|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Emphasis of Matter – Basis of Accounting**

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – *Supplemental Schedule Required by ERISA***

The supplemental schedule (modified cash basis) of Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **‘Iolani School Defined Contribution Retirement Plan**

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

## **1. Description of Plan**

The following description of the ‘Iolani School Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

### **a. General**

The Plan is a defined contribution 403(b) plan and was established in 1960. Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF) hold the Plan’s investment assets and execute investment transactions. The plan administrator is appointed by the ‘Iolani School (School) Board of Governors and is responsible for the administration of the Plan. The plan was amended and restated effective January 1, 2023 to become a volume submitter plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

### **b. Eligibility**

Employees are eligible to participate in participant deferrals on the first day of hire. An employee will receive a year of service if the employee worked at least 1,000 hours during the eligibility measuring period, which is the twelve-month period beginning with the date of hire.

### **c. Contributions**

Participation in the Plan is mandatory for all eligible employees after one year and 1,000 hours of service with the School. Participants are required to contribute 5% of their pretax eligible compensation into the Plan up to the limit allowed by the Internal Revenue Code of 1986, as amended (IRC). The School contributes a matching 10% of the participant’s pretax eligible compensation.

Employees that are eligible to participate in the Plan and have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to \$7,500 for the 2023 plan year.

Notes to Financial Statements (Modified Cash Basis)  
December 31, 2023 and 2022

## **1. Description of Plan (continued)**

### **c. Contributions (continued)**

Participants that are employed by the School for at least 15 years may also make additional pretax catch-up contributions equal to the lesser of the three amounts listed below:

1. \$3,000
2. \$15,000 reduced by the additional pretax elective deferrals made in prior years
3. \$5,000 times the number of years a participant has worked for the School, minus the total elective deferrals made by the School on the participant’s behalf in the prior years.

The Plan also accepts Roth 403(b) contributions.

### **d. Investment Options**

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants have the opportunity to change investment options and relocate existing funds at any time.

### **e. Participant Accounts**

Each participant’s account is credited with the participant’s contribution and an allocation of plan earnings and losses. Participant contributions are allocated based on the participants’ investment elections. Participant earnings (losses) are based upon the results of the investment options selected. The participant’s contribution will automatically be allocated to TIAA and CREF Lifestyle funds based on their projected retirement age if the participant fails to elect an investment vehicle.

### **f. Vesting**

Participants are 100% vested in employee and employer contributions, plus actual earnings or losses thereon.

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

## **1. Description of Plan (continued)**

### **g. Payment of Benefits**

Upon a participant reaching age 59½ years of age or the participant’s death, disability, hardship, or other termination of employment, a participant may elect to receive a lump-sum amount equal to the unmatched elective deferral balance of his or her account or an annuity contract, or to convert to an income option as defined by the Plan. Purchased annuity contracts are allocated contracts and have been excluded from the plan’s assets.

Employer contributions are distributed only upon termination of service.

Participants must take distributions at the age of 70½.

### **h. Administrative Expenses**

Certain expenses incurred in the administration of the Plan shall be paid by the Plan.

### **i. Notes Receivable from Participants**

The minimum loan amount is \$1,000 not to exceed the maximum loan amount of \$50,000. The maximum loan amount is subject to further restrictions based upon the funding vehicle and the participant’s accumulation in unmatched elective deferrals. The interest rate on plan loans will vary depending upon the funding vehicle and may be fixed or variable. The loan term may be no more than 5 years, except if the loan is made for the purchase of the participant’s principal residence, in which case it may be no longer than 10 years. Interest ranged from 4.25 percent to 9.50 percent per annum at December 31, 2023. The loans mature on various dates through July 2028.

# **‘Iolani School Defined Contribution Retirement Plan**

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

## **1. Description of Plan (continued)**

### **j. Plan Loans**

Loans are available to participants through TIAA, subject to certain limitations. Plan loans are issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant’s account balance. Accordingly, plan loans are not reflected in the statements of assets available for benefits (modified cash basis). However, a portion of a participant’s TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. See note 3 for discussion of the TIAA Traditional Annuity. For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statements of assets available for benefits (modified cash basis) and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of assets available for benefits (modified cash basis) until a distribution event occurs.

At December 31, 2023 and 2022, participants had outstanding plan loan balances due to TIAA of \$13,597 and \$34,791, respectively, which are not reflected in the accompanying financial statements. There were no plan loan defaults during 2023.

### **k. Plan Termination**

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

## **2. Summary of Significant Accounting Policies**

### **a. Basis of Accounting**

As permitted by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan maintains its accounting records on a modified cash basis of accounting. The accounts of the Plan are prepared on a modified cash basis of accounting to recognize contributions when received rather than when earned. Accordingly, the financial statements are not intended to present assets available for benefits and changes in assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

## **‘Tolani School Defined Contribution Retirement Plan**

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

### **2. Summary of Significant Accounting Policies (continued)**

#### **b. Fully Benefit-Responsive Investment Contracts**

Fully-benefit responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by Accounting Standards Codification (ASC) Topic 962, *Defined Contribution Pension Plans*, the statements of assets available for benefits (modified cash basis) and the statement of changes in net assets available for benefits (modified cash basis) are prepared on a contract value basis for fully-benefit responsive investment contracts. Certain TIAA Traditional Annuity Contracts, including the Supplemental Retirement Annuities and Retirement Choice Plus Annuities, are considered fully-benefit responsive and are reported at contract value for the years ended December 31, 2023 and 2022. See Note 3 for further discussion of the TIAA Traditional Annuity.

