INDEPENDENT AUDITORS' REPORT

To the Trustees of
CCH Healthcare Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CCH Healthcare Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CCH Healthcare Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CCH Healthcare Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CCH Healthcare Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an

audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CCH Healthcare Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CCH Healthcare Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

CCH HEALTHCARE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. **DESCRIPTION OF PLAN:** The following description of the CCH Healthcare Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan that was established on February 27, 2015, to provide benefits to eligible employees. The Plan covers all employees of CCH Healthcare LLC and any participating affiliates (the Participating Companies) except for employees who are either non-resident aliens, or leased employees. To be eligible, an employee must have completed 1 year of service and be 21 years of age. The plan trustee is responsible for the oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the plan trustee.

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax annual compensation, as defined in the plan document. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may decide each plan year whether to make a discretionary matching contribution equal to a uniform percentage or dollar amount of the employees' elective deferrals on behalf of active participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Certain participants in the Plan are covered by a collective bargaining agreement (CBA) between the Participating Companies and the Services Employees International Union District 1199. This CBA requires the Company to make matching contributions in an amount equal to 25% of employees' deferrals contributed to the plan on a pre-tax basis, up to 4% of gross compensation for the plan year. Subsequent to year-end, in July of 2024, the agreement expired and the matching contribution amounts remained in effect until a new agreement is finalized.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Participating Companies' contributions as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Participating Companies' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

DESCRIPTION OF *Payment of Benefits***PLAN****(continued):**

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59½ years of age. Hardship withdrawals are permitted under the Plan. Rollover contributions may be withdrawn at any time.

Forfeited Accounts

Forfeited accounts may be used to reduce future employer contributions or plan expenses. At years ended December 31, 2023 and 2022, forfeited non-vested accounts totaled to \$23.

**2. SUMMARY OF
SIGNIFICANT
ACCOUNTING
POLICIES:*****Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Participating Companies. Expenses paid by the Participating Companies are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

**3. FAIR VALUE
MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Stable Value Fund (the fund) is a fixed income fund that seeks to preserve principal while providing interest income reasonably obtained under prevailing market conditions. The fund is made up of several underlying securities, bonds and similar investments with a lower level of overall risk. The fair value of the fund

FAIR VALUE MEASUREMENTS (continued):

is computed based on the fair value of these underlying investments. Although the net asset value/share prices of these underlying investments are generally obtained from the investment provider, these are not considered to be publicly available. Accordingly, the fund is deemed to use NAV as a practical expedient and is classified separately in the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and 2022.

Investments at Fair Value as of December 31, 2023

	Level 1	Level 2	Total
Registered investment companies	\$ 2,883,359	\$ -	\$ 2,883,359
Total investments in the fair value hierarchy	2,883,359	-	2,883,359
Investments measured at net asset value (a)	-	-	38,047
Total investments, at fair value	\$ -	\$ -	\$ 2,921,406

Investments at Fair Value as of December 31, 2022

	Level 1	Level 2	Total
Registered investment companies	\$ 1,920,447	\$ -	\$ 1,920,447
Total investments in the fair value hierarchy	1,920,447	-	1,920,447
Investment measured at net asset value (a)	-	-	115,302
Total investments, at fair value	\$ -	\$ -	\$ 2,035,749

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient: The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023, and 2022. There were no participant redemption restrictions for these investments.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Fund (a)	\$ 38,047	N/A	Daily	None

(a)The objective of the Stable Value Fund is to offer intermediate term returns and participant liquidity without market value risk to the participant.

- 4. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:** Certain plan investments were managed by Empower Retirement. Empower Retirement is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. In addition, the third-party administrator fees are also party-in-interest transactions. These parties in interest transactions are deemed “exempt” from Prohibited Transaction Rules as defined by Department of Labor regulations.

- 5. INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE:** Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, plan management instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Retirement, except for comparing such information certified by the trustee with information included in the Plan’s financial statements and supplemental schedule of Form 5500 – Schedule H, Line 4i, Schedule of Assets (Held at End of Year):

As of December 31,	2023	2022
Investments, at fair value	\$ 2,921,406	\$ 2,035,749
For the Year Ended December 31,		2023
Net appreciation in the fair value of investments		\$ 286,351
Interest and dividend income		80,392

- 6. PLAN TERMINATION:** Although it has not expressed any intent to do so, the Participating Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

- 7. TAX STATUS:** The Plan is structured and follows a non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated November 14, 2022, that the non-standardized defined contribution plan is acceptable in accordance with applicable sections of the Internal Revenue Code. Although the Plan may be amended subsequent to receiving the opinion letter, the plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

**TAX STATUS
(continued):**

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. RISKS AND
UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
