INDEPENDENT AUDITOR'S REPORT

To the Key Management Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Key Management Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Key Management Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Key Management Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financials statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Key Management Company 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based upon the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosure in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Key Management Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Key Management Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from certified investment information including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplement schedules related to the assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KEY MANAGEMENT COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2023 and 2022

1. Description of plan

The following description of the Key Management Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan established by Key Management Company (the "Company") under the provision of Section 401(a) of the IRC, which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed one year of service, as defined, are eligible to participate, provided they are at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Eligible employees may contribute up to 100 percent of their pretax annual compensation as defined by the Plan, subject to the IRC limits of \$22,500 and \$20,500 in 2023 and 2022, respectively. Participants who attain the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation, increasing by 1 percent each yearly anniversary date up to a maximum 10 percent automatic deferral rate, and their contributions are invested in a designated balance fund until changed by the participant. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the plan. Participant and employer matching contributions are remitted bi-weekly.

Participant accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions as well as allocations of plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Each participant's account is increased or decreased for its share of the change in the fair value of each fund in which it has invested. When applicable, each participant's account is also credited with the interest paid on his or her participant loan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KEY MANAGEMENT COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2023 and 2022

1. Description of plan – continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer matching contributions and the earnings thereon is based on years of continuous service. A participant vests according to the following schedule:

Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25 to 10.50 percent. The interest rate is based on the prime rate as published in the Wall Street Journal on the day the loan application is processed, plus 2 percent. Principal and interest is paid ratably through bi-weekly payroll deductions.

Plan administration

Principal Life Insurance Company and affiliates is the third-party administrator and recordkeeper of the Plan and is responsible for the custody and management of the Plan's assets.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan nor is the Company reimbursed for any related expenses incurred by it.

Payment of benefits

Upon termination of service, a participant with a vested account balance in excess of \$5,000 may defer distribution and remain in the Plan or elect to withdrawal up to 100% of such balance. Vested participant account balances less than \$5,000 will be distributed upon termination. In addition, a participant may elect to distribute all or a portion of vested account balances upon attainment of age 59 ½, financial hardship, or armed forces reservist status. A participant may elect to withdraw his or her rollover account at any time.

KEY MANAGEMENT COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2023 and 2022

1. Description of plan – continued

Forfeited accounts

Forfeitures may be used to reduce future employer matching contributions or pay administrative fees. During 2023 and 2022, forfeitures of \$1,660 and \$8,819, respectively, were used to reduce employer matching contributions, and forfeitures of \$2,938 and \$1,439, respectively, were used to reduce administrative fees.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan does not hold any direct investments in fully benefit-responsive investment contracts as of December 31, 2023 and 2022.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines investment valuation based on information provided by Principal Life Insurance Company and affiliates. See Note 3 for discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

KEY MANAGEMENT COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2023 and 2022

2. Summary of significant accounting policies – continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits. Other fees, including professional fees, are paid by the Company.

Excess contributions payable to participants

Amounts payable to participants for contributions in excess of the amounts allowed by the IRS are recorded as a liability and a deduction from net assets. The 2022 compliance testing was delayed until November 2023, at which time the Plan distributed unaccrued 2022 excess contributions of \$34,743 to applicable participants. The 2023 compliance testing was completed in February 2024, and the Plan accrued excess contributions of \$4,267 payable to applicable participants as of December 31, 2023.

Payment of benefits

Benefits are recorded when paid.

Subsequent event evaluation

Management has evaluated events through October 3, 2024, which is the date the financial statements were available to be issued.

The Plan changed the Plan's recordkeeper to Nationwide, effective March 1, 2024. As part of this change in recordkeepers, the Plan adopted a new Plan Document effective March 1, 2024.

Excess contributions of \$4,267 were paid to applicable participants on February 23, 2024.

No other subsequent events were identified for recognition or disclosure at December 31, 2023.

KEY MANAGEMENT COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2023 and 2022

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology are observable market-based inputs or unobservable inputs that are corroborated by market data.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Collective investment trusts (CIT): The CITs invest in collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trusts and the separate accounts are not publicly quoted pricing inputs. The fair value of the mutual funds are publicly quoted Level 1 inputs. The fair value of the underlying investments is used in determining the NAV of the CIT which is not publicly quoted, but is available to current investors as provided by Principal Life Insurance Company. The CITs Annual Report with underlying asset information is also available to investors. The NAV is the basis for current transactions and the CIT can be redeemed at NAV as of the measurement date. Based on the foregoing, CITs are considered to have a readily determinable fair value and are included in Level 1 of the fair value hierarchy. CITs have a 1-day redemption period notice and can be redeemed on a daily basis. Unfunded commitments are not applicable to CITs.

Pooled separate accounts (PSA): The PSAs invest mainly in mutual funds and domestic and international stocks. The majority of the underlying securities have observable Level 1 quoted pricing inputs. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. Based on the foregoing, PSAs are considered to have a readily determinable fair value and are included in Level 1 of the fair value hierarchy. 4. Related-party transactions and party-in-interest transactions

At December 31, 2023 and 2022, Plan investments include pooled separate accounts and common/collective trust funds managed by Principal Life Insurance Company and its affiliate Principal Global Investors Trust Company. The Plan contracts with Wilshire Associates Incorporated to serve as a fiduciary over the Plan. These transactions qualified as exempt party-in-interest transactions.

Administrative fees related to the third-party administrator and recordkeeper's administration of the Plan and fiduciary services are paid by the Plan.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Tax status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

6. Tax status - continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax filings generally are subject to potential examination by various taxing authorities for three years from the date of filing. As such, the Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Information prepared and certified by the qualified institution

Principal Life Insurance Company and affiliates provided certifications that apply to the investments on the Statements of Net Assets Available for Benefits and the investment income on the Statement of Changes in Net Assets Available for Benefits. Principal Life Insurance Company certified the financial information as complete and accurate in accordance with 29 CFR Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

The following information was certified as complete and accurate by Principal Life Insurance Company and affiliates:

9. Delinquent contributions

Under Department of Labor (DOL) Regulation Section 2510.3-102, defined contribution plans are required to remit participant contributions to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets. Contributions are withheld from participants' pay on a bi-weekly basis and generally remitted within 3 business days. However, during the years ended December 31, 2023 and 2022, participant contributions (including lost earnings) of \$40 and \$52,011, respectively, were not remitted within this time frame as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. Included in employer contributions receivable and participant contributions receivable at December 31, 2022 was \$540 and \$957, respectively, related to 2022 delinquent contributions and lost earnings. There were no contributions receivable at December 31, 2023 as all delinquent contributions and lost earnings had been remitted to the Plan as of December 31, 2023.

10. Plan amendments and modifications

The Plan was restated, effective February 17, 2022, to bring the Plan into compliance with the requirements of the 2017 Cumulative List (Notice 2017-37).

The Plan has also been impacted by the Setting Every Community Up for Retirement Enhancement Act of 2020 (the SECURE Act), which delays the commencement date for required minimum distributions, increases the maximum deferral rate, and allows for participation of long-term part-time employees. The optional features within the act are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
