Independent Auditor's Report

Plan Administrator
Conlon Construction Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Conlon Construction Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Conlon Construction Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Conlon Construction Company 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Conlon Construction Company (the Sponsor) who are not covered under a collective bargaining agreement and are at least 21 years old. Effective December 15, 2023, the Plan was amended to change the age requirement for participation in the Plan to 18 years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the Sponsor's contribution and plan earnings. Each participant's account is reduced by an allocation of the Plan's expenses. Allocations are based on employee contributions, account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the balance of the participant's vested account.

Contributions: Participants may elect to contribute the maximum allowed by Internal Revenue Service (IRS) regulations. Such contributions are subject to the provisions of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

Discretionary contributions, if any, are determined at the discretion of the Board of Directors of the Plan sponsor. The Plan sponsor approved a discretionary match of employee contributions of 33⅓ cents on the dollar up to 9% of participant compensation for the years ended December 31, 2023 and 2022.

Investment options: Upon enrollment, a participant may direct contributions in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time. If a participant does not make investment selections, their contributions will be deposited into a TIAA-CREF Lifecycle Index Fund that corresponds with the age of the participant.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance upon approval of the Plan Administrator. These transactions are treated as transfers between the investment fund and the participant note receivable fund. Notes are secured by the balance in the participant's account, bear interest as determined by the custodian and are fixed over the life of the loan (5.25% to 10.25% as of December 31, 2023). Principal and interest payments must be made under a level amortization schedule through regular payroll deductions. Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Sponsor matching contributions and discretionary contributions plus actual earnings thereon are vested based on years of service with the Sponsor and are 100% vested after six years of credited service. Upon normal retirement age (65 years), death or disability, the participant will automatically become 100% vested.

Forfeitures: Amounts of participants' forfeited nonvested accounts shall be applied to reduce the Sponsor matching contribution or pay Plan expenses. As of December 31, 2023 and 2022, there were forfeitures of \$6,594 and \$20,335 available, respectively. Forfeitures applied to reduce Sponsor matching contributions for the years ended December 31, 2023 and 2022, were \$29,302 and \$0, respectively.

Conlon Construction Company 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payments of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their vested account, periodic installments over a stated period of time, or may elect to leave their balance in the Plan subject to certain minimum distribution requirements. If the value of the participant's vested account balance has never exceeded \$5,000, the entire vested account balance shall be payable in a single sum upon termination of service. In addition, upon reaching age 70½, a participant may elect to withdraw all or a portion of their vested account balance. Upon reaching age 59½, a participant may elect to withdraw all or a portion of their vested account balance.

Administrative expenses: The Plan paid administrative expenses of \$56,488 and \$56,962 for the years ended December 31, 2023 and 2022, respectively. All other expenses were paid by the Sponsor.

Note 2. Summary of Accounting Policies

The following is a summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Accounting estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The investments of the Plan are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Subsequent events: Management has evaluated subsequent events through October 3, 2024, the date the financial statements were available to be issued.

Subsequent to year-end, the trustee of the Plan was changed from Dubuque Bank and Trust to Mid Atlantic Trust.

Note 3. Information Certified by Mid Atlantic Trust Company

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2023 and 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, a qualified institution:

	<u>\$ 27,760,638</u>	<u>\$ 24,885,456</u>

Mid Atlantic Trust Company also certified to the completeness and accuracy of net appreciation (depreciation) in fair value of investments and of interest and dividends and interest on participant notes receivable related to the aforementioned assets for the years ended December 31 2023 and 2022, as follows:

	Years Ended December 31	
	2023	2022
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ 3,709,163	\$ (5,055,856)
Interest and dividends	587,875	402,556
Interest on participant notes receivable	3,384	4,476

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the closing price reported on the active market on which the mutual funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,912,448	\$ -	\$ -	\$ 24,912,448
Total investments in the fair value hierarchy	\$ 24,912,448	\$ -	\$ -	\$ 24,912,448

Note 4. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,543,103	\$ -	\$ -	\$ 21,543,103
Total investments in the fair value hierarchy	\$ 21,543,103	\$ -	\$ -	\$ 21,543,103

- (a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the date of the event or change in circumstances that caused the transfer.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of Level 3.

Note 5. Party-in-Interest Transactions

Certain plan investments are managed by Dubuque Bank and Trust. Dubuque Bank and Trust served as the trustee as defined by the Plan and July Business Services, Inc. served as the record keeper; therefore these transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their sponsor contributions.

Note 7. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
