INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the CliniComp International 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of CliniComp International 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

The 2022 financial statements of the Plan were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated July 28, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

CLINICOMP INTERNATIONAL 401(K) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the CliniComp International 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all full-time employees of CliniComp International, Inc. (the "Company"). The provisions of the Plan provide entry into the Plan for all full-time employees of the Company at start of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company and the recordkeeper is Fidelity Workplace Services LLC.

[2] Contributions:

Participants may contribute pre-tax or Roth contributions ranging from 2% to 80% of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax or Roth contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The plan allows for in-plan Roth conversions.

The Company makes safe harbor matching contributions and matches 100% of the participant pre-tax and Roth contributions, up to 6% of eligible compensation, as defined in the Plan. Discretionary profit-sharing or additional discretionary contributions may be made at the option of the Company. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan. For the year ended December 31, 2023, the Company did not make any profit sharing or discretionary contributions to the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan 35 days after they meet the eligibility requirements unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 10% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants have the option to elect to stop contributing to the Plan at any time.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their contributions, Company's matching, profit sharing and discretionary contribution plus actual earnings thereon.

Notes to Financial Statements December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have a maximum of three loans outstanding at any given time. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a residence but not to exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. Interest rates on outstanding loan balances range from 4.25% to 9.50% at December 31, 2023. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[6] Payment of benefits:

On termination of service due to death, disability, early retirement (59 ½ years of age) or normal retirement (65 years of age), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or defer distribution if their vested account balance exceeds \$5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Upon employment termination, if a participant's vested account balance is between \$1,000 and \$5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

In addition, distributions from a participant's rollover account may be made at any time. The Plan also allows for hardship withdrawals in certain circumstances as defined by the Plan and in accordance with the IRC.

[7] Forfeitures:

Forfeited nonvested accounts may be used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2023, forfeitures of \$6,774 was used to reduce employer contributions. Forfeited nonvested accounts available at December 31, 2023 and 2022 were \$30 and \$6,438, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

[6] Subsequent events:

The Plan has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2023 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds – Valued at one dollar per share held by the Plan at year end. Money market funds held by the Plan are mutual funds invested in highly liquid, near-term instruments and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

Investment Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,539,308	\$ -	\$ -	\$ 33,539,308
Self-directed brokerage accounts	3,023,308	-	-	3,023,308
Money Market account	1,410,904	-	-	1,410,904
Investments at fair value	\$ 37,973,520	\$ -	\$ -	\$ 37,973,520

Investment Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,589,448	\$ -	\$ -	\$ 28,589,448
Self-directed brokerage accounts	1,502,854	-	-	1,502,854
Money Market account	450,971	-	-	450,971
Investments at fair value	\$ 30,543,273	\$ -	\$ -	\$ 30,543,273

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan With CODA sponsored by FMR, LLC. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Trust Management Company were \$37,208 for the year ended December 31, 2023. In addition, the Plan also pays accounting and investment advisory fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers were \$36,199 for the year ended December 31, 2023.

The trustee provides certain administrative services to the Plan and receives revenue from mutual fund providers for services the trustee provides to the funds. This revenue is used to offset certain amounts owed to the trustee for its administrative services to the Plan. If the revenue received by the trustee from such mutual fund service providers exceeds the amounts owed the trustee remits the excess to the Plan pursuant to the service agreement. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants, depending on the Plan's provisions. During 2023, \$5,005 was received from the trustee and is reflected in net realized/unrealized appreciation in the statement of changes in net assets available for benefits. The account balance as of December 31, 2023 and 2022 was \$5,552 and \$379, respectively.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2023 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE J - PLAN OPERATIONS

During the year ended December 31, 2023, it was discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant and employer contributions as per the Plan document was not properly applied when calculating contribution amounts. The Plan administrator determined the affected participants and intends to deposit \$2,272 into the Plan to make the Plan whole, including earnings thereon, which is included in employer contributions receivable at December 31, 2023.
