INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Midwest Gastrointestinal Associates, P.C. 401(k) Safe Harbor Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midwest Gastrointestinal Associates, P.C. 401(k) Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from American United Life Insurance Company (AUL) as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by AUL agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITORS' REPORT (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets Held (At End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by AUL agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

MIDWEST GASTROINTESTINAL ASSOCIATES, P.C. 401(K) SAFE HARBOR PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the Midwest Gastrointestinal Associates, P.C. 401(k) Safe Harbor Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2002. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is available to all employees of Midwest Gastrointestinal Associates, P.C., and employees of affiliated service groups (the Companies) who are 21 years of age and have completed one month of service.

Plan Administration

The Companies have contracted with American United Life Insurance Company (AUL), a OneAmerica Company (OneAmerica), to hold the Plan's assets and execute investment transactions. American United Life Insurance Company has an explicit agreement with OneAmerica to administer service in connection with administration of the Plan. Midwest Gastrointestinal Associates, P.C. serves as the Plan trustee. Benefit Plans, Inc. (BPI) has been contracted as a third-party administrator.

In addition, the Companies have contracted with Wells Fargo & Company and Wells Fargo Clearing Services, LLC to hold a portion of the Plan's assets and execute investment transactions, with related investment advice from Wells Fargo Advisors, LLC.

Contributions

The Plan allows participants to contribute an amount up to Internal Revenue Code (IRC) limitations of their annual compensation through compensation deferrals in addition to a maximum of additional catch-up deferrals for qualified individuals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These compensation deferral contributions are fully vested and nonforfeitable. The Companies contribute a safe harbor amount equal to 3% of eligible compensation, as defined by the Plan. The Plan also allows for discretionary profit-sharing contributions at the option of the trustee and are invested as directed by the participant.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN (Continued)

Investments

Participants in the plan direct all employee and employer contributions in the various investment options. Participant accounts are maintained by OneAmerica unless the participant has opted to have a self-directed account through Wells Fargo & Company. Participants with self-directed Wells Fargo & Company accounts may make investment option changes at any time through their Wells Fargo & Company investment advisor.

Vesting

Participants are immediately vested in their compensation deferral contributions and the earnings thereon. The participants are also immediately vested in the Companies' safe harbor contributions. Vesting in the Companies' voluntary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after either three years or five years of credited service depending upon their hire date.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their fund accounts. All borrowings are secured by the balance in the participant's account and bear a reasonable rate of interest based on interest rates charged for similar loans by other lenders. Interest rates ranged from 4.25% to 9.50% for the years ended December 31, 2023 and 2022. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Expenses

The Plan's expenses are paid either by the Plan or the Companies, as provided by the Plan document. Certain expenses incurred through maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE A – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,013 and \$18,857, respectively. The balance of forfeiture accounts will be used to reduce future employer contributions. In 2023 and 2022, employer contributions were reduced by \$29,928 and \$0 from forfeited nonvested accounts, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes realized gains (losses) on investments bought and sold during the year and unrealized gains (losses) on investments held at the end of the year.

Income Taxes

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax position that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Benefit Payments

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 4, 2024, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY AUL

The following is a summary of the investment information as of and for the years ended December 31, 2023 and 2022 included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information provided by AUL. The Plan Administrator has obtained certifications from AUL as of and for the years ended December 31, 2023 and 2022 that information provided to the Plan Administrator by AUL related to the following investments is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of:

	December 31,	
	2023	2022
Investments	\$ 19,384,946	\$ 15,764,759
Notes Receivable	358,569	311,193
	<u>\$ 19,743,515</u>	<u>\$ 16,075,952</u>

AUL also certified to the completeness and accuracy of \$2,630,433 and (\$2,858,420) of net appreciation and depreciation in the fair value of investments, \$6,566 and \$2,303 of interest income for the aforementioned investments, and \$18,548 and \$15,333 of interest on notes receivable for the years ended December 31, 2023 and 2022, respectively.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

MIDWEST GASTROINTESTINAL ASSOCIATES, P.C. 401(K) SAFE HARBOR PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2023 and 2022

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022 outside of the Stable Value Fund being moved to contract value. There was no material impact on the financial statements due to this reclassification.

Pooled Separate Accounts: Valued using the net asset value (NAV) of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end. NAV is a readily determinable fair value and is the basis for current transactions.

MIDWEST GASTROINTESTINAL ASSOCIATES, P.C. 401(K) SAFE HARBOR PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2023 and 2022

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Self-Directed Brokerage Accounts – Valued at quoted market prices of the investments held in the brokerage account. Equity securities held in the brokerage account are valued at quoted market prices reported on the active market on which the individual securities are traded on the last business day of the Plan year. Mutual funds are valued at quoted market prices, which represent the NAV of shares held in the brokerage account at year-end. Limited partnerships held in the self-directed brokerage accounts are valued at the NAV per unit. Corporate and municipal bonds and other fixed income securities are priced by a computerized pricing service or, if less actively traded, by utilizing a yield-based matrix system to arrive at an estimated market value. Listed options are priced based on the closing “bid-ask” prices and the last reported trade. Private Capital funds are based on estimated valuations as provided by fund companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total

NOTE E – TAX STATUS

The Companies adopted the Benefit Plans, Inc. Non-Standardized Pre-Approved Profit Sharing Plan, a prototype plan. The Internal Revenue Service has determined and informed the sponsor of the pre-approved plan by a letter dated June 30, 2020 that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). As such, the Plan Administrator has not applied to the Internal Revenue Service for a determination letter. However, the Plan Administrator is of the opinion that the Plan is designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for periods prior to December 31, 2020.

NOTE F – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with American United Life Insurance Company (AUL). The contract offers fixed interest investment options (Fixed Option accounts). The Fixed Option account includes the AUL Stable Value Account. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on the return AUL expects on new investments made by it and held within the AUL general account, and it will always equal or exceed the contractually guaranteed rate. The crediting rate is reviewed on a quarterly basis for resetting. The AUL Stable Value Account's average interest rate being credited to assets was 1.00% as of December 31, 2023. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE G – PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, primarily mutual funds. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE I – RELATED PARTY TRANSACTIONS

The Plan holds various investments managed by American United Life Insurance Company, a OneAmerica company. AUL served as the custodian of the Plan as of and for the years ended December 31, 2023 and 2022, therefore, these qualify as party-in-interest transactions. The Plan also pays recordkeeping fees to AUL. These recordkeeping fees were included in net appreciation (depreciation) in fair value from pooled separate accounts in the statements of changes in net assets available for benefits.

BPI was the third-party administrator for the Plan for the years ended December 31, 2023 and 2022, therefore these transactions qualify as party-in-interest transactions. The Plan paid third party administrator (TPA) recordkeeping fees to BPI of \$5,250 and \$5,750 for the years ended December 31, 2023 and 2022, respectively.

The participant directed account investments are managed by Wells Fargo & Company (through Wells Fargo Clearing Services, LLC) for the years ended December 31, 2023 and 2022, therefore these transactions qualify as party-in-interest transactions. The Plan paid investment consulting service fees to Wells Fargo & Company of \$27,633 and \$34,454 for the years ended December 31, 2023 and 2022, respectively.
