INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Seekr Technologies, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Seekr Technologies, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Seekr Technologies, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Seekr Technologies, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Seekr Technologies, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Seekr Technologies, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Seekr Technologies, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4a-Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEEKR TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan

The following description of the Seekr Technologies, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was formerly known as the NTENT 401(k) Plan. Effective October 29, 2021, Seekr Technologies, Inc. acquired NTENT, Inc. Effective January 1, 2022, the Seekr Technologies, Inc. 401(k) Plan was merged into the NTENT 401(k) Plan. Concurrent with the plan merger the NTENT 401(k) Plan was amended and renamed the Seekr Technologies, Inc. 401(k) Plan.

The Plan is a defined contribution plan covering substantially all employees of Seekr Technologies, Inc. (Company or Plan Sponsor), except employees employed outside of the United States and those subject to a bargaining agreement. Eligible employees are able to participate in the Plan upon completion of 90 days of service. The Plan has no minimum age requirement. The Plan provides automatic enrollment for employees that meet the minimum service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative functions are paid directly by the Plan or the Company.

Contributions - Each year, participants may contribute up to 100 percent of their eligible compensation. Employees can choose pre-tax contributions and after-tax Roth contributions or a combination of both, subject to the limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation.

The Plan is a "Safe Harbor" plan. Accordingly, the Plan Sponsor will match 100% of the first 3% of each participant's eligible compensation contributed to the Plan, plus 50% of the next 2% of each participant's eligible compensation contributed to the Plan. The Company may also make an additional discretionary contribution. If made, discretionary contributions to the Plan are allocated to active participants on December 31 based on the ratio of each participant's compensation to the total compensation of all participants eligible to receive the discretionary contribution. For the year ended December 31, 2023, the Plan Sponsor made matching and discretionary contributions of \$468,516 and \$0, respectively.

Participants direct the investment of their accounts into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations to the participant accounts are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SEEKR TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Additionally, as a result of an amendment effective January 1, 2020, participants are immediately fully vested in Plan Sponsor matching and discretionary profit-sharing contributions.

Prior to January 1, 2020, vesting in the Company's matching and discretionary contribution portion of their accounts was based on years of service, as defined. A participant was 100 percent vested after 5 years of credited service.

Payments of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual annuity installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan permits hardship withdrawals, if the IRC hardship criteria are met, or in-service distributions.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50 percent of their vested interest in the Plan. Terms range from 1 to 5 years unless the note is to be used in conjunction with the purchase of a principal residence. The notes receivable outstanding at December 31, 2023 are due at varying dates through December 2027, and bear interest at 5.25% to 10.25%, as determined by the plan administrator. The notes are secured by the participant's vested interest in the Plan. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Forfeited Accounts - Forfeited balances of terminated participants' non-vested accounts may be used to reduce employer contributions or pay Plan expenses. During the year ended December 31, 2023, forfeitures of approximately \$430 were used to offset the Plan Sponsor's cash payments to the Plan for the matching contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$320 and \$340, respectively.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The accounts of the Plan are maintained, and the accompanying financial statements have been prepared on the modified cash basis: investment income and contributions are recognized when received and disbursements are recognized when made. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes therein in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting may require management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and assumptions.

Notes Receivable from Participants - Notes receivable from participants consist of participant loans and are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

SEEKR TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Operating Expenses - Certain expenses of maintaining the Plan are paid by the Company.

Note 3 - Information Certified by the Custodians and Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information certified by Principal Life Insurance Company (Principal), Principal Trust Company, and Principal on behalf of Principal Global Investors Trust Company was not audited by the Plan's independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule of assets (held at end of year).

The Plan's financial information, which was certified as complete and accurate by Principal, Principal Trust Company, and Principal on behalf of Principal Global Investors Trust Company, includes plan investments as of December 31, 2023 and 2022 and investment income for 2023 as follows:

	December 31,	
	2023	2022
Investments- at fair value	<u>\$ 12,735,587</u>	<u>\$ 10,308,238</u>
Net appreciation in fair value of investments	\$ 1,764,149	
Interest and dividends	<u>26,345</u>	
Certified investment income	<u>\$ 1,790,494</u>	

Note 4 - Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

SEEKR TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access on the reporting date.
---------	--

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
---------	--

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts (PSA's): Pooled separate accounts (other than the Principal U.S. Property Separate Account) invest primarily in domestic stocks, single mutual funds or fixed securities including asset backed and mortgage-backed securities, and corporate and government bonds. The Principal U.S. Property Separate Account invests primarily in commercial real estate and includes mortgage loans that are backed by the associated properties. PSA's are valued based on the underlying investments (i.e., common stock, mutual funds, short term securities). While the majority of the underlying asset values are based on quoted prices, the net asset value (NAV) of the pooled separate account is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. Principal may place transfer or liquidation restrictions on the U.S. Property Separate Account. Effective close of market July 1, 2022, a contractual limitation will delay the payment of most withdrawal or transfer requests from the Principal U.S. Property Separate Account but for no more than three years from the effective date. In accordance with the terms of the Employer's group annuity contract, delayed payment requests will be honored proportionately. This means transactions may be processed in a series of payments until enough cash is available to pay obligations.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

SEEKR TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

Stable Value Fund: This is an investment fund offered by Principal Global Investors Trust Company. This fund consists of investments in contracts at fair value of the underlying investments. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The contract value is not materially different from the NAV. The *Stable Value Fund* is valued at the fair value based on the NAV of the underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. There are currently no redemption restrictions or unfunded commitments on this investment.

Collective investment trusts (CITs): Valued at the net asset value (NAV) of the units held by the Plan which are based on the quoted market prices of the underlying securities of the funds. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The CITs provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,282,244	\$ -	\$ -	\$ 3,282,244

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The amount includes pooled separate accounts, collective investment trusts and stable value fund which are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits-modified cash basis.

Note 5 - Related Party and Party-in-Interest Transactions

Under ERISA rules related to 401(k) plans, transactions with related parties of the plan such as a plan sponsor, administrator, trustee or participant (Parties-in-interest) are considered either exempt or nonexempt from ERISA prohibited transaction provisions. Nonexempt transactions are subject to penalty and/or taxes.

Certain Plan investments and the related transactions at December 31, 2023 and 2022 are invested in funds managed by Principal and affiliated entities. Principal is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Transactions involving these investments are considered to be party-in-interest transactions for which statutory exemption exists under the Department of Labor Regulations. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

In one instance during 2023, the Company was untimely in remitting participants' deferral and loan repayments to the Plan within the time period required by the Department of Labor. Late remittances of participant deferrals and/or loan repayments constitute a prohibited transaction under ERISA. The total amount of the late remittance was approximately \$35,500, and the amount was remitted to the Plan in 2023. The Company corrected this non-exempt transaction in September 2024 pursuant to the DOL's Voluntary Fiduciary Correction Program by funding the impacted Plan participants' accounts for earnings that would have been credited to participants' accounts if the late remittance had been made on a timely basis.

Note 6 - Plan Termination

Although it has not expressed any interest to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their accounts.

Note 7 - Tax Status

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter dated June 30, 2020. The letter states that the prototype and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the prototype sponsor's opinion letter of June 30, 2020, the Plan administrator and prototype sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management evaluates the tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan

SEEKR TECHNOLOGIES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022
(Continued)

Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2020.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits-modified cash basis.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued.
