INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
PWP Enterprises, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of PWP Enterprises, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PWP Enterprises, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from Lincoln Trust a qualified institution for the period January 1, 2021 through October 31, 2021 and Reliance Trust Company from November 1, 2021 through December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section :

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PWP Enterprises, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

(Continued)

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PWP Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PWP Enterprises, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PWP Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters 2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of PWP Enterprises, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution.

In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of PWP Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more detailed and complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of PWP Enterprises, Inc. 401 (k) Plan and other participating employers under common control including Vinart enterprises, Leigh Valley Honda and Mercedes-Benz Porsche (the "Company Plan Sponsor") who meet eligibility requirements and choose to participate. On November 1, 2021, the Company entered into an agreement with Reliance Trustee Company ("Reliance" or "Trustee") in which Reliance was appointed the Company's trustee replacing Lincoln Financial Group (Lincoln). On November 1, 2021, the Company adopted a prototype plan offered by ADP Retirement Services (Record Keeper). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Coronavirus Aid, Relief, and Economic Security ("CARES") Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). In response to the coronavirus ("COVID-19") pandemic, the Plan was amended to adopt certain provisions of the CARES Act for qualified individuals, as defined in the CARES Act. Effective from April 20, 2020 to December 31, 2020, the following provisions were adopted: (a) Qualified individuals could receive a distribution up to \$100,000. There were no participant distributions related to the CARES Act in 2021. (b) Qualified individuals could suspend any loan repayments until December 31, 2020. Any suspended loan payments resumed in January 2021. The term of any loan suspended shall be extended by the same term for which the loan was suspended, and the loan balance and future payments shall be adjusted for interest accrued during the suspension. Qualified individuals were also permitted to apply for one additional loan, if applicable. Written amendments to the Plan to reflect these operational changes were adopted in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

Eligibility

Prior to November 1, 2021, all part time and full-time employees 21 years of age or older were eligible to participate the first month following the 6 months of employment. As of November 1, 2021, all part time and fulltime employees 18 years or older were eligible to participate the first month following the 6 months of employment. After initial eligibility, participants must complete 501 hours of service and be employed on the last day of the plan year, to receive employer matching contributions.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Contributions

Each year, eligible employees may contribute a percentage of their pretax annual compensation, as defined by the Plan, and subject to the Internal Revenue Code ("IRC"). Participants 50 years of age or older before the end of the Plan year are eligible to make catch-up contributions as allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Contributions are subject to certain Internal Revenue Service ("IRS") limitations. The Company may make matching contributions at its discretion. Matching contributions do not apply to catch-up contributions. The matching contribution for the year ended December 31, 2021 was \$89,000.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options include mutual funds, self-directed brokerage accounts, and a stable value fund. Certain mutual fund balances exceed 10% of the Plan's total investments.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA") which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected the Vanguard Target Date Series as its QDIA.

Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal ("custodian of the Plan"). This information has not been audited by the Plan's independent auditors.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company matching contribution, if applicable, and Plan earnings. Each participant's account is charged with withdrawals, if any, plan losses, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are subject to interest charges determined by the Plan administrator. The interest rate is established based on the prime rate. All loans currently outstanding bear interest at 5.25-7.50% and mature through 2026. The loan repayment schedule can be no longer than 60 months, except for when the loan is for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service. A participant is 100% vested after six years of credited service, 20% per year following two years of credited service.

Forfeitures

The portion of a participant's account balance attributed to the Company's matching contributions that is not vested upon termination of employment will be forfeited and may be used in future periods to reduce the Company's matching contributions or to pay any plan administrative expenses. At December 31, 2021 and 2020, there were \$1,618 and \$9,863 forfeitures held in the Plan. There were \$10,000 in forfeitures that were used to reduce employer contributions in 2021.

Payment of Benefits

Participants may elect to receive the full amount of their vested account balances in the event of normal retirement, termination of service, death or disability. Early withdrawals are permitted at the participant's request after the age of 59-1/2. Certain hardship withdrawals are also permitted. Distributions will be made in lump-sum payments, or various annuity options offered by the Plan.

