INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Boyce Thompson Institute 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boyce Thompson Institute 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INSERO & Co. CPAs, LLP

The Highest Standard | (800) 232-9547 | www.inserocpa.com

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, and the Schedule of Delinquent Participant Contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOYCE THOMPSON INSTITUTE 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 1* Description of Plan**

The following description of the Boyce Thompson Institute 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more information and a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all employees of Boyce Thompson Institute for Plant Research, Inc. (the Institute) (Plan Sponsor) who have met certain requirements as to age and hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Institute and its appointed Benefit Plan Committee (the Committee) are responsible for the general administration of the Plan. The Committee consists of members appointed by the Institute's Board of Directors. Benefit Plan Administrative Services, Inc. (BPAS) is the recordkeeper for the Plan and Hand Benefits & Trust Company is the trustee and custodian of the Plan's assets.

Eligibility

Employees of the Institute who work at least 20 hours per week are eligible to participate in the Plan immediately upon hire. Leased employees, independent contractors, any contractor hired through, or who is an employee of an outside agency, or any employee who is a member of a unit covered by a collective bargaining agreement under which retirement benefits are provided are not eligible for Institute contributions.

Institute Contributions

Employees are entitled to matching and nonelective employer contributions. Annually, the Institute will contribute an amount equal to the lesser of 100% of a participant's elective employee contribution or 4% of the participant's plan year compensation. In addition, employees are eligible to receive discretionary non-elective employer contributions after one year of service, 1,000 hours of service and attainment of age 21. The amount contributed is based on years of service as follows:

<u>Years of Service</u>	<u>Percent Contribution</u>
0 - 4	6%
5 - 9	8%
10 - 14	11%
15+	12%

BOYCE THOMPSON INSTITUTE 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 1* Description of Plan - Continued**

Participant Contributions

All eligible employees may defer a portion of their salary or wages before taxes to purchase retirement benefits under the tax-deferral arrangement authorized by Section 403(b) of the Internal Revenue Code of 1986. The Plan also allows for roth contributions. In addition, any employee who is eligible to make elective employee contributions under the Plan, who has attained age 50 and who has not contributed the maximum allowable amount for the Plan, is eligible to make catch-up contributions.

Eligible employees hired on or after July 1, 2020 will be automatically enrolled at a deferral rate of 3% of eligible compensation unless they opt out of the Plan.

Participants direct how their contributions are to be invested. If the employee fails to direct, the investment is placed in the default account as approved by the Committee.

The Plan accepts rollovers and transfers from other qualified plans, but only for those employees eligible to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Institute's contributions, and Plan earnings or losses and charged with withdrawals and an allocation of administrative expenses. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on each participant's proportionate interest in the investment option. Such accounts are invested in available investment options in accordance with the participant's direction and the plan provisions. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

Vesting

Employees are fully vested in the matching contribution provided by the Institute and in the non-elective employer contribution after three years of service.

Forfeitures

Participants who terminate employment before becoming fully vested will forfeit their interest in the non-elective employer contribution accounts. These accounts will be held in the Plan for use by the Institute to pay plan expenses, reduce matching contributions, or reduce nonelective employer contributions. Employer contributions and fees paid out of the forfeitures account during the years ended December 31, 2023 and 2022 were \$13,944 and \$157,950, respectively. The forfeiture account had a balance of \$10,379 and \$11,348 as of December 31, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 1* Description of Plan - Continued**

Notes Receivable from Participants

Effective August 1, 2022, the Plan was amended to permit loans. Under this loan policy, participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000, reduced by the highest outstanding loan balance on any loans to the participant from the Plan during the one-year period ending on the day before such loan is made, or 50% of the participant's vested account balance, whichever is lower. Participant notes are secured by the balance in the participant's accounts and bear interest at the prime rate. In general, loans must be repaid within five years; however, if the loan is used to purchase a principal residence, the repayment period can extend to 25 years. The Plan allows only one outstanding loan at a given time.

Payment of Benefits

Unless a participant otherwise elects, distributions of benefits in a lump sum or partial payment begin after their early retirement date or normal retirement date. Participants that terminate employment with account balances less than \$5,000 will have their account balance automatically distributed in a lump sum. Distributions from the Plan may not be made available until an employee dies, attains age 59-1/2, terminates employment, becomes disabled or, in the case of salary reduction contributions only, encounters financial hardship. Terminated employees may not roll over contributions into the Plan. In the event an employee dies prior to receiving the full amount of benefits, the remaining amount will be paid to the participant's beneficiary in accordance with options provided in the Plan.

***Note 2* Summary of Significant Accounting Policies**

Administrative Expenses

Bookkeeping and audit services are paid for by the Plan Sponsor. Administrative and investment advisory fees are paid by the Plan.

Plan Termination

Although the Institute has not expressed any intent to do so, it has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the nonelective employer contribution. All distributions would be made in accordance with any applicable requirements of ERISA and the Internal Revenue Code (IRC).

Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 2* Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties

The Plan offers a number of investment funds for participants. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 30, 2024, the date that the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 4* Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds and Money Market Fund: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 4* Investment Valuation and Income Recognition - Continued**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value, within the fair value hierarchy, were as follows as of December 31:

	Investments, at Fair Value as of December 31, 2023	
	Level 1	Total
Mutual Funds	\$ 22,329,405	\$ 22,329,405
Money Market Fund	772,427	772,427
	\$ 23,101,832	\$ 23,101,832

	Investments, at Fair Value as of December 31, 2022	
	Level 1	Total
Mutual Funds	\$ 18,539,365	\$ 18,539,365
Money Market Fund	869,290	869,290
	\$ 19,408,655	\$ 19,408,655

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Note 5* Tax Status**

The Plan adopted a volume submitter plan sponsored by BPAS. The volume submitter plan has received an opinion letter dated March 31, 2017 from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provision of the IRC.

BOYCE THOMPSON INSTITUTE 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 and 2022

***Note 5* Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Note 6* Party-in-Interest Transactions**

Notes receivable from participants qualify as party-in-interest transactions.

***Note 7* Prohibited Transactions**

During 2021 and 2023, the Institute failed to deposit approximately \$54,432 and \$5,524, respectively, of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. During 2023, lost earnings related to the delinquent contributions for the 2021 plan year were remitted to the Plan. The Institute will make additional contributions to the Plan for lost earnings related to the 2023 deposits.
