Independent Auditor's Report

Plan Administrator and Participants
MTE Employee Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MTE Employee Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of MTE Employee Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Mechanical Tool and Engineering, Inc., Rapid-Air Corporation and Delta Power Company (collectively, the Companies) who have completed three months of service. Employees are eligible to participate in the Companies' discretionary matching contribution and discretionary profit-sharing contribution portions of the Plan after having completed one year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by management and the plan administrator. They have overall responsibility for the operation and administration of the Plan. Management and the plan administrator determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions: The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants may contribute a percentage or specified dollar amount, limited by Plan provisions, of their eligible compensation contributed as pretax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies may contribute a discretionary matching amount on behalf of each participant who is employed on December 31 of the Plan year and has a year of service (1,000 hours). The matching contribution for all eligible participants of Delta Power Company was $50,805 for the year ended December 31, 2023. The matching contribution for all eligible participants of Mechanical Tool and Engineering, Inc. was $63,690 for the year ended December 31, 2023. The matching contribution for all eligible participants of Rapid-Air Corporation was $9,806 for the year ended December 31, 2023. The Companies may also contribute a profit-sharing amount, at the discretion of each of the Companies' board of directors, to eligible employees who are employed on December 31 of the Plan year and have a year of service (1,000 hours). There were no profit-sharing contributions approved for Delta Power Company, Mechanical Tool and Engineering, Inc. or Rapid-Air Corporation in 2023. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, the participant's Companies' matching contribution, and an allocation of: (a) the Companies' profit-sharing contributions, (b) the Plan's earnings and (c) forfeitures on terminated participants of the same employer's nonvested accounts. Allocations are based on participant eligible employer-specific compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in the amount of their elective contributions and the allocated earnings thereon. Participants' vesting in the Companies' contributions and earnings thereon is based on years of service. A participant vests 20% after two years of service and 20% each year of service thereafter. A participant is fully vested in the Companies' matching and profit-sharing contributions after six years of service. A participant must work at least 1,000 hours during a Plan year to increase the vested portion of the Companies' contributions. A participant is also 100% vested if termination is a result of death, disability, or retirement.

Investment options: Upon enrollment in the Plan, a participant must direct all contributions to selected investments as made available and determined by the plan administrator. Participants have the option to transfer monies between funds and change the allocation of their investment elections daily.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts an amount not to exceed the lesser of $50,000 or 50% of their vested interest in the Plan. The minimum loan amount is $1,000. Loan terms range from one to five years or over a reasonable period of time that may exceed five years for the purchase of a primary residence as defined by the Plan document. The loans are secured by the balance in the participant's account and will bear a reasonable rate of interest. Interest is based on the current prime rate at the time the loan is initiated. Principal and interest are paid through payroll deductions.

Payment of benefits: On termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or regular installments over a period not to exceed their life expectancy. In addition, in-service distributions are allowed at age 59 ½ and hardship distributions are permitted if certain criteria are met. If a participant terminates employment and the participant's account balance does not exceed $1,000, the plan administrator will authorize the benefit payment without the participant's consent to be distributed in cash to the participant. If the balance is more than $1,000, an election to receive the benefit must be made.

Forfeited accounts: According to the Plan's provisions, forfeited nonvested accounts may first be used to pay administrative expenses and reinstate prior account balances. Any remaining amount will reduce the Companies' contributions. At December 31, 2023 and 2022, forfeited nonvested accounts were approximately $11,000 and $10,000, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management and the plan administrator determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon terms of the Plan document.

Payment of benefits: Benefits paid directly to participants are recorded when paid.

Administrative expenses: Administrative expenses can be paid by either the Companies or the Plan. The expenses of maintaining the Plan that are paid directly by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

Note 2. Summary of Significant Accounting Policies (Continued)

Other income: The Plan may receive revenue sharing payments from mutual funds in which the Plan's assets are invested. The recordkeeping services agreement provides that to the extent revenue sharing payments received by the Plan exceed administrative fees charged to the Plan, the excess will be credited to the Plan.

Subsequent events: The Plan's management has evaluated subsequent events through October 8, 2024, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee, Midland States Bank/Midland Wealth Management (Midland)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments, at fair value:		
Shares of registered investment companies	$ 28,292,062	$ 24,589,828
Notes receivable from participants	522,012	538,810
Accrued dividends and interest	1,214	3,331

The Plan trustee also certified to the completeness and accuracy of $3,346,120 of net appreciation in fair value of investments, $643,742 of dividends and interest and $25,738 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price, as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2023			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	$ 28,292,062	$ 28,292,062	$ -	$ -

	2022			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	$ 24,589,828	$ 24,589,828	$ -	$ -

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of the transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

The trustee provides investment advisory and recordkeeping services to the Plan and, therefore, these transactions qualify as party-in-interest. There was approximately $86,5000 of fees paid by the Plan participants to the trustee for investment management and recordkeeping services for the year ended December 31, 2023.

Certain administrative functions are performed by officers or employees of the Companies for which they receive no compensation from the Plan. Certain other administrative expenses are paid by the Companies on behalf of the Plan and are excluded from these financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Companies may discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA and IRC. In the event of Plan termination, the net assets of the Plan are to be allocated to the participants on the basis of their individual account balances.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of the risk associated with certain investment securities it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Income Tax Status

The Plan has adopted a volume submitter profit sharing plan sponsored by Professional Capital Services, LLC. The volume submitter plan has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan provider received its opinion letter. However, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
