Independent Auditor's Report

Participants and Administrator
Greater Bergen County Community Action, Inc. Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Greater Bergen County Community Action, Inc. Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets held at year as of December 31 2023 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Greater Bergen County Community Action, Inc. Tax Sheltered Annuity Plan

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the Greater Bergen County Community Action, Inc. Tax Sheltered Annuity Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the benefit of eligible employees of Greater Bergen Community Action, Inc. ("Greater Bergen"), the Plan administrator. An employee of Greater Bergen who works a minimum of 20 hours per week becomes eligible to make deferral contributions to the Plan starting on the date of hire and is eligible to receive discretionary matching contributions starting on the first day of the month that coincides with the completion of 12 months of service.

b. Contributions

An employee participating in the Plan may contribute annually through payroll deductions, up to 100% of their compensation, subject to limitations under the IRC (\$22,500 for 2023 and \$20,500 for 2022) contributed to the Plan in accordance with Section 403(b)(7) of the IRC. Any participant age 50 or over may make an additional "catch-up" contribution to a maximum of \$7,500 and \$6,500, for the years ended December 31, 2023 and 2022, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation at any time.

Greater Bergen may provide a discretionary "matching" contribution to the Plan. The maximum annual discretionary contribution shall not exceed 6% of eligible salary deferral contributions. Catch-up contributions are not eligible for the employer discretionary match. For the years ended December 31, 2023 and 2022, Greater Bergen's discretionary match was calculated at 50% of the participant's eligible deferral to the Plan, up to 6%, amounting to \$281,017 and \$287,285, respectively.

c. Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investment options with varying investment objectives for participants to select from. Each participant's account is credited with the participant's pre-tax contributions, Greater Bergen's contributions, if any, and the proportionate share of dividends, interest, investment gains, and losses. The participant's account is reduced by withdrawals, losses on investments, and any administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

All participants are 100% vested in their entire account balance.

Note 1 - Description of Plan - Continued

e. Payment of Benefits

Prior to age 59½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawals must be submitted to the Plan in writing. Taking a hardship withdrawal causes the participant to become ineligible to contribute to the Plan for six months. Upon normal retirement age (65) participants may elect to withdraw any amount, not to exceed 100% of the participant's vested account for any reason.

In the event of termination of employment, a participant shall receive their participant contributions and earnings thereon, and vested Greater Bergen contributions and earnings thereon, in the form of a single-sum payment, installment payments, or an annuity contract or an annuity.

f. Notes from participants

The Plan allows for participants to borrow from their account balances subject to certain limitations. The minimum a participant may borrow is \$1,000 and the maximum, including the outstanding balance of existing Plan loans, is 50% of their vested account balance, not to exceed \$50,000. Loan repayments are made in regular periodic installments through payroll deductions. Interest rates ranged from 4.16% to 9.50% during the years ended December 31, 2023 and 2022, respectively. Principal and interest are paid ratably through ongoing payroll deductions.

g. Forfeitures

Forfeitures represent past employer contributions that are reallocated to Plan participants and can be used to reduce future employer contributions to the Plan or to pay Plan expenses. At December 31, 2023 and 2022, the Plan's net assets available for benefits included \$14,103 and \$11,620 of forfeitures, respectively.

h. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for defined contribution plans.

b. Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts which are stated at contract value - see Note 5). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net investments appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

c. Notes Receivable from Participants

Notes receivable from participants ("notes") are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes are recorded as distributions on the basis of the terms of the Plan agreement and amounted to \$25,754 and \$10,047 for the years ended December 31, 2023 and 2022, respectively.

d. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

e. Administrative Expenses

The expenses necessary to administer the Plan, including but not limited to retaining necessary professional assistance from an attorney, auditor or investment advisor, were paid by the Plan for the years ended December 31, 2023 and 2022 (see Note 8). The Plan, at its discretion, may deduct such costs directly from investment returns or pass through to the participants in the Plan. Distribution, loan, and investment fund management fees are charged directly to the participant's account.

f. Payment of Benefits

Benefits are recorded when paid.

g. Subsequent Events

The Plan has evaluated all subsequent events for potential recognition or disclosure through October 8, 2024, the date the financial statements were available to be issued, no additional recognition or disclosure is needed.

