Report of Independent Auditors

To the Plan Administrator
ProSourcing Partners LLC 401(k) Plan
Vienna, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ProSourcing Partners LLC 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits (liquidation basis) as of April 11, 2024 and December 31, 2023, and the related statements of changes in net assets available for benefits (liquidation basis) for the periods then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ProSourcing Partners LLC 401(k) Plan’s financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state of federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the periods ended April 11, 2024 and December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ProSourcing Partners LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 5 to the financial statements, the governing body of ProSourcing Partners LLC 401(k) Plan approved a plan of liquidation on September 7, 2023, and management determined that liquidation is imminent. The Plan's basis of accounting used in presenting the financial statements as of April 11, 2024 and December 31, 2023, respectively, and for the periods then ended is the liquidation basis. Our opinion is not modified in respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ProSourcing Partners LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ProSourcing Partners LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about ProSourcing Partners LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PROSOURCING PARTNERS LLC 401(K) PLAN
Notes to Financial Statements
April 11, 2024 and December 31, 2023

Note 1 - Description of Plan

The following description of the ProSourcing Partners LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective April 1, 2006, is a defined contribution plan covering substantially all domestic employees of ProSourcing Partners LLC (the "Company") and related employer, Cordia Recruiting and Staffing, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was terminated effective September 7, 2023, following the acquisition of the Employer.

Contributions

Each year, eligible participants may contribute pre-tax annual compensation, as defined by the Plan. Effective January 2015, all participants are automatically enrolled 30 days after an employee's hire/re-hire date at 5% unless a separate election is made upon entry. Auto enroll deferral percentages increase annually 1% limited to 10%. Participants may contribute up to the lesser of 60% of their compensation or the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to make rollover contributions of pre-tax contributions to the Plan. Effective January 1, 2021, participants may make after-tax Roth contributions.

The Company may, at its discretion, elect to match a portion of eligible participants' contributions each pay period. For the year ended April 11, 2024 and December 31, 2023, the Company contributed an amount equal to 50% of the first 5% of deferral with a maximum of 2.5% of the participant's compensation per year. The Company's matching contributions are invested in the same manner as those directed by the participant. During the years ended April 11, 2024 and December 31, 2023, the Company's contributions totaled \$-0- and \$331,732.

The Plan allows for the Company to make a profit-sharing contribution the Plan each year. The amount is determined annually at the Company's discretion. All employees who have worked at least 1,000 hours during the Plan year, are employed on the last day of the Plan year, and have reached age 21, are eligible to receive the profit-sharing contribution. The contribution is allocated pro rata based on each employee's compensation in relation to the compensation of all participants eligible to receive the contribution. The Company did not make a profit sharing contribution for the years ended April 11, 2024 and December 31, 2023.

Contributions are not allowed after the termination of the Plan, which was effective September 7, 2023.

Participant accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Participants direct the investment of their contributions, employer matching contributions, and employer profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various self-directed investments, mutual funds, and money market funds as investment options for participants.

Note 1 - Description of Plan (continued)

Forfeitures

Forfeitures of Company contributions shall be used first to reduce administrative expenses and then to reduce future Company contributions. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant’s entire vested account balance occurs. During the period ended April 11, 2024, forfeitures of \$1,015 were used for administrative expenses. During the year ended December 31, 2023, the Plan used forfeitures and applicable earnings of \$11,475 to reduce Company contributions. As of April 11, 2024 and December 31, 2023, forfeitures totaling \$-0- and \$998 were available to offset future administrative expenses and Company contributions.

Any participant that had a balance remaining in their account after Plan termination, regardless of termination date, became fully vested in their Employer Contributions.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Effective January 2021, participants vest in the Company matching contributions and profit sharing contributions plus earnings thereon based on years of service, as defined by the Plan’s agreement, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	33%
2	66%
3+	100%

Prior to September 7, 2023, participants became 100% vested in Company matching and profit sharing contributions upon the attainment of normal retirement age or in the event of death or disability. All participants with an account balance became fully vested in their Employer contributions when the plan was terminated on September 7, 2023.

Payment of benefits

On termination of service due to death, disability, normal retirement (65), early retirement (55), or other termination of employment, a participant may elect to receive a lump-sum amount, installment payments, annuities or rolled into another qualified retirement plan, equal to the value of his or her account. The Plan does not allow for in-service distributions at age 59 ½. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose from the participant’s elective deferral account. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½.

As soon as administratively feasible after termination of the Plan, participants will be allowed to receive a distribution of their account balance in a lump sum or rollover distribution. All account balances have been distributed as of April 11, 2024.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the liquidation method of accounting for the periods ending April 11, 2024 and December 31, 2023, respectively.

Investment valuation and income recognition

The Plan's investments are recorded at fair value. Shares of mutual funds, managed by Fidelity Management Trust Company ("Fidelity"), are based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Expenses

Substantially all administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan. The Plan paid \$1,015 for contract administrator fees for the period ended April 11, 2024. The Plan paid \$21,016 for contract administrator fees for the year ended December 31, 2023.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at April 11, 2024 and 2023.

Interest-bearing cash: Shares of a money market portfolio are valued using amortized cost which approximates fair value.

Interest in registered investment companies: Valued at the closing priced reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cash and cash equivalents	44,545	44,545	-
Total	<u>\$ 3,088,613</u>	<u>\$ 3,088,613</u>	<u>\$ -</u>

Note 4 –Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the custodian/trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Related administrative fees are dependent on a fee schedule. Investment fees and administrative fees paid by the Plan to Fidelity totaled \$1,015 and \$17,343 for the periods ended April 11, 2024 and December 31, 2023, respectively.

The Plan Sponsors, owners and key management are also participants in the Plan. Their account balances totaled approximately 0% and 0% of the net assets available for benefits as of April 11, 2024 and December 31, 2023, respectively.

Note 5 – Plan Termination

The Plan was terminated on September 7, 2023. Participants became 100 percent vested in their account balances on the date of termination. The governing body of ProSourcing Partners LLC 401(k) Plan approved a plan of liquidation on September 7, 2023 and management determined liquidation is imminent. All assets were liquidated as of April 11, 2024.

Note 6 – Income Tax Status

The Plan has adopted a standardized prototype plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The Plan has been amended since receiving the determination letter. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its qualification. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of April 11, 2024 and December 31, 2023, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2021.

Note 7 – Financial Information Certified by the Trustee of the Plan

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at April 11, 2024 and December 31, 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the periods ended April 11, 2024 and December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

	2024	2023
Investments, at fair value	\$ -	\$ 3,088,613
Investment income	85,656	1,686,890

Note 8 – Subsequent events

The Plan has evaluated subsequent events through September 29, 2024, the date the report is available for issuance. No other events requiring disclosure have been noted.
