Report of Independent Auditors

To the Administrator of The Andover Companies Employee's Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Andover Companies Employee's Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As discussed in Note 2 to the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is responsible for the evaluation of whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2023 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the

certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Andover Companies Employee's Savings and Profit Sharing Plan

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

1. Plan Description

General

The Andover Companies Employee's Savings and Profit Sharing Plan (the "Plan") is a defined contribution plan covering substantially all of the employees of the Merrimack Mutual Fire Insurance Company, Cambridge Mutual Fire Insurance Company, and Bay State Insurance Company, collectively known as The Andover Companies (the "Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A summary of certain provisions is provided below, but participants should refer to the summary plan description or plan agreement for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible to make elective deferrals into the the Plan on date of hire with the Companies. Employees are eligible to participate in profit sharing after a year of employment.

Contributions

Contributions from the Companies under the Plan are equal to:

- A. Three percent (3%) of the participant's aggregate total compensation, as defined in the Plan for the prior fiscal year; plus,
- B. Ten percent (10%) of the Companies' average consolidated net operating income for the last three years up to a maximum of seven and one-half percent (7.5%) of the aggregate base salaries of eligible participants for the prior fiscal year less three percent (3%) of aggregate total compensation of eligible participants. Participants share is based on their proportional share of the base salaries. Consolidated net operating income on which contributions hereunder are based is computed before policyholder and stockholder dividends, federal income taxes, and contributions under the Plan, plus forty percent (40%) of the increase and less forty percent (40%) of any decrease in the consolidated unearned premium reserve of the Companies.

In addition to the contributions made by the Companies as described in paragraphs A and B above, the Companies may award discretionary bonuses in an amount up to the sum of the two contributions and employees may elect to contribute any such bonus to the Plan, receive it all in cash, or contribute a portion of it to the Plan and receive the remainder in cash

Participants in the Plan may contribute up to the maximum amount allowed by law (i.e., Code §§402(g) and 415).

Contributions are subject to certain limitations.

Additional employer contributions of \$1,849,692 were made to the plan in 2023 related to the correction of a historical compliance matter in plan operations resulting in the incorrect application of Section 402(g) deferral limits with respect to the deferral of a limited number of bonuses related to the profit sharing plan for plan years from 2002 to 2020. The plan submitted a related Application for Voluntary Correction Program to the Internal Revenue Service ("IRS") on September 24, 2024. The Application for Voluntary Correction Program also included requests to approve proposed corrections relating to missed safe harbor contributions during approximately the same period and retroactive plan amendments relating to bonus deferral eligibility and election procedures.

The Andover Companies Employee's Savings and Profit Sharing Plan

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

Participant's Accounts

Each participant's account is credited with his or her contributions and an allocation of employer contributions and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Each participant's own contribution and the 3% of basic compensation contributed by the Companies are fully vested at all times. The Companies' discretionary contributions, earnings and forfeitures credited to participants' accounts vest according to the following schedule:

Years of Service	% Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

In accordance with provisions of the Plan, participants may direct the investment of their funds or contributions between the available funds as included in Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

Payment of Benefits

Retirement at or after age fifty nine and a half (59½), or earlier because of disability, or at death before retirement, entitles the participant or the participant's beneficiary to the entire balance in the account. Such balance may be distributed either by lump-sum payment or purchase of an annuity contract. Termination of service due to other reasons entitles the participant to 100% of the participant's own contributions plus a percentage of the Companies' contributions, earnings and forfeitures credited to the participants account based on his/her years of vested service.

Withdrawals, with proof of hardship, may be made for education, medical, purchase of a home, or other purposes to prevent financial hardship. Such withdrawals are limited to a participant's own contributions plus Company contributions not to exceed the lesser of:

1. The amount the participant would be entitled to on termination of employment; or,
2. Eighty percent of the amount standing to the credit of the participant on the last day of the twenty-fourth month preceding the date of the last payment.

