INDEPENDENT AUDITORS' REPORT

To the Administrator and Participants of
The Great Lakes Brewing Co.
401(K) Profit Sharing Plan and Trust
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Great Lakes Brewing Co. 401K Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Until September 15, 2023, Employees of the Company were eligible to participate immediately upon employment for elective contributions. Effective September 15, 2023, the Plan was amended and participants are now eligible to participate after 90 days of employment for elective contributions. For employer matching and company discretionary contributions, participants in the Plan are eligible after having completed one year of service. The Plan and Trust utilizes the elapsed time method of calculating service with no counting of hours of service requirement for eligibility.

The Plan entry date is the first date of the quarter following attainment of the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The plan has an automatic contribution with a deferral rate of 6%. The Plan was amended effective September 15, 2023 to include a 1% escalation in the automatic deferral rate per year to a maximum of 10% for all new participants.

Contributions

Each year, Plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 100% of their compensation, subject to a limit of \$22,500 and \$20,500 for 2023 and 2022, respectively. Eligible employees may elect to make additional “catch up” contributions. Participants may also contribute amounts on an after-tax basis through Roth contributions subject to the same limitations as pretax basis contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a matching contribution on behalf of each participant in an amount equal to 25% on the first 6% of the participant’s compensation contributed to the Plan. The company also contributed a discretionary profit sharing contribution on behalf of each participant in an amount equal to 3% for 2023. For 2022, the company contributed a cross tested profit sharing contribution on behalf of each participant in an amount equal to either 7.5%, 18.0%, or 34.9% of the participant’s compensation based on classification of the participant into 10 different groups

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

A separate account is maintained for each investment option selected by the participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, the Company's profit sharing contribution, and the Plan's earnings. Allocation of the Plan's earnings is based on participant's account balances.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The Plan currently offers twenty-two funds as investment options for participants.

Vesting

Participants are immediately vested in employee contributions. Participants are 0% vested in company contributions in year one and year two of service and 100% vested after year three of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the participant's highest outstanding loan during the previous twelve month period. Loan terms can be up to 5 years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Loan balances are measured at their unpaid balance plus any accrued, unpaid interest and bear interest at a rate determined at the time the loan is made. Interest income from the loans is recorded on the accrual basis. As of December 31, 2023, the interest rates on all outstanding loans ranged from 3.25% to 9.50%. Principal and interest are repaid ratably through bi-weekly payroll deductions. Loan origination fees of \$75 and quarterly loan maintenance fees of \$12 are paid by the participant requesting the loan. Loan origination and maintenance fees are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits

The normal form of benefits under the Plan is a single life annuity for an unmarried participant and a joint and survivor annuity, for a married participant. Additional annuity forms and lump sum distribution options are available at the election of the participant, provided for a married participant that the spouse consents. If a participant dies on or after an Annuity Starting Date, the Beneficiary will be eligible to receive the retirement benefits payable to the Beneficiary, if any.

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are applied towards Plan expenses or used to reduce employer contributions. At December 31, 2023 and 2022, forfeited non-vested amounts totaled \$4,457 and \$8,148, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are administered by Delaware Charter Guarantee Trust Company d/b/a Principal Trust Company (Principal Trust Company) and are stated at fair value. Units held in mutual funds are valued at the daily closing prices as reported by the funds. Units held in pooled separate accounts are reported at fair value based on the unit prices quoted by the funds, representing the fair value of the underlying investments. Through September 15, 2023, The Plan's investments were administered by Voya Retirement Insurance and Annuity Company and were stated at fair value. Units held in pooled separate accounts were reported at fair value based on the unit prices quoted by the funds, representing the fair value of the underlying investments. Units held in fixed funds were reported at contract value. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Services

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment adviser. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value in the near term would materially affect participant account balances and the amounts reported in the statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - TAX STATUS

The Plan uses a prototype pre-approved plan document sponsored by Principal Life Insurance Company, which received a favorable opinion letter from the IRS dated June 30, 2020, stating that the Plan is qualified under Internal Revenue Code (IRC) Section 401. The Plan itself has not received its own determination letter. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are investment funds managed by Principal Trust Company. Principal Trust Company is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Through September 15, 2023, certain Plan investments were investment funds managed by Voya Financial Advisors, Inc. Voya Financial Advisors, Inc. was the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Certain fees for investment management, recordkeeping and administrative expenses are with the custodian and are not considered prohibited transactions under ERISA. Participant loans also qualify as party-in-interest.

NOTE 5 - INVESTMENTS

Effective September 15, 2023, the Plan's investments are held by Principal Trust Company as custodian. Through September 15, 2023, The Plan's investments were held by Voya Retirement Insurance and Annuity Company. As custodians, both Principal Trust Company and Voya Retirement Insurance and Annuity Company maintain the investments in separate accounts, which comprise a significant portion (97.80% - 2023, 94.83% - 2022) of the Plan's assets. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals. Principal Trust Company certified for September 15, 2023 through December 31, 2023 as to the completeness and accuracy of the information reported. Voya Retirement Insurance and Annuity Company certified for January 1, 2022 through September 15, 2023 and as of December, 2022 as to the completeness and accuracy of the information reported. Unrealized gains (losses) on investments totaled \$2,988,343 and (\$3,046,655) for the years ended December 31, 2023 and 2022, respectively.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts.

NOTE 7 - INFORMATION CERTIFIED BY CUSTODIAN

NOTE 9 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Accounts: Valued at the net asset value (NAV) of the applicable portion of assets and gains/losses allocated to the Plan by the insurance company. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Transactions occurring throughout the year are generally priced at the NAV. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily and there is no minimum redemption notice period.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Pooled Separate Accounts	\$ 14,178,491	n/a	Daily	None

Events that would limit the pooled separate accounts, mutual funds and fixed funds to transact at the NAV may include, but are not limited to, the following: mergers, mass layoffs, Plan terminations, and implementation of early retirement incentive programs.

NOTE 10 - VOYA FIXED ACCOUNT

The Plan had a benefit-responsive fixed account with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. The current credited interest rate is 1.00% and the guaranteed minimum rate is 1.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or amendment to the Plan or a change in the administration or operation of the Plan, including the division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 12 – PLAN AMENDMENTS

Effective September 15, 2023, the Plan was restated and the following amendments were adopted: (1) eligibility to contribute deferrals now requires 90 days of employment; (2) participants who defer based on automatic deferrals of 6%, now have a 1% escalation in deferrals per year to a maximum of 10%. This provision does not apply to participants who were existing participants as of September 15, 2023.
