WEST SIDE DB LLC 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **West Side DB LLC 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEST SIDE DB LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan

The following description of the **West Side DB LLC 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General** – The Plan is a defined contribution plan originally established on January 1, 2014, and covering substantially all employees of West Side DB LLC DBA Dutch Brothers Coffee (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2023, the Plan was amended and restated (the "Restatement") due to the Plan Sponsor appointing Fidelity Management Trust Company to act as the Trustee and for Fidelity Workplace Services LLC (collectively, "Fidelity") to perform the recordkeeping functions of the Plan. Participant accounts totaling \$1,338,463 were liquidated from Country Trust Bank on April 1, 2023, and deposited by Fidelity on April 5, 2023.

- B. Eligibility** – An employee is eligible to participate once they have completed one year of service in which they have worked 1,000 hours or more and have attained the age of 21. The employee's entry date will be the first day of the seventh month of the Plan year following the date the employee satisfies the eligibility requirements.

Effective with the Restatement, the 1,000 hours requirement for eligibility purposes was removed and the entry date was revised to the first day of each month following the date eligibility requirements are satisfied.

- C. Contributions** – Contributions to the Plan are made as directed by the participants. Participants may contribute from 1% to 100% of their compensation on a pre-tax or after-tax basis, as defined in the Plan, subject to certain limitations prescribed by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified pension plans. The Sponsor makes a safe harbor contribution on behalf of each participant equal to 100% of each participant's elective deferrals not to exceed 4% of the participant's compensation. The Plan also contains provisions for additional discretionary matching contributions, which are subject to the discretion of the Sponsor. There were no additional discretionary matching contributions made during 2023.
- D. Participant accounts** – Each participant's account is credited with the participants' elective deferral contributions, Sponsor's safe harbor contributions, any Sponsor additional discretionary matching contributions and an allocation of investment earnings and losses. Allocations are based on participant contributions or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. Vesting** – Participants are immediately vested in their elective and rollover contributions and the safe harbor contribution. Participants vest in the Sponsor's additional discretionary matching contributions, plus actual earnings thereon, based on years of service as follows:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

WEST SIDE DB LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan (continued)

F. Payment of benefits – In general, distributions from the Plan will be made in one lump-sum payment in cash. If the value of a participant's vested benefit is more than \$1,000 on termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum payment amount equal to the value of his or her account, or annual installments over a certain period, and in no event exceeding the life expectancy of the participant as determined at the time of the distribution.

If the value of a participant's vested benefit is \$1,000 or less, a lump sum payment will be made to the participant. The Plan provides for the payment of benefits in amounts up to the entire vested balance in a participant's account upon one of the following:

- a. Termination of employment
- b. Death or disability of participant
- c. Qualified reservist distribution
- d. Proven financial hardship

G. Notes receivable from participants – Effective with the Restatement, a participant may borrow the lesser of \$50,000 or 50 percent of his or her vested account balance, with a minimum loan amount of \$1,000. Loan repayments must be made through an established repayment schedule, not to exceed 60 months, unless the proceeds are used to purchase the participant's primary residence, in which case the repayment period may not exceed ten years. The interest rate is based on the prime interest rate plus 1% at the time of the loan and is fixed over the life of the loan.

H. Forfeitures – Forfeited non-vested accounts are used to pay administrative expenses and employer contributions or may be allocated as to participant accounts as an additional discretionary matching contribution. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0. During the year ended December 31, 2023, there were no forfeited non-vested accounts used to fund employer contributions or reduce administrative expenses.

I. Administrative expenses – The Sponsor has elected to pay certain administrative expenses on behalf of the Plan during 2023. The Plan does not have an obligation to repay such amounts to the Sponsor. Investment advisory and recordkeeping fees are charged directly to the account of the participant and are included in administrative expenses.

J. Plan termination – Although it has not expressed an intention to do so, the Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants' accounts shall become 100% vested.

(2) Significant accounting policies

Basis of accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

WEST SIDE DB LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(2) Significant accounting policies (continued)

Investment valuation and income recognition – Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds – Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Money market fund – The money market fund offers one share class. Shares are bought and sold at closing net asset value per share, which is the price for all outstanding shares of a fund. Each share has a par value of 1/1,000 of a cent.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurement – The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.
- Level 2: Inputs other than quoted prices that are observable for assets or liabilities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.
- Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets or liabilities. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2023 and 2022, the Plan's investments in mutual funds totaled \$1,544,943 and \$1,154,346, respectively. As of December 31, 2023 and 2022, the Plan's investments in the money market fund totaled \$186 and \$0, respectively. All investments are measured using Level 1 inputs within the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(2) Significant accounting policies (continued)

Risks and uncertainties – The Plan provides for investments in various fund options, which in turn invest in any combination of stocks, bonds, and other investment securities. Investment securities are exposed to interest rate, overall credit volatility and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. There are no notes receivable from participants outstanding.

Subsequent events – The Plan's management has evaluated subsequent events through October 10, 2024, which is the date the financial statements were available to be issued.

(3) Information certified by the trustees

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Country Trust Bank and Fidelity Management Trust Company, the trustees, have certified that the following information included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value
- Interest and dividends on investments
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Party-in-interest transactions

The Plan Sponsor provides all employer contributions to the Plan; consequently, these transactions qualify as party-in-interest transactions.

Certain Plan investments were managed by Country Trust Bank and Fidelity Management Trust Company, the Plan's trustees; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustees for investment management and recordkeeping services totaled \$11,974 during the year ended December 31, 2023.

(5) Tax status

The Plan has adopted a defined contribution prototype plan document, which obtained a favorable opinion letter dated June 30, 2020, stating that the Plan and related trust are designed in accordance with the applicable Internal Revenue Code ("IRC"). The Plan administrator and the Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax exempt as of and for the year ended December 31, 2023.

(6) Delinquent participant contributions

Plan management determined that certain participant contributions amounting to \$1,013 during the year ended December 31, 2023 were not withheld timely and were remitted late by the Plan Sponsor based upon guidelines established by the DOL. Plan management is in the process of correcting these contributions during the 2024 Plan year. Lost earnings associated with the corrections are expected to be de minimis.
