INDEPENDENT AUDITORS' REPORT

To the Plan Trustees and Participants
The Vermont Country Store, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Vermont Country Store, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

To the Plan Trustees and Participants
The Vermont Country Store, Inc. Profit Sharing Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE VERMONT COUNTRY STORE, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan

The following brief description of The Vermont Country Store, Inc., Profit Sharing Plan (the Plan) is provided for general information only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all employees of Vermont Country Store, Inc. (the Company) who have completed one year of service with at least 1,000 hours. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan was restated effective January 1, 2022 in order to comply with the Internal Revenue Service (IRS) Cycle 3 restatement. There were no significant changes to Plan operations as a result of this restatement.

Contributions

Participants may contribute on a pre-tax or Roth basis up to 75% of their annual compensation as defined in the Plan. Contributions are subject to certain limitations as defined by the Internal Revenue Code (the Code).

The Plan allows for the Company to make a 3% safe harbor non-elective discretionary contribution. The Company elected to make this 3% safe harbor contribution to all eligible participants in 2023. In addition, the Company may make a contribution to the Plan based on a percentage of current profits. This contribution is discretionary and determined annually by the Company's board of directors. The discretionary contribution is credited to participants' accounts based on a participant group allocation method. An employee must work 1,000 hours during the Plan year and be an active employee on the last day of the Plan year to receive this discretionary contribution, if awarded. No profit sharing contributions were made in 2023.

The Plan also provides for an employer discretionary matching contribution. Participants do not need to be an active employee on the last day of the Plan year to receive this discretionary matching contribution, if awarded. In 2023, the Company elected to make employer discretionary matching contributions in the amount of 50% up to 4% of employee contributions.

The Plan also provides for automatic enrollment into the Plan. If an employee does not elect a deferral upon becoming eligible, an automatic enrollment of 2% of eligible compensation is deferred and increases by 1% per year until it reaches 10% of eligible compensation. An employee can opt out at any time.

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and an allocation of Plan earnings or losses and forfeitures, as applicable, as well as an allocation of administrative expenses, including investment management and recordkeeping fees. Allocations are based on participant earnings/losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan (Continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions and the employer discretionary safe harbor non-elective contributions plus actual earnings or losses thereon. The vesting schedule for employer discretionary profit sharing contributions and employer discretionary matching contributions is as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40
3	60
4	80
5	100

Participants are immediately vested in all accounts upon normal retirement age of 59 ½ or in the event of death or permanent disability.

Payment of Benefits

Upon termination of service due to retirement, death or other reasons, a participant may elect to receive a lump sum payment equal to the value of their account, or may defer the distribution to a future date. The Plan also provides for partial payments as an optional form of distribution from a participant's account. The normal retirement age is 59 ½ and in-service distributions are permitted upon reaching the normal retirement date. The Plan also provides for hardship distributions. Vested account balances greater than \$1,000 and up to \$5,000 may be automatically distributed to an IRA on the participant's behalf upon termination of employment unless the participant elects a direct distribution to an eligible retirement plan. Vested account balances of \$1,000 or less may be automatically distributed to the participant in a lump-sum on the participant's behalf upon termination of employment.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, for a period of five years. The minimum note amount is \$1,000 and the Plan permits only one note per participant at a time. Note terms may not exceed five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is repaid through payroll deduction. Interest rates range from 4.25% – 9.50% at December 31, 2023 with various maturities through December 2028.

Forfeitures

Forfeitures of the employer discretionary profit sharing contribution and employer discretionary matching contributions are allocated first, to pay plan expenses; second, to restore participants' forfeitures; and third, to reduce the employer's contribution or reallocated to participants, as elected by the Company. The balance of unallocated forfeitures as of December 31, 2023 and 2022 was \$9,762 and \$34,242, respectively, and was included in the Galliard Stable Return Fund C at December 31, 2023 and 2022. The Plan used forfeitures totaling \$42,323 during 2023 to pay plan expenses.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. **Description of Plan (Continued)**

Administrative Expenses

The Company pays certain expenses incurred in the administration of the Plan.

Plan Termination

Although it has not expressed any intent to date, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

2. **Summary of Significant Accounting Policies**

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions are recorded in the period in which payroll deductions are made. Employer discretionary contributions are determined on an annual basis and recorded in the year for which the related employee service was performed.

Notes Receivable from Participants

Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the Plan Administrator deems the note to be a distribution, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the accompanying financial statements and related disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

Events occurring after the statements of assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through October 8, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by Charles Schwab Trust Bank, the custodian, as of and for the year ended December 31, 2023 and as of December 31, 2022, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the custodian stating that the information provided to the Plan Administrator by the custodian is complete and accurate. Such information includes investments, investment income, including interest and dividends and net appreciation in fair value of investments, investment transactions, notes receivable from participants, interest income on notes receivable from participants and related transactions.

THE VERMONT COUNTRY STORE, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

4. **Fair Value Measurements**

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in less active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds – Valued at quoted net asset value of shares held by the Plan at year end, which shares are traded in an active market.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units in the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification.

THE VERMONT COUNTRY STORE, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Mutual funds	\$34,127,142	\$ —	\$ —	\$34,127,142
Stable value collective trust fund measured at net asset value ^(a)				<u>1,003,607</u>
				<u>\$35,130,749</u>
<u>2022</u>				
Mutual funds	\$31,877,716	\$ —	\$ —	\$31,877,716
Stable value collective trust fund measured at net asset value ^(a)				<u>1,377,630</u>
				<u>\$33,255,346</u>

^(a) In accordance with Accounting Standards Update 2015-07, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>2023</u>				
Stable value collective trust fund	\$1,003,607	N/A	Daily	12 months

THE VERMONT COUNTRY STORE, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

5. **Income Tax Status**

As discussed in note 1, the Plan adopted a non-standardized pre-approved plan effective January 1, 2022 sponsored by Schwab Retirement Plan Services. The non-standardized pre-approved plan has received an opinion letter from the IRS dated September 21, 2020 stating that the form of the plan is qualified and therefore, the related trust is tax-exempt. The opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in these financial statements.

6. **Party-in-Interest Transactions**

Administrative expenses charged to the Plan for the year ending December 31, 2023 were \$108,772. The transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rule under ERISA. In addition, loans to participants qualify as party-in-interest transactions.

7. **Reconciliation of Financial Statements to Form 5500**

Notes receivable from participants are reflected as a receivable on the statements of net assets available for benefits which differs from the Form 5500 presentation. On the Form 5500, notes receivable from participants are classified as investments under the caption "participant loans."
