We have performed audits of the financial statements of Equity Trust Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Qualified Opinion on the Financial Statements

In our opinion, except for the matter described in the Basis for Qualified Opinion on the Financial Statements section of our report, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Qualified Opinion on the Financial Statements

Department of Labor Rules and Regulations and accounting principles generally accepted in the United States of America (GAAP) require plan investments to be valued at fair value. As described in Note 2, Plan management may not obtain adequate information to properly value certain investments as of December 31, 2023 and 2022, and therefore these investments may not be presented in compliance with Department of Labor Rules and Regulations or in conformity with GAAP. The effects on the financial statements and the supplemental schedule of assets held at end of year as of December 31, 2023, and the inability to obtain adequate information to determine the fair value of these investments has not been determined.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets Held at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, except for the matter described in the Basis for Qualified Opinion on the Financial Statements section, on the schedules of Delinquent Participant Contributions and Assets Held at End of Year:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Equity Trust Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the following related companies: ETC Brokerage Services, Inc. (ETC Brokerage), Equity Administrative Services, Inc., Equity Trust Company (ETC), Equity Oil and Gas Funds, Inc., Equity Advisor Solutions, LLC, United Banc Investment Co. LP, and effective August 1, 2023, RJ King (collectively, the Company), who have completed 60 days of service and attained eighteen years of age, except for union employees, leased employees, non-resident aliens, and interns. Once eligible, employees may enroll in the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees oversee governance of the Plan. The Plan's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustees.

Contributions

Each year, participants may make voluntary 401(k) and Roth contributions up to 100% of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants in the Plan who are eighteen years of age and have completed 60 days of service are eligible to receive a safe harbor matching contribution. Participants in the Plan who are eighteen years of age, have completed one year of service, and are employed on the last day of the calendar year are eligible for discretionary matching and discretionary profit sharing contributions. The Company makes a safe harbor matching contribution of 100% up to 3%, plus 50% of the amount that exceeds 3% up to 5%, of eligible compensation that a participant contributes to the Plan. There were no discretionary matching or discretionary profit sharing contributions authorized for the year ended December 31, 2023. Contributions are subject to certain Internal Revenue Service (IRS) limits.

Participants direct the investment of their contributions into a broad range of investment options through self-directed brokerage accounts facilitated through the plan sponsor or participant accounts held by Matrix Trust Company (Matrix Trust). Participants can also direct contributions into nontraditional assets through requests submitted to the plan sponsor. The Company's contributions are allocated in the same manner in which the participants invest their own contributions.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's 401(k) and Roth contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses, as defined by the Plan agreement. Allocations of the Company's discretionary matching and profit sharing contributions are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k), Roth, and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions is immediate for safe harbor contributions and participants are 100% vested after six years of credited service for discretionary contributions under a graded vesting schedule. However, if an active participant dies or becomes disabled prior to attaining retirement age, the participant's account becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at Prime (8.50% and 7.50% at December 31, 2023 and 2022, respectively) plus 1.00%, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service or retirement, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance is less than \$5,000, the plan administrator may direct the custodian to make a direct rollover into an individual retirement account. Distributions of a participant's eligible account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce administrative expenses or to reduce future employer contributions. There were no forfeited non-vested accounts at December 31, 2023 and 2022.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, as reported by Matrix Trust and ETC, the custodians of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of trusts administered by Matrix Trust and ETC, the custodians of the Plan, representing investments in money market and mutual funds; self-directed brokerage accounts consisting of investments in money market and mutual funds, common stocks, and bonds; and nonreadily marketable investments. Nonreadily marketable investments in the amount of \$558,865 and \$442,776 as of December 31, 2023 and 2022, respectively, are valued at estimated value, as noted at Note 4, which is not in conformity with GAAP.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain of the Plan's administrative expenses and other expenses incurred in connection with the sale, purchase, and management of the investments within the self-directed brokerage accounts were paid by Equity Administrative Services, Inc. and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2023 and 2022, and for the year ended December 31, 2023, the Plan did not have a liability for unrecognized tax benefits. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

3. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust, a custodian.

