Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vacuum Truck Rentals, LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for the Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audits do not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raises substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Item 4(i) - schedule of assets (held at end of year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 • DESCRIPTION OF THE PLAN

The following description of the Vacuum Truck Rentals, LLC (hereafter referred to as the "Company") 401(k) Retirement Plan (hereafter referred to as the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan in which all the employees of the Company are eligible to participate upon completion of three months of service and attainment of age twenty-one. An employee may begin participating on the first day of the Plan year quarter following the date the employee satisfies the Plan eligibility requirements. The Company's Board of Directors and the Plan Administrator control and manage the operation and administration of the Plan. Empower Retirement, LLC serves as the Administrator of the Plan and Talcott Life Insurance Company serves as the Trustee of the Plan assets. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is a Mississippi Limited-Liability Company formed in 1999 to provide vacuum truck rental services to consumers in Mississippi and the surrounding areas.

Contributions

Participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan. The contribution is limited by law and adjusted by the Secretary of the Treasury for the percentage increase in the Consumer Price Index each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 100 percent of the first 3 percent of base compensation deferred and the Company contributes 50 percent of compensation deferred between 3 and 5 percent of base compensation, that a participant contributes to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100 percent vested in their contributions, the Company's matching contributions, plus actual earnings thereon.

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any investment option allowed by the Plan. Participants may change their investment options daily via telephone or internet.

Loan Policy

Loans are not permitted under the Plan.

Payment of Benefits

Upon termination of service, participants with vested benefits of $5,000 or less are automatically paid a single lump sum payment, unless participants request a direct rollover of such funds to an IRA. Upon termination of service due to death, disability or retirement, participants with vested benefits greater than $5,000 may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Administrative Expenses

During 2023 and 2022, trustee, administration and valuation fees totaling $40,139 and $28,071, were absorbed by the Plan in 2023 and 2022, respectively. All other administrative expenses were paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include the fair value measurement of investments. It is at least reasonably possible that the significant estimates used will change within the next year.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Employee and Employer Contributions

Employee deferral contributions and respective matching contributions are recognized as additions to net assets on the date on which such employee deferrals would otherwise have been payable to the participant. Employee rollover contributions are recognized as an addition to net assets on the date transferred from other qualified plans.

Valuation of Investments and Income Recognition

Investments are stated at year-end fair value (except for the full-benefit responsive investment contract which is reported at fair contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Any unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits. See Note 4 for a discussion of fair value measurements.

The common collective trust funds are valued at the net asset value per share, or its equivalent, of the funds, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on any investment.

Purchases and sales of securities are recorded on a trade-date basis. Income from investments is recorded and accrued as earned. Capital gain distributions are included in dividend income.

Concentration of Market Risk

The Plan assets held during 2023 and 2022 included a significant amount of registered investment companies and common collective investment trust funds, which invest primarily in marketable equity securities and fixed income securities. Accordingly, the performance of the investments is dependent on the equity and debt securities markets which involve price volatility.

Additionally, registered investment companies and common collective investment trusts may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including mortgages backed by subprime mortgage loans. The values, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issues and changes in interest rates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

Subsequent events were evaluated by the Plan through October 9, 2024, which is the date the financial statements were available to be issued.

NOTE 3 • INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Talcott Resolution Life Insurance Company (the Trustee of the Plan).

NOTE 4 • FAIR VALUE MEASUREMENTS

Fair value measurements define fair value as the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Fair value measurements establish a fair value hierarchy that prioritizes the observable and unobservable inputs used to measure fair value into three broad levels:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 • FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission.

These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. The trusts publish their daily NAV and transact at that price.

The preceding methods may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,215,219	$ -	$ -	$ 5,215,219
Total investments at fair value	$ 5,215,219	$ -	$ -	$ 5,215,219

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,446,626	$ -	$ -	$ 4,446,626
Total investments at fair value	$ 4,446,626	$ -	$ -	$ 4,446,626

The following tables summarize investments for which fair value is measured based on NAV per unit, as a practical expedient, as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments. The redemption period is applicable only to the Plan.

Advance written notice is required for any redemption directed by the Plan Sponsor. Redemptions of $1,000,000 of a Plan's assets invested in the Funds require 5 business days advance notice. Redemptions will be made on a pro-rate basis from the Plan's interest in the Fund.

NOTE 5 • INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has entered into a traditional fully benefit-responsive investment contract with Talcott Resolution Life Insurance Company (the "Insurer") totaling $164,767 and $174,618 for December 31, 2023 and 2022, respectively. The Insurer maintains the contributions in a general account which invests primarily in synthetic investment contracts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative

NOTE 5 • INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (continued)

expenses. The investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon by the issuers that is reviewed quarterly and cannot fall below zero percent. The interest rate was 2.80 percent and 1.70 percent for 2023 and 2022, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

This guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 • RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

	2023	2022

Benefits paid to participants per U.S. Form 5500	$ 925,724	$ 594,743

NOTE 7 • INCOME TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Martin, Martin, Randall and Associates, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service, dated June 30, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

There were no uncertain tax positions identified related to the current year and the Plan has no unrecognized tax benefits at December 31, 2023 and 2022, for which liabilities have been established. The Plan recognizes interest and penalties, if any, related to unrecognized tax benefits as a component of income tax expense.

NOTE 8 • RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and collective investment trusts managed by an affiliate of Empower Retirement. Talcott Resolution Life Insurance Company acts as Trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Such fees are based on customary and reasonable rates for such services. Party-in-interest transactions include certain trustees, administration and valuation fees paid to the Plan Trustee, which the Trustee paid to affiliated companies.

NOTE 9 • SECURE ACT

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act) was signed into law. The SECURE Act will allow employees with at least 500 service hours in three consecutive years to be eligible to participate in the plan effective January 1, 2024. In accordance with the SECURE Act, service prior to January 1, 2021, is disregarded for purposes of determining eligibility using the number of consecutive years with a least 500 service hours. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 10 • SECURE 2.0 ACT

On December 29, 2022, the Securing a Strong Retirement Act of 2022 ("SECURE 2.0") was signed into law. Some of the retirement plan changes in SECURE 2.0 that will/may affect the Plan include:

- changes to required minimum distribution age and penalties;
- higher catch up contributions;
- emergency withdrawal flexibility; and
- Employees with 500 service hours in two consecutive years will be eligible to participate in the plan effective January 1, 2025. In accordance with SECURE 2.0, service prior to January 1, 2021, is disregarded for purposes of determining eligibility using the number of consecutive years with at least 500 service hours.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
