INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
BrightFarms, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of BrightFarms, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BrightFarms, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BrightFarms, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BrightFarms, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BrightFarms, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BrightFarms, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRIGHTFARMS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan:

The following brief description of the BrightFarms, Inc. (the "Company") 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers substantially all employees of the Company who are 21 years of older and have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Management.

Contributions

Participant Contributions

Employees may elect to reduce their salaries and contribute up to 90% of their annual compensation, subject to limits determined by the Internal Revenue Code (the "Code").

Participant Catch-Up Contributions

Participants age 50 or older may elect to make additional salary deferral contributions, subject to limits determined by the Internal Revenue Code.

Participant Roth Contributions

Participants may elect to make an after-tax contribution to a Roth Contributions Account. Such Roth elective deferrals are salary deferral contributions that are made in lieu of all or a portion of the participant's pre-tax salary deferral contribution.

Employer Contributions

The Company matches an amount equal to 100% of employee elective deferral contributions, up to 3% of compensation, plus 50% of each dollar contributed that is between 3% and 5% of eligible compensation, for a total matching contribution of up to 4% of eligible compensation, for all employees. Additional amounts may be contributed at the discretion of the Company's Board of Directors. The total annual contributions may not exceed the maximum amount deductible for income tax purposes.

Profit Sharing Contributions

The Company may contribute to each eligible participant's account, a discretionary profit sharing contribution equal to a percentage of each participant's compensation divided by the total compensation of all participants also eligible to share in the contribution. Employees are eligible for profit sharing contributions after completing one year of service.

Notes Receivable

Participants may borrow against their vested account balances. The minimum borrowing amount is \$1,000 and may not exceed the lesser of \$50,000 or fifty percent of the participant's vested benefits. The interest rate on outstanding loans is the prime rate plus 1% and ranges between 4.25% and 9.50%. Loans are repayable within five years from the date of the loan, unless the loan is for the purchase of a participant's primary residency. Principal and interest is paid ratably through payroll deductions.

DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan (Continued):

Participant Accounts

Each participant's account is credited with the participant's contribution plus an allocation of any additional contributions made by the Company and Plan earnings. In addition, participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon, as well as employer safe harbor contributions. Vesting in the discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant becomes fully vested in profit sharing contributions upon six years of credited service. Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service.

Investment Options

Upon enrollment in the plan, a participant may direct contributions among various investment choices. Participants may change their investment options any business day during the plan year.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reasons a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may additionally elect to receive funds in the form of installment payments, partial payments requested from time to time, or through an annuity. Benefits are recorded when paid.

Forfeited Accounts

If participants terminate service prior to being fully vested in the employer's contribution account, the non-vested amount is forfeited. The balance in the forfeited non-vested account can be used to pay administrative expenses or reduce any future employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$11 and \$10 respectively. During the year ended December 31, 2023, no forfeitures were used to pay fees or reduce employer contributions.

Death Benefits

Upon the death of a participant, the amount held for the benefit of that participant shall be paid to the participant's designated beneficiary.

Administration Costs

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. The Company absorbs certain costs of plan administration.

Note 2 - Summary of Significant Accounting Policies:

Accounting Method

The accompanying financial statements have been prepared in accordance with the accrual basis of accounting.

BRIGHTFARMS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies (Continued):

Investment Valuation and Income Recognition

Shares of mutual funds are stated at fair value based on quoted market prices which represent the net asset value of the shares held by the Plan at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Gains and losses are based on an average cost basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and charges therein. Accordingly, actual results may differ from those estimates.

Other

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Note 3 - Fair Value Measurements:

The "Fair Value Measurements and Disclosures" Topic 820 (ASC 820) of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the "Fair Value Measurements" Topic 820 of the FASB Accounting Standards Codification are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3: Unobservable inputs are used when little or no market data is available, which requires the Company to develop its own assumptions about how market participants would value the assets or liabilities.

In determining the fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 3 - Fair Value Measurements (Continued):

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at fair value on quoted market prices which represent the net asset value of the shares held by the plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in the methods used to measure fair value at December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,536,540	\$ -	\$ -	\$ 7,536,540
Total Investments at Fair Value	<u>\$ 7,536,540</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,536,540</u>

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,599,197	\$ -	\$ -	\$ 4,599,197
Total Investments at Fair Value	<u>\$ 4,599,197</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,599,197</u>

Note 4 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested.

Note 5 - Tax Status:

The Plan adopted the Prototype Non-Standardized Profit Sharing Plan With CODA, which received a favorable opinion from the Internal Revenue Service (IRS) on October 6, 2020 which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan remains qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America ("GAAP") requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

DECEMBER 31, 2023 AND 2022

Note 6 - Information Certified by Plan's Trustee:

The Plan's assets, which consist of mutual funds, are held by the Trustee of the Plan.

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedule has been derived from information certified as complete and accurate by Reliance Trust Company as of December 31, 2023 and 2022 as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 8 - Risks and Uncertainties:

The Plan invests in mutual funds. In general, these investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statement of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Note 9 - Missed Contributions:

During 2023, the Plan sponsor failed to withhold employee deferrals on bonus amounts resulting in multiple employees having a missed deferrals of \$806 as well as a corresponding employer match contribution of \$696. Upon discovery of the error in 2024, the plan sponsor made corrective contribution to the plan including lost earnings of \$281.
