INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
A. Stucki Company 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of A. Stucki Company 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the accompanying financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. STUCKI COMPANY 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the A. Stucki Company 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions

General - The Plan provides all full-time nonunion employees, who meet age and service requirements, of A. Stucki Company (the "Company") with a tax-deferred savings and profit-sharing program. The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions - The Company makes a safe harbor contribution equal to 100% of the first 3% of employee elective deferrals and 50% on the next 2% of employee elective deferrals.

The Company may also elect to provide a profit-sharing contribution. The amount of the profit sharing contribution is determined annually by the Board of Directors based on the profitability of the Company. The Company did not make a profit sharing contribution for 2023 or 2022.

Employee Contributions - All employees who meet age and service requirements are eligible to participate in the Plan. The Plan provides for employee contributions from 1% to 85% of compensation, subject to IRS limitations on total deferrals. Employee contributions consist of employee elective deferrals and rollovers from other qualified plans. Effective May 1, 2024, the Plan was amended to allow for automatic enrollment of new participants at 3% of eligible compensation.

Participant Accounts - Each participant's account is credited with the participant's contributions, share of plan earnings and employer contributions.

Investments - The Plan's investments are held by the custodian of the Plan. Participants may direct contributions to the investment options available within the Plan. Participants may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions, their share of safe harbor employer contributions and the respective earnings thereon. Vesting in profit sharing contributions and earnings thereon is according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%

4	60%
5	80%
6 or More	100%

Participants are 100% vested in the event of total disability, death or upon reaching retirement age prior to guidelines noted above.

Forfeitures - Forfeitures represent non-vested benefit payments remaining in the Plan for all current-year terminated employees. Forfeitures are applied to reduce employer contributions or, if in excess of employer contributions, allocated among the remaining participants. During the years ended December 31, 2023 and 2022, there were no forfeitures. There is no available balance in the forfeitures account at December 31, 2023 or 2022.

Payment of Benefits - Benefit payments to participants are recorded at the time of distribution.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based upon published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The unrealized appreciation of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation of investments is determined from the date of purchase to the date of sale. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Dividend and interest income is recorded as earned.

The guaranteed investment contract is reported a contract value, which is the relevant measure attributable because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 3).

U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs that may be used to measure fair value are defined as:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes Receivable from Participants - Participants may borrow up to 50% of their account balance, up to a maximum of \$50,000. The amount of the loan must be at least \$1,000. Loans accrue interest at a rate equal to the prime rate plus 1% at the inception of the loan and are secured by the participant's account balance. The interest rates on the loans outstanding at December 31, 2023 and 2022 ranged from 4.25% to 9.5% and 4.25% to 8.5%, respectively. All loans must be repaid in their entirety over a maximum of 54 months, unless the purpose of the loan is to purchase a principal residence.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Administrative expenses of the Plan are paid by the Company; certain investment and custodial fees are paid by the Plan.

Subsequent Events - Management has evaluated subsequent events through October 9, 2024, the date which the financial statements were available to be issued.

2. INVESTMENTS

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Investments in mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held at year end (Level 1 measurement).

Collective Investment Trusts (CITs): Each CIT invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The collective trust fund and the separate accounts are not valued using publicly quoted pricing inputs; the mutual funds are valued using publicly quoted pricing inputs. The fair values of all of these

investments are used to determine the net asset value (NAV) of each CIT. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each CIT can be redeemed at NAV as of the measurement date. Therefore, each CIT has a readily determinable fair value (Level 1 measurement).

Pooled Separate Accounts (PSAs): Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 1 measurement).

Investments measured at fair value are as follows at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 2,055,095	\$ 570,610
Collective investment trusts	24,816,472	22,036,363
Pooled separate accounts	<u>1,199,631</u>	<u>1,244,675</u>
Total	<u>\$ 28,071,198</u>	<u>\$ 23,851,648</u>

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds fully benefit-responsive guaranteed investment contracts with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with PLIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. CERTIFIED FINANCIAL INFORMATION

Principal Trust Company, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of assets available for benefits as of December 31, 2023 and 2022.
- Investment activity as shown in the statements of changes in assets available for benefits for the years ended December 31, 2023 and 2022.
- The accompanying schedule of assets held for investment purposes as of December 31, 2023.

5. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The assets of the Plan will be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

6. FEDERAL INCOME TAX STATUS

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan with a cash or deferred arrangement. The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated June 30, 2020 that the form of the pre-approved plan is acceptable for use by employers under IRC Section 401. Although the Plan has been

amended, the Plan sponsor believes that the Plan is currently being administered in compliance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes there is no liability related to uncertain tax positions at December 31, 2023 or 2022. The Plan is no longer subject to tax examinations for the years before December 31, 2020.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

Principal Trust Company served as the custodian of the Plan during the years ended December 31, 2023 and 2022, respectively.

Certain plan investments in collective trusts, pooled separate accounts and the guaranteed investment contract are managed by Principal Life Insurance Company and Principal Trust Company, the custodian, and affiliated companies. Additionally, the Plan paid certain administrative fees for custodial services. Fees paid by the Plan for custodial services were not significant for the period ended December 31, 2023 and are not considered prohibited transactions under Section 408(b) of ERISA regulations.

