INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Saint Paul's Outreach 401(k) Plan
Mendota Heights, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Saint Paul's Outreach 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Saint Paul's Outreach 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Saint Paul's Outreach 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Saint Paul's Outreach 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Saint Paul's Outreach 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Saint Paul's Outreach 401(k) Plan

Notes to the Financial Statements
December 31, 2023 and 2022

Note 1: Description of the Plan

This description of the Saint Paul's Outreach 401(k) Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at Saint Paul's Outreach (the Company).

General

The Plan was established January 1, 2017, by Saint Paul's Outreach, Inc. (the Company), and is a defined contribution plan covering substantially all full time employees ages 21 and older. The following classes of employees are excluded from participating in the Plan: union employees, leased employees and non-resident aliens. Part-time employees are eligible if they are at least 21 years of age and have worked at least 1 year of service with a minimum of 1,000 hours worked. The Plan allows eligible employees to become participants on the first day of the month following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). During the year ended December 31, 2023, the Company appointed Mid Atlantic Trust Company as a Trustee of the Plan and Paychex as a recordkeeper beginning November 15, 2023. In addition, Principal Trust Company also served as a trustee over certain Plan assets. See Note 11, Subsequent Events. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Executive Team.

The qualified retirement plan is funded with a Group Annuity Contract. The Group Annuity Contract offers a wide spectrum of investment choices for qualified plans. Contributions are made to the contract on behalf of plan participants and may include salary deferrals, employer contributions, or any combination thereof. The accumulated contributions are then invested in the investment options selected by the contract holder or participants, as applicable.

The contract offers a General Account plus various Mutual Funds and Pooled Separate Accounts (PSAs), from a variety of investment managers. This variety allows participants and/or the trustee to select the option(s) that best reflect their investment style - from conservative to aggressive. Flexible provisions allow the participants/trustees to transfer invested assets between accounts and redirect the investment of current and future contributions as specified by the governing plan document and contract provisions.

Retirement plan investors have a broad range of needs. Some need a safe investment with predictable performance. The General Account is designed to accommodate those investors. The general account establishes a rate, or rates, for monies invested in the General Account. This rate, or rates, may change periodically. All benefit payments prior to contract liquidation are made at book value (principal invested plus interest earned). General Account assets are invested in the general assets of Principal Life Insurance Company. The general assets are predominately fixed income investments (bonds, mortgages, private placements).

Contributions

Participants may elect to contribute up to 92 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement. Contributions may be made on either a pre-tax basis or after-tax basis (through Roth contributions). Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

Each pay period, the Company offers a safe harbor match on participant deferral contributions dollar-for-dollar, up to a maximum of 4 percent of eligible compensation, as defined in the plan document. During 2023, the Company contributed \$240,637 of safe harbor matching contributions.

There were no discretionary contributions made by the Company for the year ended December 31, 2023.

All contributions are subject to certain statutory limits.

Saint Paul's Outreach 401(k) Plan

Notes to the Financial Statements

December 31, 2023 and 2022

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, and an allocation of (a) employer safe harbor matching contributions, (b) investment earnings, (c) changes in market values, and (d) certain plan expenses. Investment earnings and changes in market values are allocated daily based on the number of units in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant, or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately 100 percent vested in their salary deferrals, safe harbor matching contributions and rollover contributions. There were no forfeitures at December 31, 2023 or 2022, and no forfeitures used during the year ended December 31, 2023. Discretionary profit sharing contributions, if any, are subject to a vesting schedule, with contributions being 100% vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000. Loans are treated as a directed investment and are available upon request. Loan terms may not exceed five years, except for the purchase of a principal residence, in which case the repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the participant's account and currently bear an interest rate of 5.25 percent, which was determined by the Plan Administrator after reviewing interest rates charged for similar types of loans by other lenders. The outstanding loan matures in October 2025. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form the participant chooses in the amount equal to the value of his or her vested account. Normal retirement age is 65. Participants are also allowed to take in-service distributions beginning at age 59 ½. When a participant separates from service, a forced payout will be made for account balances less than \$1,000. For account balances between \$1,000 and \$5,000 funds will be transferred to an IRA on behalf of the participant.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Saint Paul's Outreach 401(k) Plan
Notes to the Financial Statements
December 31, 2023 and 2022

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Investment contracts with insurance companies held by the Plan are reported at contract value (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participant

Note receivable from participant is measured at its unpaid principal balance plus any accrued interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are netted against net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued. See Note 11 for more information.

Saint Paul's Outreach 401(k) Plan

Notes to the Financial Statements

December 31, 2023 and 2022

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

Pooled Separate Accounts: Valued at net asset value (NAV) which is based on the market value of its underlying investments (i.e. common stock, mutual funds, short term securities). While the majority of the underlying asset values are quoted prices, the NAV of the pooled separate accounts is not publicly quoted and are determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Saint Paul's Outreach 401(k) Plan
Notes to the Financial Statements
December 31, 2023 and 2022

Note 3: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 2,595,677	\$ -	\$ -	\$ 2,595,677
Pooled Separate Accounts	-	323,711	-	323,711
Total Assets in Fair Value Hierarchy	<u>\$ 2,595,677</u>	<u>\$ 323,711</u>	<u>\$ -</u>	<u>\$ 2,919,388</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 2,067,359	\$ -	\$ -	\$ 2,067,359
Pooled Separate Accounts	-	132,295	-	132,295
Total Assets in Fair Value Hierarchy	<u>\$ 2,067,359</u>	<u>\$ 132,295</u>	<u>\$ -</u>	<u>\$ 2,199,654</u>

Note 4: Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive guaranteed investment contract with Principal Trust Company totaling \$1,350 and \$5,038 as of December 31, 2023 and 2022, respectively. Principal Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 1.55% and 1.75% for the years ended December 31, 2023 and 2022, respectively. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise, and there are no limitations of guarantees on the contract.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

Saint Paul's Outreach 401(k) Plan
Notes to the Financial Statements
December 31, 2023 and 2022

Note 4: Investment Contract with Insurance Company (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 5: Income Tax Status

The Internal Revenue Service determined, by a letter dated June 30, 2020, on the Principal pre-approved profit sharing plan with CODA, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, are exempt from federal and state income tax. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Paychex Inc. preapproved money purchase/profit sharing plan that was adopted in November 2023 has received a similar opinion letter dated August 31, 2020.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the date of the return or the date on which it was filed, whichever is later.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statement of Net Assets Available for Benefits, and accordingly, account balances of participants in the Plan.

Note 7: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2023 and 2022, and appreciation in fair value of investments and dividends and interest, for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company as of December 31, 2023 and for the period November 15, 2023 through December 31, 2023 and Principal Trust Company as of December 31, 2023 and 2022 and for the year ended December 31, 2023 (the trustees of the Plan).

Note 8: Related Party and Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Principal Trust Company and Mid Atlantic Trust Company, the trustees of the Plan, manage certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will become 100 percent vested in their accounts.

Notes to the Financial Statements
December 31, 2023 and 2022

Note 10: Concentrations

Three and two investment balances accounted for approximately 50 percent and 39 percent of total assets held at December 31, 2023 and 2022, respectively.

Note 11: Subsequent Events

During the year ended December 31, 2023, the Plan Sponsor added an additional trustee, Mid Atlantic Trust Company. At December 31, 2023, assets of the Plan were held by both Principal Trust Company and Mid Atlantic Trust Company. The Plan's assets that were being held by Principal Trust Company at December 31, 2023, were transferred to Mid Atlantic Trust Company on January 30, 2024.

Note 12: SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.
