INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of
DOS Health Care 401(k) Plan
Miami Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DOS Health Care 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Trustees of
DOS Health Care 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Trustees of
DOS Health Care 401(k) Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOS HEALTH CARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

NOTE 1 - PLAN DESCRIPTION

General

The following description of the DOS Health Care 401(k) Plan (the “Plan”), as amended, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan, which was established on July 1, 1999, is classified as a defined-contribution plan, covering eligible employees of DOS Health Care (the “Company”) with at least 1,000 hours of service during the Plan year, with at least one year of service, and who have attained the age of 21. The primary purpose of the Plan is to provide retirement savings benefits to employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of their gross compensation as defined in the Plan and subject to Internal Revenue Service (“IRS”) limitations. The Company makes a safe harbor matching contribution equal to 100% of participants’ elective contributions up to 3% of their annual compensation, plus 50% of the participants’ elective contributions in excess of 3%, but not greater than 5% of their annual compensation. In addition to the matching contributions, the Company may make qualified non-elective contributions for the benefit of all eligible participants. There were no such qualified non-elective contributions made by the Company during the year ended December 31, 2023.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant’s account is credited with the participant’s contributions, employer contributions, and allocations of Plan earnings and is charged with an allocation of administrative expenses, if any. Participant contributions and employer matching contributions are allocated, at the participant’s election, to investment funds held at John Hancock Trust Company LLC (the “Plan Custodian”) from December 19, 2023 through December 31, 2023 and Minnesota Life Insurance Company (the “Prior Plan Custodian”) from December 31, 2022 through December 19, 2023. Participants may change their investment options at any time with certain exceptions. Plan earnings are allocated based on the actual earnings of the respective participant’s investments. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s account.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances by executing a note in accordance with the Plan's provisions. The notes are collateralized by the balance in the participant's account and bear interest at a rate equal to 4.25% to 9.50%. Participants may have up to five outstanding loans at any one time, and the loan must be repaid within a period not to exceed five years from the date of the loan. Principal and interest are repaid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings or losses thereon. Vesting in the qualified non-elective contributions is based on a six-year graded schedule.

Payment of Benefits

Upon the death, permanent disability, or retirement of participants, distribution of benefits may be made in a form of a lump-sum or installment payment. Participants who terminate for reasons other than death, disability, or retirement are entitled only to the value in their account. As of December 31, 2023 and 2022, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held in registered investment companies are valued at the daily closing price, as reported by the fund. The registered investment companies' funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded and are considered Level 1 investments within the fair value hierarchy (see Note 4).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Amounts allocated to pooled separate accounts were credited to a participant's account in the form of accumulation units. The units of pooled separate accounts were stated at fair value, as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts were maintained on a unit-value basis. The value of an accumulation unit of any investment account is determined at the close of each business day and was directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by the Prior Plan Custodian and the daily equivalent of any fee charged by the Prior Plan Custodian pursuant to the contract. The value of each accumulation unit was published each business day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan Custodian offers a fully benefit-responsive fixed annuity contract (the "John Hancock Stable Value Guaranteed Account") issued by John Hancock Life Insurance Company (U.S.A.) (the "Issuing Company"). The John Hancock Stable Value Guaranteed Account has a minimum guaranteed interest rate, which is 1%. The Issuing Company guarantees that interest will be credited at the higher of the rate guaranteed in the group annuity contract, which is 1%, or the current rate declared by it (2.25% as of December 31, 2023). The Plan Custodian may change the initial interest rate for future contributions. New contributions are guaranteed to earn the applicable initial interest rate for at least a six-month time period from the date contributions are made. Investments held in the John Hancock Stable Value Guaranteed Account are deemed to be fully benefit-responsive, and contract value is the relevant measurement attribute because that is the amount participants normally will receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Custodian values the John Hancock Stable Value Guaranteed Account by crediting the declared rate of interest to the amounts allocated to the account. This value represents the amount Plan participants would receive if they were to withdraw or transfer funds within the Plan. The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Prior Plan Custodian offered fully benefit-responsive investment contracts, which had the Minnesota Life Guaranteed Return Account (the “MLGR Account”) as the only underlying investment option. Investments held in the MLGR Account were deemed to be fully benefit-responsive, and contract value was the relevant measurement attribute because that was the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Prior Plan Custodian guaranteed that interest would be credited at the higher of the rate guaranteed in the group annuity contract, which was 1%, or the current rate declared by it. The Prior Plan Custodian could have changed the initial interest rate for future contributions. New contributions were guaranteed to earn the applicable initial interest rate for at least a one-year time period from the date contributions were made. The Prior Plan Custodian valued the MLGR Account by crediting the declared rate of interest to the amounts allocated to the account.

Purchases and sales of funds are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Interest is automatically reinvested in additional fund units.

In accordance with the Plan’s policy of stating marketable securities at fair value, the net appreciation for the year ended December 31, 2023 is reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued but unpaid interest.

Contributions

Contributions to the Plan are recorded in the period in which they become obligations of the Plan Sponsor.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative and Other Costs

During the year ended December 31, 2023, administrative and other costs associated with the Plan amounting to approximately \$26,000 were paid directly by the Company. Plan administrative expenses of approximately \$34,000 were charged directly to the Plan. Certain other investment-related fees, commissions, and reporting expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles, and with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through October 8, 2024, which is the date the financial statements were available to be issued.

NOTE 3 - PLAN CERTIFICATION

The Plan Custodian and Prior Plan Custodian hold the Plan's investments and execute all investment transactions. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants at December 31, 2023 and 2022, net appreciation in fair value of investments, and interest for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian and Prior Plan Custodian.

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritize the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Significant, unobservable inputs used for valuing the asset or liability in which little or no market data exists.

A financial instrument's level, within the fair value hierarchy, is based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of:

December 31, 2023

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Investments:				
Registered investment companies	<u>\$ 7,269,017</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,269,017</u>

December 31, 2022

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Investments:				
Pooled separate accounts	<u>\$ -</u>	<u>\$ 6,371,592</u>	<u>\$ -</u>	<u>\$ 6,371,592</u>

There were approximately \$7,254,000 of funds transferred from fair value Level 2 investments to fair value Level 1 investments during the year ended December 31, 2023 in connection with the Plan changing from the Prior Plan Custodian to the Plan Custodian. There were no transfers of investments among fair value levels during the year ended December 31, 2022.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan's investments are not insured and are subject to risk. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian and Prior Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INCOME TAX STATUS

The Plan is intended to be a qualified trust under Section 401 of the Internal Revenue Code ("IRC") and is subject to the provisions of ERISA. The original Plan is a prototype plan prepared and maintained by the Plan's third-party administrator. The prototype plan obtained its latest determination letter on June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The adopted Plan has been amended, and the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt. Therefore, no provision for income taxes has been included in the Plan's accompanying financial statements.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
