INDEPENDENT AUDITOR'S REPORT

To the Executive Compensation and Employee Benefits Committee
and participants of the Haverty Furniture Companies, Inc. Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Haverty Furniture Companies, Inc. Thrift Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Haverty Furniture Companies, Inc. Thrift Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The Haverty Furniture Companies, Inc. Thrift Plan (the Plan) is sponsored by Haverty Furniture Companies, Inc. and subsidiaries (the Company, Plan Sponsor or Haverty). The Plan is a “qualified cash or deferred arrangement” plan under Section 401(k) of the Internal Revenue Code (the Code). The following description of the Plan provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more detailed description of the Plan’s provisions. The plan was restated effective January 1, 2022.

Eligibility

Company employees become eligible for participation in the Plan after they attain 21 years of age and complete three consecutive calendar months of employment. Plan entry dates are the first day of each month. Leased employees and employees who are covered by a collective bargaining agreement are excluded from participating in the Plan unless otherwise provided in the collective bargaining agreement.

Contributions

Eligible employees are automatically enrolled into the Plan and pre-tax contributions are withheld at 3% of eligible compensation unless the employee elects otherwise. Under an automatic savings increase program, once an employee is enrolled, the deferral percentage will automatically increase by 1% on an annual basis until the deferral percentage reaches 10%, unless the employee elects otherwise. Eligible employees may make pre-tax and/or Roth contributions of up to 80% of their compensation as defined by the Plan document, generally not to exceed a maximum of \$22,500 in 2023. Participants age 50 and older may make additional “catch-up” contributions of \$7,500 to the Plan in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes safe harbor matching contributions up to 100% of the first 4% of eligible compensation contributed by participants. In 2023, safe harbor matching contributions, net of forfeitures, totaled \$5,955,301.

The Company may also make non-safe harbor non-elective and discretionary matching contributions to the Plan to eligible participants on a per capita basis to those employees who are employed on the last day of the Plan year. In 2023, the Company did not make any non-safe harbor non-elective or discretionary matching contributions.

Notes to Financial Statements

December 31, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged with certain transaction fees and other account services. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

There are restrictions on participant transactions and holdings of Haverty common stock via the Haverty Unitized Stock Fund (the Fund). The restrictions are as follows: 1) no new contributions or investment transfers from other investments are allowed; 2) sell transactions are allowed each day, but sales out of the Fund may not exceed \$50,000 in a single day; 3) the Fund cannot exceed 30% of a participant's total account balance, or a maximum of \$50,000; and 4) reporting officers, as defined by Section 16(b) of the Securities Exchange Act of 1934, and regional managers are prohibited from investing in the Fund. Contributions previously invested in the Fund may remain in the Fund.

Vesting

Participants are immediately vested in their contributions plus actual earnings and losses thereon. Vesting in the Company contribution portion of their accounts plus actual earnings and losses thereon is based on the number of years of service with the Company. Participants become fully vested in safe harbor matching contributions and non-safe harbor non-elective contributions in the Plan after completing two years of service. For discretionary matching contributions, participants vest 40% after two years of service and 20% per year beginning in year 3 until they are fully vested upon the completion of five years of service.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$7,271 and \$3,366, respectively. Forfeitures of employer contributions are used to offset Company contributions for the same and/or future Plan years. Forfeited non-vested amounts of \$347,411 were used to reduce Company contributions during the year ended December 31, 2023.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account. During 2023, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years, or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

December 31, 2023 and 2022

Payment of Benefits

At the time of death, total disability, retirement, age 59½, or termination of service, the participant or his/her beneficiary may receive payment of the vested balance in their account. The participant may elect to receive the portion of his/her account that is invested in the Haverty Unitized Stock Fund in cash, in whole shares of Haverty common stock, or a combination of the two. A participant may also elect to receive a portion of their account that is invested in mutual funds as an in-kind distribution. Distributions are paid in a lump sum, unless the distribution is upon death for which the participant's beneficiary may elect installment payments. Participant loans in default are treated as deemed distributions if the participant does not have a distributable event. Participants are eligible to receive hardship withdrawals when certain conditions are met. Participants that terminate employment and have an account balance less than \$5,000 will automatically receive a lump sum payment equal to the vested interest of their account.

Administrative Expenses

Participants pay certain administrative expenses of the Plan related to recordkeeping services, which are calculated based on an average daily balance methodology. Participants also pay certain transaction fees for hardship withdrawals, new loans, and self-directed accounts. These expenses related to recordkeeping services that are paid to a service provider of the Plan qualify for party-in-interest transactions. The Plan established an ERISA account where the custodian deposits revenue sharing to pay administrative expenses. Deposits to this account are included in net change in fair value of investments in the accompanying statement of changes in net assets available for benefits. Payments from this account are included in administrative expenses in the year paid. During 2023, no revenue sharing payments were deposited into the account and no expenses were paid from the account. The account had an available balance of \$13 and \$4 as of December 31, 2023 and 2022, respectively. When deposits are made into this account, the amounts are included in the money market fund on the statements of net assets available for benefits. The Company pays all other administrative expenses of the plan. The Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates, and such differences may be material to the financial statements.

Haverty Furniture Companies, Inc. Thrift Plan

Notes to Financial Statements

December 31, 2023 and 2022

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The Company non-safe harbor non-elective contributions and discretionary matching contributions are considered payable to the Plan after approval by the Executive Compensation and Employee Benefits Committee. Any unfunded participant or Company contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2023 and 2022.

In accordance with Financial Standards Accounting Board's Accounting Standards Codification ASC 326, *Financial Instruments—Credit Loss*, the Company estimates the current credit risk associated with the employer receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2023 and 2022

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and the net change in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (Schwab), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Plan investments include common/collective trust funds, the Haverty Unitized Stock Fund, units in the self-directed brokerage account, and a money market fund, which are managed by Schwab. Transactions in these securities qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are offset against the participant fee that is charged to the Plan on a quarterly basis, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Haverty Furniture Companies, Inc. Thrift Plan

Notes to Financial Statements

December 31, 2023 and 2022

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in the money market fund and mutual funds are valued at quoted market prices for the identical security in an active market (Level 1).

The Haverty Unitized Stock Fund consists of a 95% Haverty common stock position (HVT) and a 5% money market position. Each day the value of the portfolio is determined by the sum of the closing price of HVT multiplied by the number of shares held plus the value of the money market position (Level 1). At December 31, 2023 and 2022, respectively, the Plan held 31,625 units and 33,765 units of the Haverty Unitized Stock Fund. The fair value of the Plan's investment in the Fund at December 31, 2023 and 2022 was \$1,178,851 and \$1,063,497, respectively.

Investments in common/collective trust funds are valued daily to determine their net asset value (NAV) based on the fair value of the stocks, debt instruments, mutual funds, and other securities in the trusts. The common/collective trust funds may be traded daily at their NAV, but are not considered to be an active market (Level 2).

Investments in the self-directed brokerage accounts include mainly common stock, money market funds, unit investment trusts and mutual funds. All assets are traded through a broker and are considered Level 1 assets.

5. Income Tax Status

The Plan is a prototype plan created by Schwab Retirement Plan Services, Inc (Schwab Retirement), an affiliate of the Plan's qualified institution. The Internal Revenue Service has determined and informed Schwab Retirement by a letter dated September 21, 2020, that the prototype is designed in accordance with applicable sections of the Internal Revenue Code (the Code). Although the Plan has not received an individual determination letter and has been amended, the plan administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the Code and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
