INDEPENDENT AUDITOR'S REPORT

Retirement Plan Committee
Thompson Hine LLP Retirement Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Thompson Hine LLP Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, The Charles Schwab Trust Bank, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Thompson Hine LLP Retirement Plan

1 Description of Plan

The following description of the Thompson Hine LLP Retirement Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began December 1, 1968 is a defined contribution plan covering substantially all partners, employed attorneys and staff of Thompson Hine LLP ("Partnership") who meet the age requirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

For purposes of the Plan, an associate includes an Employee who is employed to practice law by the Employer as (i) an associate, (ii) senior attorney, (iii) staff attorney, (iv) senior counsel or (v) counsel. Partners, employed attorneys and staff may elect not to participate in the 401(k) portion of the Plan. The Thompson Hine LLP Retirement Plan Committee ("Committee"), whose members are appointed by the Managing Partner of the Partnership, is responsible for overseeing and making decisions regarding the investment options offered under the Plan and for certain other related duties and requirements.

Effective January 1, 2022 the Plan was amended and restated to incorporate all prior amendments, and to comply with recent tax laws and regulations.

Eligibility:

All employees of the Partnership age twenty-one and older are eligible to participate in the Plan.

Contributions:

Participant Contributions - Participants may elect to contribute one or more of the following elective contributions, all of which are subject to certain limitations specified by the Internal Revenue Code ("Code"): (i) pretax 401(k) contributions up to 50% of annual compensation, all or a portion of which may be irrevocably designated as Roth 401(k) contributions which are made on an after-tax basis, (ii) additional after-tax contributions up to 10% of annual compensation if the participant is not a partner, and (iii) if the participant is 50 years or older at the end of a calendar year, catch-up pretax 401(k) contributions and/or Roth 401(k) contributions up to the annual legal limit.

Partnership Nonelective Contributions - The Partnership makes nonelective contributions to the Plan on behalf of each participant, except for employed attorneys, who have completed the applicable service requirement. Nonelective contributions for partners are determined using separate age-weighted formulas for general partners and income partners (as defined in the Plan and the Partnership Agreement). Contributions are determined as a percentage of the partner's eligible annual compensation from 4.63% to 14.50% for general partners and 3.09% to 14.50% for income partners, based on the partner's age as of his birthday nearest January 1, at the beginning of each contribution period. Nonelective contributions for staff participants are equal to 5% of the participant's annual compensation up to the Social Security Taxable Wage Base in effect for the Plan year plus 13% of the annual compensation in excess of the Social Security Taxable Wage Base.

Thompson Hine LLP Retirement Plan

1 Description of Plan, Continued

Contributions, Continued:

Additional Discretionary Nonelective Contributions – The Partnership may make additional discretionary nonelective contributions to the Plan on behalf of each eligible participant. Any covered employee, who is a general partner, an income partner, or a staff member and is not a highly compensated employee is an eligible employee with respect to additional discretionary nonelective contributions. There is no age, service eligibility, or last day allocation requirements for additional nonelective contributions.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, partnership nonelective contributions, earnings and losses, and charged with an allocation of administrative expenses including such expenses that are attributable specifically to the participant's account and certain administrative and/or Plan transaction fees.

Vesting:

Participants are vested immediately in all contributions plus earnings thereon.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at the Prime Rate at the time of the loan plus 1.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant or beneficiary may elect to receive distribution of all or any portion of his or her account up to the value of the participant's interest in the account, in a direct rollover to an eligible retirement plan, or in a series of installments over a specified period of time. Withdrawals of a participant's interest in his after-tax contribution and/or rollover contribution accounts may be made prior to termination for any reason, subject to certain restrictions. A participant who is at least age 59 ½ may withdraw any portion of his account, subject to limitations. Benefits are recorded when paid.

Thompson Hine LLP Retirement Plan

1 Description of Plan, Continued

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

Plan Expenses:

Expenses for the operation and administration of the Plan are paid from the Plan's trust, as provided by the Plan document, unless the Partnership elects to pay the expenses. Expenses attributable to a specific participant's account are paid from that account.

Revenue Sharing:

The Plan's recordkeeper may receive revenue sharing payments from certain investment options offered within the Plan for administrative services. The recordkeeper credits all revenue sharing payments from the investment options to the trust and such amounts are allocated periodically among participant accounts invested in the investment options that generated the revenue sharing payments.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Thompson Hine LLP Retirement Plan

2 Summary of Significant Accounting Policies, Continued

Plan Termination:

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will receive the vested portion of their accounts.

Risks and Uncertainties:

The Plan invests in various investment securities with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Reclassifications:

Certain prior year amounts have been reclassified to conform with the current year's presentation.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 3, 2024, which is the date the financial statements were available to be issued.

3 Tax Status

The Internal Revenue Service has determined and informed the Partnership by letter dated October 5, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. On July 27, 2022, the Partnership submitted a request to the Internal Revenue Services for an updated determination letter in connection with the amended and restated plan document effective January 1, 2022, and received a favorable determination letter dated September 26, 2022.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices.

Common/Collective Trusts:

The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objectives and underlying investments of the collective trusts vary, with some holding diversified portfolios of domestic or international stocks and open-ended mutual funds, some holding securities of U.S. companies in a particular industry sector, some holding short-term and/or medium-term corporate, government agency bonds, and others holding a blend of various domestic stocks, bonds and mutual funds. Some collective trusts have temporary transfer restrictions upon sale. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Money Market Fund:

The fair value of the money market fund is based on quoted market prices.

Thompson Hine LLP Retirement Plan

4 Fair Value Measurements, Continued

Self-directed Brokerage Account:

Includes the following investments:

Common Stocks, preferred stocks, corporate bonds and U.S. Government Securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Cash equivalents: Valued at \$1 per unit, including applicable interest and fees.

Unit investment trusts: Valued on the mark-to-market method of asset valuation. Under the mark-to-market method, the value of the investment is constantly adjusted based on current market rates.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