#### **c. Investment Valuation and Income Recognition**

The Plan’s investments are stated at fair value, except for the fully-benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Investments in mutual funds consist of investments in TIAA and CREF funds and are valued using market quotations or prices obtained from independent pricing services. Investments in variable annuity accounts consist of CREF accounts and are based on each account’s daily net asset value (NAV), which is considered by plan management to be the best approximation of fair value. Investment in the fixed annuity contracts are reported at contractual value for the fully benefit-responsive investments contracts and fair value for the non-benefit-responsive investment contracts. Investments in pooled separate accounts consist of the TIAA Real Estate Account and are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan’s gains and losses on investments bought, sold, and held during the year.

## **‘Iolani School Defined Contribution Retirement Plan**

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

### **2. Summary of Significant Accounting Policies (continued)**

#### **d. Payment of Benefits**

Benefits are recorded when paid.

#### **e. Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

#### **f. Management’s Use of Estimates**

In preparing the financial statements in conformity with the modified cash basis of accounting, the Plan’s management is required to make estimates and assumptions that affect the reported assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

#### **g. Risks and Uncertainties**

The Plan assets are invested in various investments as directed by the participants. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants’ account balances and the amounts reported in the statements of assets available for benefits (modified cash basis).

#### **h. Subsequent Events**

The plan administrator has evaluated subsequent events through October 1, 2024, the date at which the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

## **‘Iolani School Defined Contribution Retirement Plan**

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

### **3. TIAA Traditional Annuity**

The TIAA Traditional Annuity is a guaranteed fixed-rate annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Retirement Choice (RC), Retirement Choice Plus Annuities (RCP) and Supplemental Retirement Annuities (SRA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant’s principal, plus a specified minimum rate of interest, is guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA’s Board of Trustees. Additional interest, when declared, remains in effect for the 12-month declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed beyond the period for which they are declared.

Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating GRA and RA contracts, the crediting interest rates were 4.56% and 3.93% as of December 31, 2023 and 2022, respectively. For accumulating RCP contracts, the crediting interest rates were 4.05% and 3.42% as of December 31, 2023 and 2022 respectively. For accumulating SRA contracts, the crediting interest rate were 3.81% and 3.27% as of December 31, 2023 and 2022, respectively.

## **‘Tolani School Defined Contribution Retirement Plan**

Notes to Financial Statements (Modified Cash Basis)

December 31, 2023 and 2022

### **3. TIAA Traditional Annuity (continued)**

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over ten annual installments. With the GRA contract, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from the GRA and RA contract must be spread over a period of ten annual installments or a fixed period annuity of 5 to 30 years after termination of employment.

The SRA and RCP contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits (modified cash basis).

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without consent of the issuer.

### **4. Information Certified by TIAA and CREF**

The plan administrator has elected the method of reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from TIAA and CREF that all information provided by TIAA and CREF is complete and accurate. The plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and notes. Information in the accompanying financial statements and notes as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all investment information in the supplemental schedule is presented in reliance solely upon those certifications.

### **5. Tax Status**

The Plan is a volume submitter plan and obtained its latest opinion letter on August 7, 2017 in which the Internal Revenue Service (IRS) has stated that an eligible employer who adopts this plan may rely on the opinion letter with respect to the satisfaction of Code section 403(b). The Plan has been amended since receiving the opinion letter, however, the plan administrator believe the Plan is designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

### **6. Parties-in-Interest Transactions**

Plan investments include fixed annuity contracts, variable annuity contracts, mutual funds and a pooled separate account managed by an affiliate of TIAA and CREF. Therefore, transactions in these investments qualify as exempt party-in-interest transactions.

### **7. Fair Value Measurements**

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These unobservable assumptions reflect the Plan’s own estimates of assumptions market participants would use in pricing the asset.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Variable annuity contracts* – The fair values of accumulation units held by the Plan in the variable annuity accounts are based on the account’s daily NAV, which is considered by plan management to be the best approximation of fair value. Data for NAVs are available daily to plan administrators and client investors on TIAA’s website, and provide sufficient corroborative evidence to ascertain the relationship between each fund’s NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

### **7. Fair Value Measurements (continued)**

*Mutual funds* – the fair values of TIAA and CREF mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

*Fixed annuity contracts (non-benefit-responsive)* – Investments in non-benefit-responsive TIAA Traditional Annuity contracts, including RA, RC, and GRA, are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See Note 3 for discussion of the TIAA Traditional Annuity.

*Pooled separate account* – The fair value of the Plan’s interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund’s daily NAV, which is considered by plan management to be the best approximation of fair value. This investment is not classified within the fair value hierarchy. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA-CREF’s website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in this account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