The following information included in the accompanying financial statements and supplemental schedule of assets held at end of year was obtained from data that has been prepared and certified to as complete and accurate by Matrix Trust as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

	<u>2023</u>	<u>2022</u>
Cash	\$ 5,728	\$ 2,863
Investments – At fair value	\$ 17,217,094	\$ 15,265,422
Interest and dividends	\$ 375,325	
Net appreciation in fair value of investments	\$ 1,958,142	

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2023 and 2022.

Self-directed brokerage accounts (SDB Accounts): The SDB Accounts' investments are valued at the fair value of the underlying individual assets within the brokerage account. The SDB Accounts invest in money market and mutual funds, common stocks, and bonds.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

Common stocks: Valued at the closing price reported on the active market in which the securities are traded.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flow approach that maximizes observable inputs such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

Stable value collective trust fund: A stable value fund (the Fund) that is composed primarily of collective investment funds which invest in fixed income instruments. The Fund is valued at the NAV of units of the Fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice. There are no unfunded commitments related to such investments or any significant restrictions.

Investments – At estimated value - Unsecured notes, secured notes, real estate, private partnership, private stocks: Valued by the custodian at cost with various adjustments for underlying transaction activity when reported to the Plan (See Note 2).

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2023:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Matrix Trust:				
Money market fund	\$ 334,107			\$ 334,107
Mutual funds	13,558,696			13,558,696

Investments - At estimated value			\$ 558,865	558,865
Total assets in the fair value hierarchy	<u>\$15,745,537</u>	<u>\$ 22,181</u>	<u>\$ 558,865</u>	16,326,583
Investments measured at NAV				<u>3,324,291</u>
Total investments				<u>\$ 19,650,874</u>

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2022:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Matrix Trust:				
Money market fund	\$ 316,296			\$ 316,296

Total assets in the fair value hierarchy	<u>\$13,479,964</u>	<u>\$ 40,250</u>	<u>\$ 442,776</u>	13,962,990
Investments measured at NAV				<u>3,349,043</u>
Total investments				<u>\$ 17,312,033</u>

Following is a schedule of activity for the Plan's Level 3 assets for the year ended December 31, 2023:

<u>Description</u>	
Transactions	
Purchases	\$ 22,619
Unrealized gain	\$ 93,470

There were no transfers between levels during 2023.

5. PARTY-IN-INTEREST TRANSACTIONS

ETC is the custodian of the Plan investments in the SDB Accounts and nonreadily marketable investments. ETC Brokerage processes Plan investment transactions for the SDB Accounts as a broker/dealer. Both companies are plan sponsors and are owned by the Trustees of the Plan and, therefore, these transactions qualify as party-in-interest. The Plan and its participants are not assessed fees from ETC or ETC Brokerage for transactions executed on their behalf.

EPIC Advisors Inc. (EPIC) provides certain administrative services to the Plan pursuant to a Recordkeeping Services Agreement between the Company and EPIC. EPIC receives revenue from mutual fund and collective trust fund service providers for services EPIC provides to the funds. This revenue is used to offset certain amounts owed to EPIC for its administrative services to the Plan.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTES TO THE FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

7. TAX STATUS

The Plan has adopted a prototype plan provided by EPIC. EPIC has received an opinion letter dated June 30, 2020, from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to add IAA Shares Services, LLC, Midland Trust Company, Midland IRA, Inc., and Innovayte LLC, as participating employers.

Effective January 30, 2024, Plan management elected to merge the Plan with Island Financial Retirement Plan (Island Financial Plan). As part of the merger of the plans and transfer of all net assets to Matrix Trust, Plan management instituted a blackout period under which any and all activity relating to employee or employer contributions, distributions, loan activity, investment election changes, and deferral percentage changes were suspended for participants under the Plan. The blackout period began at market close on January 22, 2024, and ended at market open on February 19, 2024. Plan assets were valued as of market close on January 30, 2024, and transferred to Matrix Trust. Upon transfer, certain plan investment balances were transferred to the same investment option via an "in-kind transfer" while other investments were liquidated and reinvested under the Plan's investment options.
