Independent Auditors' Report

Benefit Plan Committee
TKC Holdings, Inc. Retirement Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TKC Holdings, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TKC HOLDINGS, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of The Plan

The following description of TKC Holdings, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The purpose of the Plan is to provide, generally, TKC Holdings, Inc. and its subsidiaries, including its domestic subsidiaries and U.S. expatriate employees of its foreign subsidiaries (collectively, the Company or Plan Administrator) the opportunity to defer for their retirement in accordance with Section 401(k) of the Internal Revenue Code (the Code).

Eligible employees may commence making deferral contributions on the first day of the month following or coinciding with their third month of employment.

The Plan's investments were held by Massachusetts Mutual Life Insurance Company (MassMutual). On December 31, 2020, Empower Retirement LLC acquired the retirement business of MassMutual and became the sole administrator in 2021. The Plan's fully benefit-responsive investment contract, MassMutual Diversified Separate Account Guaranteed Interest Contract (SAGIC), was issued by MassMutual, therefore the financial information related to this contract was provided by MassMutual, through a Power of Attorney granted to Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC) by MassMutual.

Plan Amendment

Effective August 1, 2024, the Plan was amended to added an after-tax contribution option.

Contributions

Participation by eligible employees is voluntary. Participants can contribute from 1% to 100% of their compensation subject to certain Internal Revenue Service (IRS) limitations. A participant, age 50 or older, may make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

TKC HOLDINGS, INC. RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Participant contributions may be directed into various investment options offered by the Plan in multiples of 1%. Participants, at any time, may also elect to reallocate all or any investment option.

The Company made a nondiscretionary safe harbor matching contribution for the years ended December 31, 2023 and 2022 representing 100% of the first 3% and 50% of the next 2% of eligible compensation for all eligible participants.

Prior to January 1, 2018, the Company provided a profit sharing contribution.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. For Company profit sharing contributions, vesting in a participant's account is based on years of service. A participant becomes fully vested after six years of service.

Forfeitures

Forfeitures may be used to pay Plan expenses or reduce future Company contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$150,004 and \$126,914 respectively. Forfeitures used to reduce Company contributions for the years ended December 31, 2023 and 2022 amounted to \$1,326 and \$63,859, respectively.

Participants Accounts

Each participant's account is credited with the participant's contributions, Company contributions and allocations of Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TKC HOLDINGS, INC. RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

The Plan allows participants to borrow from their accounts an amount greater than \$1,000 and not to exceed the lesser of: (a) \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan; or (b) 50% of the total value of the participant's vested account. Interest is charged on these loans at a rate commensurate with interest rates charged by persons in the business of lending money for similar type loans. The period of repayment ranges from one year to five years unless the loan is for the purchase of the participant's principal residence in which case the loan must be repayable within ten years or, at the determination of the Company, a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. Loan repayments, including principal and interest, are made by payroll deductions each pay period. Interest paid on the loan is credited to the participant's account.

Payment Of Benefits

Upon termination of service, death, disability or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. Normal retirement age is 60.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are reported on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

TKC HOLDINGS, INC. RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Valuation Of Investments And Income Recognition

Investments other than fully benefit-responsive investment contracts held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan is invested in the MassMutual Diversified Separate Account Guaranteed Interest Contract (SAGIC), which is a fully benefit-responsive investment contract. Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the SAGIC is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments - Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable. The adoption did not have a material impact on these financial statements.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

TKC HOLDINGS, INC. RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Administrative Expenses

Certain expenses incurred in administering the Plan have been charged to the Plan, while others have been paid by the Company. Fees associated with loan withdrawals and distributions are charged to the individual participant's account.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information certified by Empower Trust Company, LLC (the Trustee) and MassMutual and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee and MassMutual that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 228,399,338	\$ 190,322,524
Fully benefit-responsive investment contract at contract value	14,903,363	14,899,037
Notes receivable from participants	4,368,422	3,671,991

TKC HOLDINGS, INC. RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

The Trustee and MassMutual also certified to the completeness and accuracy related the following investment income (loss) and interest income on notes receivable from participants for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Interest and dividends	\$ 6,875,294	\$ 6,123,321
Net change in fair value of investments	29,171,337	(47,589,333)
Interest income on notes receivable from participants	250,604	161,007

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

TKC HOLDINGS, INC. RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 228,399,338	\$ —	\$ —	\$ 228,399,338

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 190,322,524	\$ —	\$ —	\$ 190,322,524

There have been no changes in the valuation methodology used at December 31, 2023 or 2022.

5. Fully Benefit-Responsive Investment Contract

The Plan invests in a benefit-responsive investment contract with MassMutual through the SAGIC. MassMutual maintains the contributions in a separate account. The separate account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MassMutual. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the Plan Agreement (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan Administrator or other Plan Administrator events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is set quarterly. The SAGIC does not allow the crediting interest rate to fall below zero percent.

6. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

8. Income Tax Status

Effective February 1, 2022, the Plan was restated through the adoption of the non-standardized pre-approved profit sharing plan sponsored by Empower Retirement LLC. Empower Retirement LLC received an opinion letter from the IRS dated November 14, 2022, stating that the form of the pre-approved plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. The Plan has not been amended since the date of the pre-approved plan's opinion letter. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirement of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party In Interest Transactions

The Plan's investment in the SAGIC was issued by MML Investors Services Inc., a subsidiary of MassMutual. In addition, certain Plan participants have outstanding notes receivable as of December 31, 2023 and 2022. These transactions qualify as allowable party in interest transactions.
