INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Premier Financial Corp.
401(k) Employee Savings Plan
Defiance, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Premier Financial Corp. 401(k) Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - Description of Plan and Summary of Significant Accounting Policies

The following description of the Premier Financial Corp. 401(k) Employee Savings Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows for employee pretax deferrals, safe-harbor employer matching and non-elective (“discretionary”) employer contributions. It also allows for Roth deferrals effective July 1, 2012. The Plan was restated in 2021 and again in 2022 to update the eligibility conditions. Employees of Premier Financial Corp. (“the Company”) are generally eligible to participate in the Plan if they are at least 18 years of age and have completed 30 days of service. Any employee eligible to participate in the Plan is eligible to receive the safe-harbor match regardless of the number of hours worked during that year. Any participant that has worked 1,000 hours during a Plan year and who is an active employee on the last day of the Plan year would also be eligible for a discretionary contribution.

Contributions

Each year, participants may elect to defer up to 100% of pretax annual compensation and bonus compensation, up to the IRS maximum contribution limits, as defined by the Plan. Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also complete In-Plan Roth rollover contribution transactions, effective July 1, 2012. For each participant, the Company contributes a safe-harbor matching contribution equal to 100% of the participant’s contributions up to 3% of eligible compensation and then 50% of the participant’s contributions for the next 2% of eligible compensation. Additional discretionary Company contribution amounts may be contributed at the option of the Company’s Board of Directors, for which there were none in 2023 or 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer safe-harbor matching contributions, and employer discretionary contributions as accrued and charged with withdrawals, and an allocation of administrative expenses. Plan earnings are allocated to participant accounts based on units or shares in the participant’s account.

Employer safe-harbor matching contributions are paid bi-weekly. The Company’s discretionary contribution is paid after the completion of the plan year and is allocated to eligible participants. Participants who have less than 1,000 hours of service during the Plan year and participants whose employment is terminated before the last day of the Plan year, except for participants who retire, die or become disabled, do not receive an allocation of the Company’s discretionary contribution. The benefit to which a participant is entitled is the vested value of the participant’s account.

NOTE 1 - Description of Plan and Summary of Significant Accounting Policies *(continued)*

Vesting

Participants are immediately vested in their elective deferral contributions and the Company's safe-harbor match, plus actual earnings thereon. Vesting in the Company's employer matching and discretionary contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant with more than three years of service is 100% vested. Participants with less than three years of service have no vesting in the Company's matching or discretionary contributions. Participants who die or become disabled while still employees of the Company become vested 100% even if they otherwise would not meet the years of service requirements.

Investment Options

Upon enrollment in the Plan, participants direct contributions in 1% increments in any of the investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow the lesser of one-half the vested value of their account under the Plan or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The minimum loan amount is \$1,000. Loans made bear a fixed rate of interest equal to prime plus one percent at the time the loan is granted. Effective October 1, 2022, no more than nine loans may be outstanding at a time. Loans will not be refinanced or obtained for the purpose of paying off an existing loan.

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan allows for lump sum distributions as well as any distribution method provided in an investment vehicle that is permitted by the Plan. Also, effective July 1, 2012, the Plan allows for in-service distributions from all accounts upon attainment of age 59 ½. Participants may also elect to receive a distribution for reasons of proven financial hardship from their employee deferral account.

NOTE 1 - Description of Plan and Summary of Significant Accounting Policies *(continued)*

Benefit payments are recognized when paid.

Forfeited Accounts

Forfeited nonvested accounts, to the extent they relate to employer discretionary contributions, may first be used to reduce the Plan's administrative expenses then to reduce employer discretionary contributions in the Plan year in which the forfeiture occurs.

There was \$73,555 and \$102,760 in forfeited nonvested accounts available to reduce future employer matching contributions at December 31, 2023 and 2022, respectively. Starting in 2022, this amount is held in a money market account and included in "Investments at fair value" on the Statement of Net Assets Available for Benefits.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

All significant administrative expenses of the Plan are borne by the Plan. Certain investment fees are deducted from Plan assets and are reflected in the net appreciation (depreciation) of Plan investments (see Note 3).

NOTE 2 – Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Common/Collective Trusts (“CCTs”) – The Plan holds investments in CCTs through Fidelity Investments. These funds are valued at net asset value (“NAV”), as provided by the Trustee. The NAV is used as a practical expedient to estimate fair value.

Money Market Fund – The Plan’s money market fund is invested in the Fidelity Government Money Market Fund and is valued at NAV of \$1 per share.

Mutual Funds – The Plan has investments in Registered Investment Company Funds held through Fidelity Investments. These are mutual funds priced on the open market on a daily basis. Fund assets are valued at the close of business of the NYSE to compute each fund’s NAV.

Common Stock – The fair value is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 3 – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (trustee of the Plan).