Forfeited Accounts

Any nonvested amount in the account of a terminated participant is forfeited. The Plan permits forfeited accounts to be available to reduce employer contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,651 and \$2,871, respectively.

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is permissible under the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. The modification to cash basis of accounting is that investments held by the Plan at year-end have been recorded at fair value. The Trustee does not maintain the plan assets on the accrual basis and, therefore, the certified statements received from the Trustee and these financial statements do not include employer or participant contributions receivable or accrued expenses at year end.

Investments

The Plan's investments are administered and valued by VOYA Retirement Insurance and Annuity Company (the "Trustee") and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Investment income is recognized when reported by the Trustee, which is on a cash basis. Purchases and sales of securities are recorded on settlement date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Gains and losses on sales of securities are based on average cost.

Investments are made at the discretion of the Trustee in accordance with the elections available to each participant.

Administrative Expenses

The Plan is administered by the Companies and all administrative services and other normal requirements of the Plan are provided by the Companies at no cost to the Plan. Additional expenses may be paid directly from individual accounts which are directly attributable to those accounts under the Plan. The total expenses for 2023 attributed to individual accounts was \$350.

The Andover Companies Employee's Savings and Profit Sharing Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2023 and 2022

Contributions

Employee and employer contributions are recorded when received by the Plan. Contributions receivable as of December 31, 2023 and 2022 were \$2,786,737 and \$2,270,528, respectively, and are recorded in the year they were paid.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Use of Estimates

The preparation of the Plan's financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Plan Amendment

Effective June 1, 2022, the Plan was amended to allow participants to enter the plan on date of hire and to roll over eligible retirement accounts. There were no significant plan amendments during 2023.

4. Tax Status

The IRS has determined and informed the Companies by a letter dated May 9, 2003, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe the Plan is designed and is correctly being operated in compliance with the applicable requirements of the IRC.

The correction of errors discussed in Note 1 did not have an impact on the determination letter.

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

5. Termination Priorities

While the Companies have not expressed any intent to discontinue the Plan, in the event of any such discontinuance, 100% of the account balance of each participant, as of the date of such termination, shall become nonforfeitable and shall be distributed to the participants as they elect under the terms of the Plan.

6. Information Certified by the Trustee

Financial information for the Plan disclosed below for Year Ended December 31, 2023, was certified by VOYA Retirement Insurance and Annuity Company, the Trustee of the Plan, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

7. Fair Value Disclosures of Financial Instruments

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Valuations based on quoted prices in active markets for identical assets and liabilities.

Level 2 Valuations based on observable inputs that do not meet the criteria for Level 1 including quoted prices in inactive markets and quoted prices in active markets for similar but not identical instruments.

Level 3 Valuations based on unobservable inputs, which are significant to fair value measurement.

The estimated fair value of financial instruments at December 31 per the fair value hierarchy in ASC 820 in the Plan is as follows:

As of December 31, 2023	Total	Level 1	Level 2	Level 3
Total registered investment companies:	69,627,750	69,627,750	-	-
Total investment securities	<u>\$ 69,627,750</u>	<u>\$ 69,627,750</u>	<u>\$ -</u>	<u>\$ -</u>

Total registered investment companies:	56,517,686	56,517,686	-	-
Total investment securities	<u>\$56,517,686</u>	<u>\$56,517,686</u>	<u>\$ -</u>	<u>\$ -</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the Year Ended December 31, 2023 and December 31, 2022, there were no transfers in or out of level 3.

8. Party-in-Interest Transactions

VOYA Retirement Insurance and Annuity Company, the Trustee of the Plan, holds the Plan investments. Expenses paid to VOYA Retirement Insurance and Annuity Company qualify as party-in-interest that are allowable under ERISA and certain staff employed by the Companies perform financial reporting and administrative tasks for the Plan at no charge to the Plan.

9. Subsequent Events

The Plan has evaluated the impact of events that have occurred subsequent to December 31, 2023 through October 9, 2024, the date the financial statements were available for issuance. Based on this evaluation, the Plan has determined no events were required to be recognized or disclosed in the financial statements.
