(1) Name: DIGIOVINE HNILLO JORDAN JOHNSON, LT

(2) EIN: 36-3029663

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Novaspect Holdings, Inc. Employee Stock Ownership Plan
Schaumburg, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Novaspect Holdings, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income and Securities Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Novaspect Holdings, Inc. Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Novaspect Holdings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Novaspect Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Novaspect Holdings, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Novaspect Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Novaspect Holdings, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Novaspect Holdings, Inc. ("Company") established the Plan effective January 1, 2016, most recently amended effective January 1, 2022 (see Note I). The Plan operates, in relevant part, as a leveraged employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Company's Board of Directors. GreatBanc Trust Company is the Plan's Trustee.

The Plan, over time, has purchased Company common shares using the proceeds of internal loans with the Company guaranteed by the Company, and holds the stock in a trust established under the Plan (see Note G). The borrowings are to be repaid over a period of years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts.

The borrowing is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2023 and 2022 and for the year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with vested rights in allocated stock ("Allocated") and
2. Stock not yet allocated to employees ("Unallocated").

Eligibility

Effective January 1, 2022, employees of the Company are generally eligible to participate in the Plan upon attaining the age of 21 as prescribed in the Plan document. For plan years prior to January 1, 2022, employees of the Company were generally eligible to participate in the Plan after one year of service providing, they have worked at least 1,000 hours during such plan year and attained the age of 21. Effective January 1, 2022, employees automatically become participants in the plan on the first entry date or next following meeting of eligibility requirements. For plan years prior to January 1, 2022, employees automatically become participants in the Plan on January 1 or July 1 following the date 1,000 hours of service are completed and attaining the age of 21. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The Company is obligated to make contributions to the Plan that are sufficient to enable the Plan to make its scheduled payment of principal and interest on the note payable (see Note G). Any contributions in excess of this amount are at the discretion of the Company's Board of Directors.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Those participants eligible to diversify into a self-directed account have their accounts adjusted for the participant's share of the Company's contributions and are charged with his or her withdrawals and an allocation of administrative expenses. Plan earnings in non-diversification accounts are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. Earnings on each participant's self-directed diversification account are credited to that participant's specific account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will be vested in the balance in his or her account based on total year of service with the Company. Effective January 1, 2022, participants vest 100% upon completion of their third year of service. For plan years prior to January 1, 2022, participants vest 100% upon completion of their second year of services.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash, or in the form of Company stock shares subject to the requirement that Company stock be immediately sold to the Company or back to the Trust at a price equal to its fair market value determined as of the most-recent valuation date. The Company will determine whether benefits are disbursed to a participant in either a lump-sum payment or a series of substantially equal annual installments.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account less any shares previously diversified. In the sixth year, the percentage changes to 50%.

NOTE A--DESCRIPTION OF PLAN-continued

Put Option

Under Federal income tax regulations, the employer stock is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitation, including a put option. The put option provides participants with the right to demand that the Company buy shares of the Company common stock distributed to them upon termination, at the current appraised value. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote for any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote for any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Forfeitures

Participant forfeitures of non-vested account balances are reallocated to the remaining participants, based upon their relative account balances. There were \$29,514 and \$- of forfeitures of non-vested account balances allocated to remaining participants on December 31, 2023, and 2022, respectively.

Investment Concentration

The Plan holds approximately 100% of its investments as of December 31, 2023, and 2022 in shares of Company stock which are not readily tradable in an established market.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon. Upon termination of the Plan, the Board of Directors shall direct the Trustee to pay all liabilities and expense of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

Administrative and Investment Management Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 9, 2024, which is the date the financial statements were available to be issued.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Substantially all of the Plan's investments consist of common stock of Novaspect Holdings, Inc. These investment securities as well as the other investments that may be held by the Plan are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with these securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE C--INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Substantially all information pertaining to the Plan's investments in common stock at fair value and notes payable included in the financial statements, including the associated net appreciation (depreciation) in fair value of investments, was obtained, or derived from information supplied to the Plan Administrator and certified as complete and accurate by GreatBanc Trust Company, the Trustee of the Plan. This information has not been audited by independent accountants.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

The fair value of the Company's common stock is estimated annually, as of the financial statement date, based upon the results of an independent third-party appraisal performed by a business appraiser selected by the Plan Trustee. The appraisals are performed using a combination of the discounted cash flows method, the capitalized cash flow method and the market approach based upon valuation multiples of guideline public companies (Level 3 inputs). Under the discounted cash flows method, projections are based upon past performance as identified in audited and unaudited financial statements of the Company and management's projections of the Company's future performance. The resulting cash flow projections are discounted using a market-related discount rate (which incorporates the Company's estimated weighted average cost of capital). The capitalized cash flow method is an income approach that determines value using the Company's historical performance (adjusted for non-recurring and non-operating items) to develop the capitalization factor selected based on the required rate of return and identified risk associated with investment in the Company. The guideline public companies' method identifies pricing multiples of public companies deemed to be comparable to the Company. Under both approaches a discount for a lack of marketability is applied, since the Company's stock is not readily tradable on an established market. The estimated fair value derived in the 2023 and 2022 appraisals reflected a weighting of 1/3 using the discounted cash flows method, 1/3 using the capitalized cash flow method, and 1/3 using the guideline public companies' method. The Plan trustee, as fiduciary, is responsible for the final approval of the appraisal, which is then presented to Plan management and the Board of Directors of the Plan Sponsor.

