We have performed audits of the accompanying financial statements of Imaging Business Machines 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Imaging Business Machines 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Imaging Business Machines 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Imaging Business Machines 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Imaging Business Machines 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Imaging Business Machines 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in

accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule H, line 4i - schedule of assets (held at end of year) and schedule H, line 4a - schedule of delinquent participant contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **IMAGING BUSINESS MACHINES 401(k) PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

### **NOTE 1 - PLAN DESCRIPTION**

The following description of Imaging Business Machines (Sponsor) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

#### **General**

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Sponsor. The Plan originated on January 1, 1999. To be eligible to participate in the Plan, an employee must be at least twenty-one years of age. For the purposes of the employer matching contribution, an employee must be at least twenty-one years of age and have one year of service (at least 1,000 hours). Employees are automatically enrolled in the Plan at a 6% deferral rate unless they elect to opt out in a timely manner. The deferral rate will be automatically increased by 1% per year, up to a maximum of 10%, unless the employee opts out of the increase. An eligible employee may enter the Plan on the first day of the month after meeting eligibility requirements and may begin receiving employer contributions the first day of each Plan year quarter after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Participants may contribute up to 75% of their pre-tax annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute up to 75% of their after-tax annual compensation for Roth elective deferral purposes, subject to certain limitations, with the contributions and earnings thereon being nontaxable when withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Such transfers from other qualified plans are reported as rollover contributions. The Sponsor makes a discretionary match equal to 100% of the participant's deferrals up to 3% of the participant's compensation for each Plan year. In addition, the Sponsor may also make discretionary profit sharing or qualified non-elective Plan contributions at the option of the Sponsor's Board of Directors. The match is invested in various investment options as directed by the participant. Participants direct the investment of their contributions into various options offered by the Plan.

#### **Participants' Accounts**

Each participant's account is credited with the participant's and the Sponsor's contributions and an allocation of net Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

### **NOTE 1 - PLAN DESCRIPTION - Continued**

#### **Vesting**

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants become 100% vested in Sponsor contributions after six years of service.

#### **Payment of Benefits**

Upon termination of service, due to death, disability, retirement or separation of service, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or installment payments under various options. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan document. If a terminated participant's vested interest in his or her account is less than \$5,000 and he or she does not elect to receive a distribution from the Plan, benefits will be paid in a single, lump-sum distribution as soon as administratively feasible.

#### **Forfeitures**

The nonvested portion of a terminated employee's account balance is forfeited and used to offset employer contributions. Forfeitures of \$6,727 and \$10,290 were used to reduce Sponsor contributions for the years ended December 31, 2023 and 2022, respectively. Unallocated forfeiture balances for the Plan years ended December 31, 2023 and 2022 totaled \$1,347 and \$3,085, respectively.

#### **Administrative Expenses**

Administrative expenses recorded in the Plan represent trustee fees and other recordkeeping fees paid directly from the Plan to the Plan's trustee. Distribution fees are deducted directly from the participant's account. The Sponsor pays the administrative costs of the Plan associated with any professional services provided to the Plan and the cost of communications to the participants. These costs are, therefore, excluded from the financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments.

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Basis of Accounting**

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. In preparing the financial statements, management evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued.

## **IMAGING BUSINESS MACHINES 401(k) PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(Continued)

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

#### **Basis of Accounting - Continued**

As required by accounting principles generally accepted in the United States of America, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Two of the investment options in which participants may direct the investment of their accounts, the T. Rowe Stable Value Fund (CCT) and the EI Fixed Account - Series Class I (fixed annuity contract), holds fully benefit-responsive investment contracts. The statements of net assets available for benefits present the contract value of the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Concentration of Market Risk**

As of December 31, 2022, approximately 14% of the Plan's net assets were invested in a CCT. As of December 31, 2023 and 2022, approximately 10% and 19%, respectively, of the Plan's net assets were invested in mutual funds. As of December 31, 2023, approximately 12% of the Plan's net assets were invested in fixed annuity contracts. The underlying value of the investments are dependent on the performance of the individual investment holding and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the CCT and the mutual funds and their investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

#### **Income Recognition**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

Notes to Financial Statements

December 31, 2023 and 2022

(Continued)

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

#### **Fair Value**

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

#### **Stable Value Fund (CCT)**

The Plan's Stable Value Fund (CCT) is a separately managed account within the Plan's trust managed by T. Rowe Price. Because the CCT is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the CCT. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

## **IMAGING BUSINESS MACHINES 401(k) PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(Continued)

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

#### **Stable Value Fund (CCT) - Continued**

The existence of certain conditions can limit the Fund's ability to transact at contract value with the issuers of its investment contracts. Any event outside the normal operation of the Fund, which causes a withdrawal from an investment contract, may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete termination of the Fund or liquidation by a significant unit holder, tax disqualification of the Fund or a significant unit holder, and certain Fund amendments if issuers' consent is not obtained. To the extent a unit holder suffers a tax disqualification or legal termination event, under normal circumstances, it is anticipated that liquid assets, held in the form of short-term investments, would be available and adequate to satisfy the redemption of such unit holder's interest in the Fund without the need to access/liquidate investment contracts.

In addition to the limitations noted above, issuers of investment contracts have certain rights to terminate a contract and settle at an amount which differs from the contract value. For example, certain breaches by the Fund of its obligations or representations under the terms of the investment contract can result in its termination at market value, which may differ from contract value.

Investment contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law. Synthetic investment contracts may also provide issuers with the right to reduce contract value in the event an underlying security suffers a credit event or the right to terminate the contract in the event certain investment guidelines are materially breached and not cured.

#### **Fixed Annuity Contract**

The fixed annuity contracts is a group annuity insurance contract called the Empower Investments Fixed Account Series Class I Fund (the "Fund"). The Fund provide participants with liquidity at contract value for daily transactions including transfers between funds. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected

#### **Payment of Benefits**

Benefits are recorded when paid.

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

#### **Refund of Excess Contributions**

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

### **NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees, Empower Annuity Insurance Company and Empower Trust Company, LLC, certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and contract value included in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, which includes interest and dividend income and net appreciation in fair value of investments, included in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023, included in the supplemental information.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

### **NOTE 4 - PLAN TERMINATION**

Although it has not expressed intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested in their employer contributions.

### **NOTE 5 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### NOTE 6 - FAIR VALUES

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2023 or 2022.

- *Mutual funds*: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2023 and 2022.

### NOTE 8 - INCOME TAX STATUS

The Plan is an Empower Retirement, LLC pre-approved defined contribution plan. The Internal Revenue Service has ruled, in a letter dated June 30, 2020, that the pre-approved plan developed by Empower Retirement, LLC, after which the Plan is modeled, qualifies under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has not received a determination letter specific to the Plan itself, and has been modified since the determination letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities.

The Sponsor has concluded, as of December 31, 2023 and 2022, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.