NOTE 4 – Rights Upon Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their accounts.

NOTE 5 – Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (the "Code"). Although the Plan has been amended from the original prototype document, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and other regulatory bodies (such as the Department of Labor);

401(k) Employee Savings Plan
Notes to Financial Statements

NOTE 6 – Tax Status (*continued*)

however, there are currently no audits for any tax years in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 7 – Related Parties and Parties-In-Interest

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan Administrator is Premier Financial Corp. and the Trustee is Fidelity Management Trust Company.

Notes receivable from participants totaled \$1,401,382 and \$1,146,653 at December 31, 2023 and 2022, respectively, and are considered to be party-in-interest transactions.

All investments were managed by Fidelity Investments, the record keeper of the Plan.

The administrative expenses presented on the Statement of Changes in Net Assets Available for Benefits consist of fees paid to Fidelity Investments for certain services provided as record keepers of the Plan.

The Plan holds shares of Premier Financial Corporation (PFC) common stock of which there were \$149,329 and \$150,567 cash dividends paid during 2023 and 2022, respectively. These holdings are considered a related party investment. Additionally, during 2023, realized losses on sales of PFC shares aggregated \$26,826.

NOTE 8 - Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 8, 2024, which is the date the financial statements were available to be issued. On July 25, 2024, Premier Financial Corp. (the “Company” or “Premier”), Premier Bank, WesBanco, Inc., (“WesBanco”) and WesBanco Bank, Inc. (“WesBanco Bank”) entered into a definitive Agreement and Plan of Merger (the “Merger Agreement”) providing for the merger of Premier with and into the WesBanco (the “Merger”) upon the terms and subject to the conditions set forth in the Merger Agreement. As a result of the Merger, the separate corporate existence of Premier will cease, and WesBanco will continue as the surviving corporation in the Merger. The Merger Agreement also provides that, immediately following the completion of the Merger, Premier Bank, an Ohio state-chartered bank and a wholly-owned subsidiary of Premier, will merge with and into WesBanco Bank, a West Virginia banking corporation and a wholly-owned subsidiary of WesBanco (the “Bank Merger”), with WesBanco Bank continuing as the surviving bank in the Bank Merger. The Merger Agreement was unanimously authorized and approved by the respective Boards of Directors of each of Premier, Premier Bank, WesBanco, and WesBanco Bank. Subject to the terms and conditions of the Merger Agreement, at the effective time of the

Plan Administrator
Premier Financial Corp.

Defiance, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Premier Financial Corp. 401(k) Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - Description of Plan and Summary of Significant Accounting Policies

The following description of the Premier Financial Corp. 401(k) Employee Savings Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows for employee pretax deferrals, safe-harbor employer matching and non-elective (“discretionary”) employer contributions. It also allows for Roth deferrals effective July 1, 2012. The Plan was restated in 2021 and again in 2022 to update the eligibility conditions. Employees of Premier Financial Corp. (“the Company”) are generally eligible to participate in the Plan if they are at least 18 years of age and have completed 30 days of service. Any employee eligible to participate in the Plan is eligible to receive the safe-harbor match regardless of the number of hours worked during that year. Any participant that has worked 1,000 hours during a Plan year and who is an active employee on the last day of the Plan year would also be eligible for a discretionary contribution.

Contributions

Each year, participants may elect to defer up to 100% of pretax annual compensation and bonus compensation, up to the IRS maximum contribution limits, as defined by the Plan. Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also complete In-Plan Roth rollover contribution transactions, effective July 1, 2012. For each participant, the Company contributes a safe-harbor matching contribution equal to 100% of the participant’s contributions up to 3% of eligible compensation and then 50% of the participant’s contributions for the next 2% of eligible compensation. Additional discretionary Company contribution amounts may be contributed at the option of the Company’s Board of Directors, for which there were none in 2023 or 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer safe-harbor matching contributions, and employer discretionary contributions as accrued and charged with withdrawals, and an allocation of administrative expenses. Plan earnings are allocated to participant accounts based on units or shares in the participant’s account.

Employer safe-harbor matching contributions are paid bi-weekly. The Company’s discretionary contribution is paid after the completion of the plan year and is allocated to eligible participants. Participants who have less than 1,000 hours of service during the Plan year and participants whose employment is terminated before the last day of the Plan year, except for participants who retire, die or become disabled, do not receive an allocation of the Company’s discretionary contribution. The benefit to which a participant is entitled is the vested value of the participant’s account.

NOTE 1 - Description of Plan and Summary of Significant Accounting Policies *(continued)*

Vesting

Participants are immediately vested in their elective deferral contributions and the Company's safe-harbor match, plus actual earnings thereon. Vesting in the Company's employer matching and discretionary contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant with more than three years of service is 100% vested. Participants with less than three years of service have no vesting in the Company's matching or discretionary contributions. Participants who die or become disabled while still employees of the Company become vested 100% even if they otherwise would not meet the years of service requirements.