NOTE D--FAIR VALUE MEASUREMENTS-continued

The money market fund held by the Plan is an open-ended fund that is registered with the Security and Exchange Commission. This fund is required to publish its daily net asset value (“NAV”) and to transact at that price and is deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023 and 2022:

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total Fair Value
<u>December 31, 2023</u>

Money market fund	1	-	-	1
Investments at fair value	<u>\$ 1</u>	<u>\$ -</u>	<u>\$ 24,753,428</u>	<u>\$ 24,753,429</u>

The table below sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2023:

	Novaspect Holdings, Inc. <u>Common Stock</u>
Balance, beginning of year	\$ 24,753,428
Total gains or losses included in change in net assets available for benefits:	
Net appreciation in fair value of investments	<u>25,470,522</u>
Balance, end of year	<u>\$ 50,223,950</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023, are reported in net appreciation in fair value of investments. The Plan’s policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023, there were no significant transfers into or out of Level 3.

The fair value of company common stock on December 31, 2023, and 2022 was \$91.75 and \$45.22 per share, respectively.

NOTE F--PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. The Company, on behalf of the Plan, paid professional fees for the administration and audit of the Plan. The Plan's investment in Novaspect Holdings, Inc.'s common stock qualifies as a party-in-interest investment. The Plan held 547,400 shares of Novaspect Holdings, Inc. common stock on December 31, 2023, and 2022. See Note G for a description of the Plan's notes payable that are guaranteed by the Company.

NOTE G--NOTE PAYABLE

Note payable to the Company at December 31, 2023 and 2022, is \$1,248,906 and \$1,380,370, respectively, due in annual installments plus interest at an effective rate of 2.26%, due between December 31, 2023 and 2022, collateralized by the Plan's investment in unallocated shares of common stock of Novaspect Holdings, Inc. The lender has no rights against shares once they are allocated under the ESOP. December 31, 2023, and 2022, 311,176 and 344,233 shares of Company stock were held as collateral for the ESOP debt. The schedule of principal payments on this loan are as follows:

2027	65,732
2028	65,732
Thereafter	920,246
	<u>\$ 1,248,906</u>

NOTE H--TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 9, 2018, that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes the Plan is currently being operated in accordance with the applicable sections of the IRC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE H--TAX STATUS-continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I--PLAN AMENDMENTS

Effective January 1, 2022, the Plan was amended with respect to participant minimum eligibility and Plan entry dates. Effective with the amendment, employees are eligible to participate in the plan upon attaining the age of 21. Additionally, there are no minimum eligible hours or months of services. Upon meeting the eligibility requirements participants automatically enter the Plan on the first date coincident with or the next following meeting of the eligibility requirement.

Effective January 1, 2022, the Plan was amended with respect to vesting. Participants vest 100% upon completion of their third year of service.

NOTE J--CORRECTIVE CONTRIBUTION

The Plan allows for the Company to pay participants who terminate employment with the Company in lump sum payments or in installments in the form of cash. For plan years 2019, 2020, and 2021 the Company set in motion the Recycling Process with the understanding that, if there was not enough cash in the Plan, the Company would make a cash contribution to the Plan. While the Company undertook the first step of the Recycling Process (i.e., allocated the stock out of terminated participants accounts to active participants accounts), they did not contribute actual cash to the Plan to be allocated to terminated participants. In place of cash, the Plan recorded a receivable from the Company. Upon identification of the error, on July 7, 2023, the Company contributed \$697,613 based on an initial estimate of cash needed to satisfy the recycled shares for the plan years impacted. The actual amount upon final calculation was \$563,530, with the excess to remain in the plan to fund future distributions. Additionally, a contribution of \$24,607 was made on August 3, 2023, for lost recycled earnings had cash originally been contributed.

Subsequent to year end, on July 31, 2024, at the direction of the Company, the Plan's legal counsel requested a compliance statement for the Plan under the Voluntary Correction Program to provide that the Company's correction of the failures related to the Plan is acceptable to the Internal Revenue Service ("IRS") and the IRS will not pursue disqualification of the Plan with respect to such failures.