Neither the Sponsor nor employees of the Sponsor involved in the administration of the Plan receive compensation from the Plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
A. Stucki Company 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of A. Stucki Company 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the accompanying financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. STUCKI COMPANY 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the A. Stucki Company 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions

General - The Plan provides all full-time nonunion employees, who meet age and service requirements, of A. Stucki Company (the "Company") with a tax-deferred savings and profit-sharing program. The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions - The Company makes a safe harbor contribution equal to 100% of the first 3% of employee elective deferrals and 50% on the next 2% of employee elective deferrals.

The Company may also elect to provide a profit-sharing contribution. The amount of the profit sharing contribution is determined annually by the Board of Directors based on the profitability of the Company. The Company did not make a profit sharing contribution for 2023 or 2022.

Employee Contributions - All employees who meet age and service requirements are eligible to participate in the Plan. The Plan provides for employee contributions from 1% to 85% of compensation, subject to IRS limitations on total deferrals. Employee contributions consist of employee elective deferrals and rollovers from other qualified plans. Effective May 1, 2024, the Plan was amended to allow for automatic enrollment of new participants at 3% of eligible compensation.

Participant Accounts - Each participant's account is credited with the participant's contributions, share of plan earnings and employer contributions.

Investments - The Plan's investments are held by the custodian of the Plan. Participants may direct contributions to the investment options available within the Plan. Participants may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions, their share of safe harbor employer contributions and the respective earnings thereon. Vesting in profit sharing contributions and earnings thereon is according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%

4	60%
5	80%
6 or More	100%

Participants are 100% vested in the event of total disability, death or upon reaching retirement age prior to guidelines noted above.

Forfeitures - Forfeitures represent non-vested benefit payments remaining in the Plan for all current-year terminated employees. Forfeitures are applied to reduce employer contributions or, if in excess of employer contributions, allocated among the remaining participants. During the years ended December 31, 2023 and 2022, there were no forfeitures. There is no available balance in the forfeitures account at December 31, 2023 or 2022.

Payment of Benefits - Benefit payments to participants are recorded at the time of distribution.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based upon published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The unrealized appreciation of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation of investments is determined from the date of purchase to the date of sale. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Dividend and interest income is recorded as earned.

The guaranteed investment contract is reported a contract value, which is the relevant measure attributable because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 3).

U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs that may be used to measure fair value are defined as:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes Receivable from Participants - Participants may borrow up to 50% of their account balance, up to a maximum of \$50,000. The amount of the loan must be at least \$1,000. Loans accrue interest at a rate equal to the prime rate plus 1% at the inception of the loan and are secured by the participant's account balance. The interest rates on the loans outstanding at December 31, 2023 and 2022 ranged from 4.25% to 9.5% and 4.25% to 8.5%, respectively. All loans must be repaid in their entirety over a maximum of 54 months, unless the purpose of the loan is to purchase a principal residence.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Administrative expenses of the Plan are paid by the Company; certain investment and custodial fees are paid by the Plan.

Subsequent Events - Management has evaluated subsequent events through October 9, 2024, the date which the financial statements were available to be issued.

2. INVESTMENTS

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Investments in mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held at year end (Level 1 measurement).

Collective Investment Trusts (CITs): Each CIT invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The collective trust fund and the separate accounts are not valued using publicly quoted pricing inputs; the mutual funds are valued using publicly quoted pricing inputs. The fair values of all of these

investments are used to determine the net asset value (NAV) of each CIT. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each CIT can be redeemed at NAV as of the measurement date. Therefore, each CIT has a readily determinable fair value (Level 1 measurement).

Pooled Separate Accounts (PSAs): Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 1 measurement).

Investments measured at fair value are as follows at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 2,055,095	\$ 570,610
Collective investment trusts	24,816,472	22,036,363
Pooled separate accounts	<u>1,199,631</u>	<u>1,244,675</u>
Total	<u>\$ 28,071,198</u>	<u>\$ 23,851,648</u>

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds fully benefit-responsive guaranteed investment contracts with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with PLIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. CERTIFIED FINANCIAL INFORMATION

Principal Trust Company, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of assets available for benefits as of December 31, 2023 and 2022.
- Investment activity as shown in the statements of changes in assets available for benefits for the years ended December 31, 2023 and 2022.
- The accompanying schedule of assets held for investment purposes as of December 31, 2023.

5. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The assets of the Plan will be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

6. FEDERAL INCOME TAX STATUS

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan with a cash or deferred arrangement. The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated June 30, 2020 that the form of the pre-approved plan is acceptable for use by employers under IRC Section 401. Although the Plan has been

amended, the Plan sponsor believes that the Plan is currently being administered in compliance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes there is no liability related to uncertain tax positions at December 31, 2023 or 2022. The Plan is no longer subject to tax examinations for the years before December 31, 2020.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

Principal Trust Company served as the custodian of the Plan during the years ended December 31, 2023 and 2022, respectively.

Certain plan investments in collective trusts, pooled separate accounts and the guaranteed investment contract are managed by Principal Life Insurance Company and Principal Trust Company, the custodian, and affiliated companies. Additionally, the Plan paid certain administrative fees for custodial services. Fees paid by the Plan for custodial services were not significant for the period ended December 31, 2023 and are not considered prohibited transactions under Section 408(b) of ERISA regulations.

Neither the Sponsor nor employees of the Sponsor involved in the administration of the Plan receive compensation from the Plan.
