REPORT

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
SKA Consulting Engineers, Inc. Thrift Savings Plan
Greensboro, North Carolina

Opinion

We have audited the accompanying financial statements of SKA Consulting Engineers, Inc. Thrift Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of SKA Consulting Engineers, Inc. Thrift Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SKA Consulting Engineers, Inc. Thrift Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SKA Consulting Engineers, Inc. Thrift Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SKA Consulting Engineers, Inc. Thrift Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SKA Consulting Engineers, Inc. Thrift Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SKA Consulting Engineers, Inc. Thrift Savings Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the SKA Consulting Engineers, Inc. Thrift Savings Plan (the “Plan”) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all full-time employees of SKA Consulting Engineers, Inc. (the “Company”, “Sponsor”, “Employer”, or “Plan Administrator”). The Plan is subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Company’s Board of Directors is responsible for oversight of the Plan. The Plan’s 401k Advisory Committee (Advisory Committee) determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Board of Directors.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Capital Bank & Trust Company, the custodian, which invests contributions and Plan earnings and makes investment transactions as directed by the Advisory Committee. Empower, LLC (Empower) provides certain recordkeeping services. Trinity Pension Group, LLC (Trinity) acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have reached sixty days of service. An eligible employee may enter the Plan on the first day of the month following sixty days of service.

Contributions

Each year, participants may contribute up to the maximum percentage of pretax annual compensation, as defined in the Plan, not to exceed the amount allowable by law for income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company matches 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors.

During the year ended December 31, 2023, the Company made no profit sharing contribution.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

SKA Consulting Engineers, Inc. Thrift Savings Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching and safe harbor contributions plus actual earnings thereon. Vesting in the Company's profit sharing portion of their accounts is based on years of continuous service. A participant is 100% vested in any profit sharing contribution after six years of credited service.

Profit Sharing Contributions	
Years of Service	Vesting Percentage
0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. If their account balances are less than \$1,000, participants will receive an automatic lump sum payment.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$7,771 and \$14,814 respectively. These accounts will be used to pay administrative expenses and then used to reduce the employer's matching contribution. During 2023, \$7,810 of nonvested accounts were used to reduce administrative expenses. In 2023 employer contributions were reduced by \$0 from forfeited nonvested accounts.

SKA Consulting Engineers, Inc. Thrift Savings Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC) and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements. The Plan's Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included net depreciation of fair value of investments.

SKA Consulting Engineers, Inc. Thrift Savings Plan

Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 8, 2024, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2023				
Money market fund	\$ 456,180	\$ -	\$ -	\$ 456,180
Mutual funds	25,431,820	-	-	25,431,820
Total investments at fair value	\$ 25,888,000	\$ -	\$ -	\$ 25,888,000

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2022				
Money market fund	\$ 1,143,947	\$ -	\$ -	\$ 1,143,947
Mutual funds	20,537,862	-	-	20,537,862
Total investments at fair value	\$ 21,681,809	\$ -	\$ -	\$ 21,681,809

Note 4: TAX STATUS

Effective January 1, 2016, the Plan adopted the Trinity Pension Group, LLC volume submitter plan, which received an opinion letter dated June 30, 2020. The letter indicates that the Plan and related trust are designed in accordance with applicable sections of the IRC. Any employer adopting this plan will be considered to have a plan qualified under the IRC. Although the plan documents have been amended since receiving the opinion letter, the Plan administrator believes that they are designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 4: TAX STATUS (Continued)

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The American Funds investments are managed by Capital Bank & Trust Company. Capital Bank & Trust Company is the Custodian for the Plan. Empower, LLC is the record keeper for the Plan. Trinity Pension Group, LLC is the third party administrator for the Plan. Stifel Nicolaus & Co., Inc. is the investment advisor for the Plan. These transactions therefore qualify as party-in-interest transactions.

Capital Bank & Trust Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan and Capital Bank & Trust Company. Capital Bank & Trust Company receives revenue from mutual fund service providers for services Capital Bank & Trust Company provides to the funds. This revenue, included in other income on the Statement of Changes in Net Assets Available for Benefits, is used to offset certain amounts owed to Capital Bank & Trust Company for its administrative services to the Plan.

If the revenue received by Capital Bank & Trust Company from such mutual fund service providers exceeds the amount owed under the MSA, Capital Bank & Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2023, excess amounts of \$12,342 were allocated to participants. The Plan or Plan Sponsor may make a payment to Capital Bank & Trust Company for administrative expenses not covered by revenue sharing.

Note 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: PLAN COMPLIANCE

During 2021, the Company determined that certain participant contributions had not been remitted to the Plan in a timely manner, according to DOL regulations.

The amounts reported for the year ended December 31, 2021, were \$16,868. Although these remittances were made in 2021, they fell outside the normal processing time the Company allows. The Company will calculate lost earnings and deposit these funds into the Plan during 2024. The lost earnings are immaterial and thus not included in the accompanying financial statements.
