayment of principal and interest through payroll deductions. As collateral for the note, the participant gives the Company a security interest in his/her vested accrued benefit in the Plan in an amount equal to the outstanding principal balance of the note plus accrued interest. No other property is given as collateral for the note.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Administration Expenses

Expenses incurred by the Plan Administrator and Trustee for their services and costs in administering the Plan may be paid out of the Plan; however, the Company may pay the Plan expenses directly. During 2022 and 2021, the Company elected to pay certain expenses of administering the Plan. A quarterly fee was also deducted from all Plan participants to cover the Plan's administrative costs.

Forfeited Accounts

Any forfeitures occurring during a Plan year shall first be used to pay administrative expenses, if so directed by the Company. To the extent that the forfeitures are not used to reduce administrative expenses, they may be applied to reduce the employer contributions. Forfeited nonvested accounts were used to pay Plan expenses of \$45,896 and \$122,197 for the years 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$69,114 and \$51,380, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net Depreciation in Fair Value of Investments

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net depreciation in the fair value of its investments, which consist of the realized gains and losses from sales of investments and unrealized depreciation on investments. The net change in unrealized depreciation in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or from date of purchase to the end of the year.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan document. Deemed distributions were \$9,071, for the year ended 2022.

NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Corrective Distributions Payable

Amounts payable to participants totaled \$0 and \$323,342 at December 31, 2022 and 2021, respectively, for contributions in excess of amounts allowed by the IRS. These amounts are recorded as corrective distributions payable, with a corresponding reduction from net assets available from benefits. The Plan distributed the 2021 excess contributions prior to 2022.

New Accounting Pronouncements

During 2022 and 2021, various new Accounting Standard Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The Plan Administrator of the Plan has determined, based on their review, that no new accounting pronouncements that were issued were applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable, and if they are applicable, their effect will be included in the Notes to the Financial Statements.

NOTE 3 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (UNAUDITED)

At December 31, 2022 and 2021, the Plan's investments, notes receivable from participants, and executed transactions therein were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTE 3 – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (UNAUDITED)
(Continued)**

The Plan's independent auditors did not perform auditing procedures with respect to the investments and notes receivable from participants that were certified by the Trustee at December 31, 2022 and 2021, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The common collective trust funds are valued at the net asset value (NAV) obtained directly from the fund house or other insurance provider. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The valuation of investments at December 31, 2022 and 2021, is prepared by the Trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2022 and 2021:

December 31, 2022				
	Level I	Level II	Level III	Total
Common collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 100,313,432
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ 100,313,432

December 31, 2021				
	Level I	Level II	Level III	Total
Common collective trust funds ^(a)	\$ -	\$ -	\$ -	\$ 123,497,935
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ 123,497,935

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following tables summarize the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust	\$ 100,313,432	N/A	Daily	Daily

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust	\$ 123,497,935	N/A	Daily	Daily

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

GNC LIVE WELL LATER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
YEAR ENDED DECEMBER 31, 2022

NOTE 6 – TAX STATUS

Although the Plan has not requested a determination from the IRS as to the Plan's tax-exempt status, the volume submitter plan from which the Plan was drafted has received a favorable determination letter from the IRS dated March 31, 2014. The volume submitter plan has been amended since receiving its determination letter. The Plan Administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Effective March 9, 2022, the prototype plan from which the Plan was drafted was restated and received a favorable determination letter from the IRS dated June 30, 2020.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee as defined by the Plan document. Transactions with the Trustee qualify as party-in-interest transactions. Fees for investment management services are included in administrative expenses. Direct fees paid by the Plan for trustee, recordkeeping services, investments management services, and audit services were \$370,780 for the year ended December 31, 2022. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their employer contributions. Assets will be allocated to each participant based on their respective account balance after payment of all final liquidation or termination expenses, pursuant to the directions of the Plan Administrator.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022, to Form 5500:
