INDEPENDENT AUDITORS' REPORT

Plan Administrator
Freeport-McMoRan Inc.
Employee Capital Accumulation Program
Phoenix, Arizona

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Freeport-McMoRan Inc. Employee Capital Accumulation Program, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Freeport-McMoRan Inc. Employee Capital Accumulation Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Freeport-McMoRan Inc. Employee Capital Accumulation Program and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Freeport-McMoRan Inc. Employee Capital Accumulation Program's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Plan Administrator
Freeport-McMoRan Inc.
Employee Capital Accumulation Program

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Freeport-McMoRan Inc. Employee Capital Accumulation Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Freeport-McMoRan Inc. Employee Capital Accumulation Program's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Freeport-McMoRan Inc.
Employee Capital Accumulation Program

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employee Capital Accumulation Program

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Freeport-McMoRan Inc. Employee Capital Accumulation Program (the "Plan") provides only general information. Participants should refer to the Plan's Summary Plan Description for a summary of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees (the "Participants") of Freeport-McMoRan Inc. ("FCX") and its participating subsidiaries and affiliates, effective January 1, 1996. Generally, all employees are eligible to participate in the Plan other than employees covered by a collective bargaining agreement that does not provide for participation in this Plan, certain leased employees, employees who are classified as "extra" and work on an "as needed" basis, resident aliens on temporary assignment in the United States ("U.S.") under contract with a participating employer and non-resident aliens.

Amendments

The Plan was last restated in its entirety effective January 1, 2017, and has subsequently been amended on several occasions to comply with applicable statutory and regulatory requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by a committee (the "Committee") appointed by FCX's Board of Directors or its designee, who is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective January 1, 2015, the master trust was replaced with the Freeport-McMoRan Inc. Capital Accumulation Program Trust (the "Trust"). The Plan has a Trust agreement with Charles Schwab Trust Bank (the "Trustee").

Brokerage commissions, taxes and other expenses incurred in connection with the purchase and sale of securities or other property for a fund are paid by such fund and are included in net investment income in the Statement of Changes in Net Assets Available for Benefits. All other fees and expenses of plan administration are paid by the Trust unless FCX elects, in its sole discretion, to pay those expenses directly.

Contributions

Contributions to the Plan are not subject to income tax unless withdrawn by the Participant and not rolled over to another qualified retirement plan or individual retirement account. Eligible employees may make pre-tax deferral contributions or Roth (after-tax) contributions, subject to certain limitations, from 1% to

75% of their eligible earnings in increments of 1%. Any Participant with a contribution rate of less than 5% (including no contribution) is subject to an automatic 1% increase in the contribution rate, which occurs every year. A Participant is also provided a reasonable period of time, not less than 30 days, commencing on January 1 to opt out of the automatic increase by making a new affirmative election.

Participants who have attained age 50 before the end of the applicable year may be eligible to make additional contributions up to the annual catch-up limit. For 2023, the annual maximum employee contributions were \$22,500 for employees up to age 50 and \$30,000 for employees over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The safe harbor matching contributions from FCX ("Company Matching Contributions") are equal to 100% of the Participant's contributions up to 5% of their eligible earnings as defined by the Plan document. Participation in the Plan begins as soon as administratively practicable following receipt of an election form from an eligible employee. All contributions are invested in one or more of the investment vehicles available within or through the Plan as directed by Participants.

FCX also provides supplemental monthly ("Enhanced ECAP") contributions for eligible employees which ranges from 5% to 10% of their "pensionable earnings" as defined by the Plan document. The contribution percentage is based on certain eligibility criteria as specified in the Plan document. The Enhanced ECAP contributions are ineligible for withdrawal prior to separation from service and are not available as a loan source. In addition, FCX may make discretionary company contributions.

Participant Accounts

Each Participant's account is credited with the Participant's contributions (including rollover contributions), their allocation of FCX's contributions and an allocation of Plan earnings (losses). Plan earnings (losses) are allocated ratably by investment fund based on each individual Participant's account balance in that investment fund. The benefit to which a Participant is entitled from the Plan is the Participant's vested account balance.

Vesting

Participants are fully vested in their after-tax contributions, pre-tax contributions, Company Matching Contributions and rollover contributions.

Participants become fully vested in their Enhanced ECAP contributions (including performance incentive awards program equalization contributions for certain employees) and any discretionary company contributions after completing three years of recognized service. Recognized service begins on the date of employment. A Participant who does not complete the required three years of recognized service prior to termination of employment will forfeit these FCX contributions. However, in the event the Plan is terminated or the Participant dies, becomes disabled, or retires prior to severance from employment or layoff, the Participant shall be fully vested.

Forfeitures

FCX utilizes forfeitures to partially fund its future employer contributions. In 2023, employer contributions were reduced by \$3.0 million from the forfeited nonvested accounts. Remaining forfeited nonvested accounts that may be used for future employer contributions totaled \$0.6 million and \$1.4 million at December 31, 2023 and 2022, respectively.

Investments

Upon enrollment in the Plan, a Participant elects to allocate contributions among a variety of investment funds provided by the Plan comprised of mutual funds, collective trust funds and a money market fund. Additionally, Participants may direct their account balances into investments of their own choice under a self-directed brokerage option. The Plan's investment options are intended to comply with Section 404(c) of ERISA.

Participants may change their investment options on any business day.

Distributions

Plan assets are distributed as directed by Participants following separation from service. The benefit may be paid in lump sum as soon as administratively feasible or payment may be deferred. If the value of a Participant's benefit is \$7,000 or less (\$1,000 for distributions before January 1, 2024), the amount may be distributed in cash without the Participant's consent. In-service withdrawals of Participants' elective deferral contributions are permitted only after age 59½ or in the case of certain defined financial hardships. Participants may not receive any in-service withdrawals while their place of residence is outside the U.S. Effective January 1, 2009, Participants may withdraw their Company Matching Contributions for only those amounts attributable to participation in the Plan prior to January 1, 2009.

After-tax contributions were permitted in certain plans that transferred assets into the Plan. Participants may withdraw such after-tax contributions and earnings thereon at any time. Rollover contributions may be withdrawn at any time. All withdrawals and distributions are made in accordance with rules outlined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their account balances up to a maximum of \$50,000 (reduced by the highest outstanding balance of Plan loans during the 12-month period ending on the day before the date on which the loan was made) or 50% of their vested account balance (excluding any balance in the Enhanced ECAP account), whichever is less. The loans are repayable in equal installments over a maximum five-year period with the exception of loans for the purchase of a principal residence that can extend to 10 years. Loans bear interest at market rates that were in effect at the inception of the loan. The interest rate applicable to a loan is fixed for the duration of the loan. Loans bear interest at the prime rate as quoted by the Trustee plus 1%. The prime rate at December 31, 2023, was 8.5%. As of December 31, 2023, interest rates on loans outstanding range from 4.25% to 10.25%.

Loans are repaid by payroll deductions and interest is credited to the Participant's accounts. Loans are generally secured by the Participant's account balance.

Delinquent Participant loans are reclassified as distributions based upon the terms of the Plan document.

Plan Termination

The Plan may be amended or terminated at any time by FCX. No such action may cause any portion of the Plan assets to revert to FCX or to be used or diverted for any purpose other than for the exclusive benefit of Participants or their beneficiaries.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, income is recognized when earned, and expenses are recorded when incurred.

Additionally, investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts that are required to be reported at contract value. There were no fully benefit-responsive investment contracts held by the Trust at December 31, 2023 and 2022.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

Plan investments are presented at fair value. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Trustee. See Note 4 for further discussion of fair value measurement.

Security transactions are recorded on a trade-date basis. Expenses paid by the Plan in connection with such transactions include brokerage commissions and taxes that are included in the cost of securities purchased and deducted from the proceeds of securities sold. Net appreciation in the fair value of the Plan's investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Realized gains (losses) are calculated as sales proceeds less current value at the beginning of the year or acquisition cost if acquired during the year. Unrealized gains (losses) are calculated at current value of investments held at the end of the year less their current value at the beginning of the year or acquisition cost if acquired during the year. Dividend income is recognized on the ex-dividend date. Interest income is recognized as earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are charged to expense when incurred.

No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Risks and Uncertainties

Investments held by the Plan are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect Participants' account balances and the amounts reported in the

Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Contributions

Employer and Participant contributions are recognized on the accrual basis.

Distributions

Distributions are recorded when paid.

Note 3. Investments

Information Certified by the Trustee

The Trustee has provided the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits at December 31, 2023 and 2022, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 4. Fair Value Measurement

Fair value accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and |
| Level 3 | Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (supported by little or no market activity). |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments measured using net asset value ("NAV") per share as a practical expedient are presented in the following tables to permit a reconciliation of the fair value hierarchy to total investments.

The following table sets forth the Plan's investments measured at fair value on a recurring basis at December 31, 2023 (in thousands):

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 241,687	\$ —	\$ —	\$ 241,687
Self-directed brokerage option	273,474	—	—	273,474
Money market funds	39,292	—	—	39,292
FCX Common Stock Fund	20,847	—	—	20,847
Total assets in the fair value hierarchy	<u>\$ 575,300</u>	<u>\$ —</u>	<u>\$ —</u>	575,300
Collective trust funds measured at NAV				<u>1,690,267</u>
Total Plan investments at fair value				<u>\$ 2,265,567</u>

The following table sets forth the Plan's investments measured at fair value on a recurring basis at December 31, 2022 (in thousands):

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 203,689	\$ —	\$ —	\$ 203,689
Self-directed brokerage option	222,291	—	—	222,291
Money market funds	38,540	—	—	38,540
FCX Common Stock Fund	20,294	—	—	20,294
Total assets in the fair value hierarchy	<u>\$ 484,814</u>	<u>\$ —</u>	<u>\$ —</u>	484,814
Collective trust funds measured at NAV				<u>1,390,280</u>
Total Plan investments at fair value				<u>\$ 1,875,094</u>

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Mutual funds, funds in the self-directed brokerage option, money market funds, and the FCX Common Stock Fund are classified within Level 1 of the fair value hierarchy because they are valued using quoted market prices.

The collective trust funds are valued at the NAV which is based on the fair value of the underlying investments held by the fund. These funds include target date portfolio funds, a retirement savings trust fund, an international small-cap equity trust fund, Standard & Poor's (S&P) 500 index trust fund and a bond market index trust fund.

- The target date portfolio funds invest in Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of the target year. These funds have underlying (i) bond holdings that include a diversified mix of short-, intermediate- and long-term government and investment-grade corporate bonds; inflation-protected public obligations; and mortgage-backed and asset-backed securities; and (ii) stock holdings that include a diversified mix of large-, mid- and small-capitalization stocks.

- The retirement savings trust fund invests primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-income investments.
- The international small-cap equity trust fund invests primarily in common stocks of rapidly growing small- and medium-sized companies in emerging and developed foreign markets with good prospects for capital appreciation or dividend growth.
- The S&P's 500 index trust fund invests all of its assets in the Vanguard 500 Index Fund designed to track the performance of the S&P's 500 Index.
- The bond market index trust fund invests all of its assets in the Vanguard Total Bond Market Index Fund which employs an indexing investment approach designed to track the performance of the Bloomberg U.S. Aggregate Float Adjusted Bond Index.

These funds have no unfunded commitments and can be redeemed daily with no redemption notice period except the Vanguard Retirement Savings Trust II which has a 12-month notice for sponsor redemptions.

Note 5. Related Party Transactions

The Plan holds, through the Trust, common stock of FCX. Because FCX is the Plan sponsor, transactions involving FCX's common stock qualify as party-in-interest transactions. In addition, certain Plan investments held by the Trust are shares of common stocks, mutual funds and other investments (included in the self-directed brokerage option) managed by the Trustee or are loans to Participants, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Trust to the Trustee or the record keeper, which is an affiliate of the Trustee, qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated February 28, 2018, which states that the Plan met the requirements of Section 401(a) of the Internal Revenue Code ("IRC") and that the earnings of the Trust are exempt from taxation under Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter; however, the Committee and its legal counsel believe that the Plan, as amended and as operated, continues to satisfy IRS requirements for tax exemption.

Note 7. Subsequent Events

The Committee has evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued, and determined any events or transactions occurring after December 31, 2023, that would require recognition or disclosure are appropriately addressed in these financial statements.
