Independent Auditor's Report

To the Plan Administrator of
the Dynamic Resource Group
Employees Retirement Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dynamic Resource Group Employees Retirement Plan & Trust (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i —Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance

with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dynamic Resource Group Employees Retirement Plan & Trust

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following description of the Dynamic Resource Group Employees Retirement Plan & Trust (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, salary reduction plan covering substantially all employees of DRG Holdings, LLC and its subsidiaries (Annie's Publishing, LLC and SFG, LLC); EP Graphics, Inc.; Berne Tri-Weekly News, Inc.; Dynamic Resource Group, Inc.; and DRG Management Corporation (Companies) who have completed two months of service and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants in the Plan may defer and contribute from 1 percent to 80 percent (in increments of 1 percent) of their annual compensation, as defined by the Plan, not to exceed certain dollar limitations that are set by law. Participants age 50 or older may elect to defer and contribute additional amounts to the Plan up to the maximum that is set by law. Participants may also contribute amounts representing distributions from another eligible retirement plan, individual retirement account, or annuity, with the consent of the plan administrator. Additionally, the Plan allows participants to change the amount of salary deferral and to direct the investment of their funds and contributions on a daily basis.

The Companies will make a matching contribution equal to (a) 100 percent of the amount of each participant's before-tax contributions that do not exceed 3 percent of the participant's compensation for the plan year, plus (b) 50 percent of the amount of each participant's before-tax contributions that exceed 3 percent of each participant's compensation but do not exceed 5 percent of each participant's compensation. In addition, a discretionary profit sharing contribution may be made by the Companies subject to certain plan limitations. Participants must complete a year of service, as defined by the Plan, and be employed on the last day of the plan year to share in the discretionary profit sharing contribution, unless a participant's termination was the result of retirement, disability, or death.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-

1. Description of the Plan (continued)

Participant Accounts (continued)

vested accounts are used to pay Plan expenses and/or reduce the amount of the Companies' contribution to the Plan. As of December 31, 2023 and 2022, the balance of forfeited, non-vested accounts totaled \$24,287 and \$26,165, respectively. During 2023, \$4,000 of forfeitures was used to pay plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100 percent vested in their contributions, including rollover contributions, and the Companies' matching contributions plus any investment earnings thereon. Participants vest in the discretionary profit sharing portion of their account plus actual earnings thereon over a period of six years.

Notes Receivable from Participants

Participants may borrow approved amounts of \$1,000 or more from their fund accounts up to a maximum equal to the lesser of \$50,000, reduced by the excess (if any) of the highest balance of loans during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or 50 percent of their vested account balance. The term of the loan is up to five years or longer for the purchase of a primary residence. A participant may only have one loan outstanding at any given time. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Should the participant terminate as an employee of the Companies, the balance of the outstanding loan (including any accrued interest) becomes due and the participant's vested account may be used to pay the balance of the outstanding loans.

Payment of Benefits

On termination of service or upon death, disability, or retirement, a participant can elect to receive a distribution in either a single lump-sum payment or a direct rollover to an eligible retirement plan as soon as administratively feasible. Participants who terminate employment with vested account balances of more than \$1,000, but no more than \$5,000 not electing a method of distribution will be paid as a direct rollover to an Individual Retirement Account. A separated participant with a vested account balance not exceeding \$1,000 will receive a lump-sum distribution as soon as administratively feasible. A participant who has attained age 59 1/2

1. Description of the Plan (continued)

Payment of Benefits (continued)

(or age 50 and attained ten years of vesting service) may, upon request of the plan administrator, receive a distribution of all or a portion of his or her vested account balance even though he or she has not yet terminated employment with the Companies. A participant who has attained age 50 and has attained ten years of vesting service may receive a distribution of all or a portion of his or her vested account balance in the discretionary matching contribution account and discretionary profit sharing account, even though such participant has not severed his employment with the Companies. An in-service withdrawal shall not be permitted from a participant's account pertaining to any company safe harbor matching contributions. The Plan also provides for certain hardship withdrawals and participant loans as described above. Distributions of benefits are recorded as withdrawals from the Plan and reduction of assets available for plan benefits in the period paid to the participant.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

2. Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investments

The Plan's investments are reported at fair value, including the Plan's investment in a collective investment fund that is reported at fair value using net asset value (NAV) as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Dynamic Resource Group Employees Retirement Plan & Trust

Notes to Financial Statements (continued)

2. Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan origination and annual administration fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Loan administration fees incurred in connection with participant loans are charged to a participant's account. Administrative expenses are recognized when incurred. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and the statements of changes in assets available for benefits.

3. Investments

Certain information related to investments and notes receivable from participants in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and interest and dividend income, and net appreciation (depreciation) in fair value of investments for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

Dynamic Resource Group Employees Retirement Plan & Trust

Notes to Financial Statements (continued)

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: Valued at quoted market prices in an exchange and active markets, which represent the NAV of shares held by the Plan at year-end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Dynamic Resource Group Employees Retirement Plan & Trust

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Collective investment fund: The collective investment fund, Federated Investors Trust & Company Capital Presentation Fund is a public investment vehicle, valued using the NAV provided by the administrator of the trust that focuses on stability of principal and current income. There are currently no redemption restrictions on the collective investment trust. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted on a private market that is not active; however, the unit price of the underlying investments is traded on an active market. The collective investment trust has no unfunded commitments as of December 31, 2023.

Participant-directed brokerage account: Participant-directed brokerage accounts are valued based on the underlying investments selected by the individual participants.

The participant-directed brokerage account is comprised of holdings in the following types of assets as of December 31:

	<u>2023</u>	<u>2022</u>
Cash and interest bearing cash	\$ 98,069	\$ 14,412
Common stock	612,282	293,608
	<u>\$ 710,351</u>	<u>\$ 308,020</u>

Individual investments in the participant-directed brokerage account are valued as described above and as follows:

Cash and interest-bearing cash: Recorded at cost plus accrued interest (carrying value), which approximates fair value.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

5. Transactions with Parties-In-Interest

Bank of America, N.A., a subsidiary of Bank of America Corporation, provides certain accounting, recordkeeping, and administrative services for the Plan. Bank of America and affiliates, including Merrill Lynch, provide investment services to the Plan. The Companies provide various accounting, recordkeeping, and administrative services for the Plan for which they receive no compensation. The expenses of administering the Plan may be paid by the Companies at their discretion.

Dynamic Resource Group Employees Retirement Plan & Trust

Notes to Financial Statements (continued)

6. Tax Status

Effective January 1, 2010, the Plan was restated and the plan administrator has received a determination letter dated October 24, 2012 from the Internal Revenue Service stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's ERISA counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt and the Plan had no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions it has taken or expects to take that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

7. Differences between Financial Statements and Form 5500

The following is a reconciliation of assets available for benefits per the financial statements to the Form 5500:

7. Differences between Financial Statements and Form 5500 (continued)

The following is a reconciliation of contributions per the financial statements to the Form 5500:

	Year ended December 31	
	2023	2022
Contributions per the financial statements	\$ 1,731,247	\$ 1,874,204
Add: Contributions receivable at beginning of year	651,387	629,191
Less: Contributions receivable at end of year	(589,563)	(651,387)
Contributions per the Form 5500	<u>\$ 1,793,071</u>	<u>\$ 1,852,008</u>

Certain amounts reflected in the financial statements for contributions receivable at December 31, 2023 and 2022 are not recorded on the Forms 5500 which were prepared on a modified cash basis of accounting.

8. Subsequent Events

Management has evaluated subsequent events through October 7, 2024, the date on which the financial statements were available to be issued.