Note 3 - Investments Certified by the Trustees

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Empower Annuity Insurance Company of America LLC, and Empower Trust Company, LLC, the trustees of the Plan. The Plan administrator has obtained certification from the trustee that information provided to the Plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets, income, gains, and losses:

	December 31,	
	2023	2022
Registered investment companies, at fair value	\$ 8,540,382	\$ 7,445,325
Investments, at contract value	842,193	472,602
Total investments	<u>\$ 9,382,575</u>	<u>\$ 7,917,927</u>

	Years Ended December 31,	
	2023	2022
Net investment appreciation (depreciation)	\$ 1,229,779	\$ (1,977,905)
Interest and dividend income	\$ 204,983	\$ 289,625
Other income	\$ 41,994	\$ 45,579

Note 4 - Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the Topic are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Greater Bergen County Community Action, Inc.

Tax Sheltered Annuity Plan

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

Note 4 - Fair Value Measurements - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Registered investment companies consist of shares of mutual funds that are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, as follows:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,540,382	\$ -	\$ -	\$ 8,540,382

Note 5 - Fully Benefit-Responsive Investment Contracts

Investments held by the Plan include the EI Fixed Account - Series Class II with Great-West Life Insurance and Annuity Company, a portfolio that holds traditional guaranteed investment contracts ("GIC") and are considered to be fully benefit-responsive. Because the contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Generally, contract value is equal to participant deposits minus participant withdrawals, administrative expenses plus credited interest. Contract value may be subject to adjustments in connection with contract holder-directed withdrawals that are subject to a market value adjustment. Under limited circumstances, contract value may be adjusted as a result of a market value adjustment.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract.

The average yield based on actual earnings of the contract for the year ended December 31, 2023 for the EI Fixed Account - Series Class II was 1.55%.

Note 6 - Plan Termination

Greater Bergen intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

Tax Sheltered Annuity Plan

Notes to Financial Statements

Years Ended December 31, 2023 and 2022

Note 7 - Tax Status

Currently, 403(b) plans are not required to submit documentation to the Internal Revenue Service ("IRS") for a formal determination that the Plan qualifies to be exempt from income taxes. The Plan has adopted a volume submitter plan sponsored by the Angell Pension Group, LLC. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's compliance with IRC section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Authoritative guidance requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Greater Bergen has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Greater Bergen believes it is no longer subject to tax examinations for years prior to 2020. In addition, there are no tax related interest or penalties reflected in the accompanying financial statements.

Note 8 - Parties-in-Interest

For the years ended December 31, 2023 and 2022, there were transactions involving certain participants who borrowed from the Plan. As of December 31, 2023 and 2022, the outstanding notes from participants were \$234,031 and \$275,818, respectively, with varying interest rates and maturity dates. Participants are a party-in-interest to the Plan, and these notes were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

Investments in the group fixed annuity contracts are managed by the trustees. In addition, the Plan paid \$105,795 and \$108,833 in administrative expenses during the years ended December 31, 2023 and 2022, respectively, to the record keepers. These transactions qualify as party-in-interest transactions. Transaction fees incurred by the trustees and registered investment companies are reflected, net, in investment income.

Note 9 - Prohibited Transactions

During the years ended December 31, 2023 and 2022, Greater Bergen failed to remit participant contributions and loan repayments totaling \$29,117 and \$10,119, respectively, to the Plan within the time period prescribed by Department of Labor regulations. The failure to remit participant contributions and loan repayments to the Plan in a timely basis represents a prohibited transaction under ERISA. All delinquent contributions and loan repayments have been contributed into the Plan.