Hardship Withdrawals

Prior to termination of employment, a participant may withdraw, subject to the Plan's notice requirements, all or a portion of the value of his or her participant account in the event of demonstrated financial hardship, subject to the Plan's provisions. Withdrawals to which a participant is entitled are the amounts that can be provided by the vested contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to each participant's account, less allocated expenses.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of the Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a deemed distribution is recorded. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses bought and sold as well as held during the year, based on the value of assets at the beginning of the year or at the time of purchase during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are allocated based upon participant account holdings on the record date and are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Management Fees and Operating Expenses

Management fees and operating expenses charged to the Plan for investments are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation in fair market value of such investments.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through October 11, 2022 the date on which financial statements were approved and available to be issued.

3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in mutual funds are classified as Level 1 investments.

Self-Directed Brokerage Accounts – Valued at the closing price of the underlying assets. These accounts consist of various securities which include common stocks, foreign stocks, mutual funds, partnerships, preferred stock, short term investments, and U.S. government obligations. Investments in self-directed brokerage accounts are classified as level 1 and level 3 investments.

The following tables summarize investment assets measured at fair value:

Investments at Fair Value					
December 31, 2021	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 6,508,410	\$ -	\$ -	\$ 6,508,410

4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Prior to November of 2021, the Plan held an interest in the Lincoln Financial group as an investment option available to participants. Lincoln Stable Value investments were managed by Lincoln Financial Group. The account was credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. On November 1, 2021, the fund was closed out and the balance was transferred to Invesco Stable Asset account managed by Reliance Trust Company. As of December 31, 2021, and 2020 the fund had a balance of \$0 and \$431,731, respectively.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

During 2021, The Plan entered into a fully benefit-responsive guaranteed investment Invesco Stable asset fund. Invesco Investment Management Company maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. Such interest rates are reviewed and reset on a quarterly basis. The guaranteed investment contract may be terminated with advance written notice to the other party; however, any termination shall not be effective until there are no assets remaining in any account. Average yields of the Invesco asset general account were 1.39% based on actual earnings for the year ended December 31, 2021. As of December 31, 2021, the fund had a balance of \$200,420. As of the report date, the contract has not been terminated.

This contract meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (include complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuers.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

5 - PARTY-IN-INTEREST TRANSACTIONS

During 2020, the Company remitted participant contributions of \$90,218 beyond the time period recognized by ERISA. As of December 31, 2021, all delinquent contributions were corrected outside of the Department of Labor under its Voluntary Fiduciary Correction Program (“VFCP”). A nominal amount for rate of return loss on the late payments for the number of days late, using a rate determined by the Department of Labor (based on the IRC), was reimbursed by the Company.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, record-keeping and financial reporting of the Plan. The Company pays the salaries of these individuals and pays other administrative expenses on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the IRC and ERISA rules on prohibited transactions.

6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Company may determine.

7 - TAX STATUS

The Company adopted a pre-approved prototype plan offered by the Plan’s trustee. The IRS has determined that the prototype plan, by letter dated October 6, 2020, is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

PWP ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2021	2020
Net assets available for benefits per financial statements	\$ 7,069,832	\$ 5,762,060
Excess contributions payable	15,222	27,115
Net assets available for benefits per Form 5500	\$ 7,085,054	\$ 5,789,175

The following is a reconciliation of the increase in net assets per the financial statements to Form 5500 for the year ended December 31, 2021:

Net increase in net assets per the financial statements	\$ 1,307,772
Excess contributions payable related to 2021	15,222
Excess contributions payable related to 2020	(27,115)
Net increase per Form 5500	\$ 1,295,879

Excess contributions payable are accrued per the financial statements; however, they are not reported on Form 5500. In accordance with accounting principles generally accepted in the United States of America, excess contributions payable are recorded as a liability with a corresponding reduction in participant contributions.