Investment Options

Upon enrollment in the Plan, participants direct contributions in 1% increments in any of the investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow the lesser of one-half the vested value of their account under the Plan or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The minimum loan amount is \$1,000. Loans made bear a fixed rate of interest equal to prime plus one percent at the time the loan is granted. Effective October 1, 2022, no more than nine loans may be outstanding at a time. Loans will not be refinanced or obtained for the purpose of paying off an existing loan.

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan allows for lump sum distributions as well as any distribution method provided in an investment vehicle that is permitted by the Plan. Also, effective July 1, 2012, the Plan allows for in-service distributions from all accounts upon attainment of age 59 ½. Participants may also elect to receive a distribution for reasons of proven financial hardship from their employee deferral account.

NOTE 1 - Description of Plan and Summary of Significant Accounting Policies *(continued)*

Benefit payments are recognized when paid.

Forfeited Accounts

Forfeited nonvested accounts, to the extent they relate to employer discretionary contributions, may first be used to reduce the Plan's administrative expenses then to reduce employer discretionary contributions in the Plan year in which the forfeiture occurs.

There was \$73,555 and \$102,760 in forfeited nonvested accounts available to reduce future employer matching contributions at December 31, 2023 and 2022, respectively. Starting in 2022, this amount is held in a money market account and included in "Investments at fair value" on the Statement of Net Assets Available for Benefits.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

All significant administrative expenses of the Plan are borne by the Plan. Certain investment fees are deducted from Plan assets and are reflected in the net appreciation (depreciation) of Plan investments (see Note 3).

NOTE 2 – Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Common/Collective Trusts (“CCTs”) – The Plan holds investments in CCTs through Fidelity Investments. These funds are valued at net asset value (“NAV”), as provided by the Trustee. The NAV is used as a practical expedient to estimate fair value.

Money Market Fund – The Plan’s money market fund is invested in the Fidelity Government Money Market Fund and is valued at NAV of \$1 per share.

Mutual Funds – The Plan has investments in Registered Investment Company Funds held through Fidelity Investments. These are mutual funds priced on the open market on a daily basis. Fund assets are valued at the close of business of the NYSE to compute each fund’s NAV.

Common Stock – The fair value is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 3 – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (trustee of the Plan).

NOTE 4 – Rights Upon Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their accounts.

NOTE 5 – Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (the "Code"). Although the Plan has been amended from the original prototype document, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and other regulatory bodies (such as the Department of Labor);

Notes to Financial Statements

NOTE 6 – Tax Status (*continued*)

however, there are currently no audits for any tax years in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 7 – Related Parties and Parties-In-Interest

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan Administrator is Premier Financial Corp. and the Trustee is Fidelity Management Trust Company.

Notes receivable from participants totaled \$1,401,382 and \$1,146,653 at December 31, 2023 and 2022, respectively, and are considered to be party-in-interest transactions.

All investments were managed by Fidelity Investments, the record keeper of the Plan.

The administrative expenses presented on the Statement of Changes in Net Assets Available for Benefits consist of fees paid to Fidelity Investments for certain services provided as record keepers of the Plan.

The Plan holds shares of Premier Financial Corporation (PFC) common stock of which there were \$149,329 and \$150,567 cash dividends paid during 2023 and 2022, respectively. These holdings are considered a related party investment. Additionally, during 2023, realized losses on sales of PFC shares aggregated \$26,826.

NOTE 8 - Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 8, 2024, which is the date the financial statements were available to be issued. On July 25, 2024, Premier Financial Corp. (the “Company” or “Premier”), Premier Bank, WesBanco, Inc., (“WesBanco”) and WesBanco Bank, Inc. (“WesBanco Bank”) entered into a definitive Agreement and Plan of Merger (the “Merger Agreement”) providing for the merger of Premier with and into the WesBanco (the “Merger”) upon the terms and subject to the conditions set forth in the Merger Agreement. As a result of the Merger, the separate corporate existence of Premier will cease, and WesBanco will continue as the surviving corporation in the Merger. The Merger Agreement also provides that, immediately following the completion of the Merger, Premier Bank, an Ohio state-chartered bank and a wholly-owned subsidiary of Premier, will merge with and into WesBanco Bank, a West Virginia banking corporation and a wholly-owned subsidiary of WesBanco (the “Bank Merger”), with WesBanco Bank continuing as the surviving bank in the Bank Merger. The Merger Agreement was unanimously authorized and approved by the respective Boards of Directors of each of Premier, Premier Bank, WesBanco, and WesBanco Bank. Subject to the terms and conditions of the Merger Agreement, at the effective time of the
