Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **TORRILLO & ASSOCIATES, LLC**

(2) EIN: **83-0414789**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 522653.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 and the supplemental Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Essity North America Hourly Pension Plan for Collectively-Bargained Employees at Menasha and Neenah (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan established July 1, 1966, which was most recently amended and restated effective January 1, 2014. The Plan covered all hourly employees of Essity North America, LLC (the "Company") at the Company's Menasha and Neenah facilities who are members of the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Services Workers International Union, Locals #1279 or #324. Effective January 1, 2016, no individual first hired or rehired by the Company shall be eligible to become an active participant on or after such date. The Plan sponsor is Essity North America, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Vanguard Fiduciary Trust Company is the trustee of the Plan.

During December of 2016, the Plan was amended to reflect changes to the Plan from the collective bargaining agreement with the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Services Worker International Union which provided for increased benefit multipliers with respect to certain participants effective July 1, 2016; the cessation of benefit accruals for certain participants, effective December 31, 2017; and full vesting of accrued benefits with respect to certain participants, effective December 31, 2017.

More specifically, under the Plan amendment, certain active participants as described in the Plan, will be fully vested as of December 31, 2017 provided they have not incurred a separation of service as of such date.

Effective July 1, 2016, for participants hired on or after January 1, 1984 and under age 60 as of July 1, 2016, the Plan was amended to increase the benefit multiplier from \$48 per month per year of service to the sum of 1.333 multiplied by the participant's full and partial years of credited service prior to July 1, 2016 plus \$50 per month per year of service through the earlier of December 31, 2017 or the participant's separation from service.

Effective July 1, 2016, for participants hired on or after January 1, 1984 and over age 60 as of July 1, 2016, the Plan was amended to increase the benefit multiplier from \$48 per month per year of service to \$50 per month per year of service through the earlier of December 31, 2017 or the participant's separation from service.

Effective July 1, 2016, for certain participants hired prior to January 1, 1984 and under age 60 as of July 1, 2016, the Plan was amended to increase the benefit multiplier from \$48 per month per year of service to the sum of 0.833 multiplied by the participant's full and partial years of credited service prior to July 1, 2016 plus \$53 per month per year of service through the participant's separation from service. Participants who elect not to continue to accrue a benefit under the Plan after December 31, 2017 pursuant to the Choice Program, the benefit multiplier will increase from \$48 per month per year of service to the sum of 1.333 multiplied by the participant's full and partial years of credited service prior to July 1, 2016 plus \$50 per month per year of service through December 31, 2017. Participants who elect to continue to accrue a benefit under the Plan after December 31, 2017 pursuant to the Choice Program, the benefit multiplier will increase from \$48 per month per year of service to the sum of 0.833 multiplied by the participant's full and partial years of credited service prior to July 1, 2016 plus \$53 per month per year of service through the earlier of June 30, 2022 or the participant's separation from service and \$53 per month per year of service for service after June 30, 2022 and through the participant's separation from service.

Effective July 1, 2016, for certain participants hired prior to January 1, 1984 and over age 60 as of July 1, 2016, the Plan was amended to increase the benefit multiplier from \$48 per month per year of service to \$53 per month per year of service through the participant's separation from service. Participants who elect not to continue to accrue a benefit under the Plan after December 31, 2017 pursuant to the Choice Program, the benefit multiplier will

increase from \$48 per month per year of service to \$50 per month per year of service through December 31, 2017. Participants who elect to continue to accrue a benefit under the Plan after December 31, 2017 pursuant to the Choice Program, the benefit multiplier will increase from \$48 per month per year of service to \$53 per month per year of service through the participant's separation from service.

The Choice Program is available to all active participants hired prior to January 1, 1984 in which such participants may elect to either (a) continue to accrue a benefit under the Plan after December 31, 2017 or (b) cease to accrue a benefit under the Plan after December 31, 2017 and instead participate in the Essity North America Investment & Retirement Plan with respect to non-elective contributions on and after January 1, 2018. Any participant who is eligible to participate in the Choice Program and who fails to make an affirmative election with respect to (a) and (b) will be deemed to have elected (a).

Funding Policy

The Company's funding policy is to make contributions in such amounts as may be required to meet the minimum funding requirements of ERISA. Employer contributions are made based on actuarially determined amounts using the projected unit credit cost method. Minimum contribution requirements have been met for 2023 and 2022.

Vesting

Participants become 100% vested upon completion of five years of credited service, as defined. If a participant terminates before completing five years of service, the right to receive accumulated benefits is forfeited, unless the participant has reached age 65.

Retirement Benefits

At normal retirement (age 65), participants are entitled to monthly pension benefits based on a stipulated rate per year of credited service, as defined by the Plan. A participant may elect early retirement at the age of 55 with ten years of credited service and is entitled to a reduced monthly pension benefit, as defined by the Plan. A participant is also entitled to a monthly pension benefit, as defined by the Plan, if he/she becomes permanently disabled prior to retirement age with ten years of credited service. The Plan will pay a benefit to the surviving spouse of a participant who dies after completing five years of credited service, as defined by the Plan.

Benefit payments will be paid based upon a single life annuity if the participant is not married. A married retiree will automatically receive pension benefits in the form of a joint and survivor annuity. Elections may be made to receive the benefit in another form, as defined. If the present value of a participant's accrued benefit does not exceed \$1,000, it will automatically be paid as a lump sum as soon as administratively feasible after separation from service.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions and terminate the Plan at any time under the provisions of ERISA. In the event the Plan terminates, participants become 100% vested in benefits earned as of the termination date regardless of length of service, to the extent such benefits are then funded, and the assets of the Plan shall be distributed in the manner and order set forth in the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. Whether all participants receive their benefits should the Plan terminate at some future point would depend on the sufficiency of the Plan's net assets at that time to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits steering committee of the Plan sponsor determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

In 2023 and 2022, certain investment and administrative expenses were paid out of the Plan, and include recordkeeping, trustee, and actuarial professional fees. Certain other administrative expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) and the ERISA-required supplemental schedule of reportable transactions was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Cash and investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Dividend income and net appreciation (depreciation) in fair value of investments as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

- The information for all investments listed in the schedule of assets (held at end of year) as of December 31, 2023, and the schedule of reportable transactions for the year ended December 31, 2023, as shown in the ERISA-required supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of units of the collective investment trust held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the collective investment trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2023 and 2022.

The Plan is applying the practical expedient as of December 31, 2023 and 2022 to its investment in the Vanguard Long-Term Investment Grade Trust. The Vanguard Long-Term Investment Grade Trust is a collective investment trust that was established to provide a collective investment trust for eligible tax-exempt entities, including employee benefit plans. The objective of this collective investment trust is to provide a high and sustainable level of current income by investing in investment-grade bonds and maintain a dollar-weighted average maturity within a range that is five years shorter than or five years longer than that of its benchmark index. The investment option may invest in assets (principally investment-grade intermediate and long-term fixed-income securities and may include derivative instruments such as future contracts and swap agreements), enter into "wrap" contracts issued by third parties, and invest in cash equivalents represented by shares in a money market fund. Vanguard Fiduciary Trust Company will use best efforts to distribute proceeds as soon as practicable; provided however, that (i) cash proceeds from the sale of securities liquidated to fund a withdrawal will not be paid until after the actual settlement date or dates of the sale of such securities; and (ii) Vanguard Fiduciary Trust Company may suspend redemptions and/or postpone the payment of redemption proceeds at times when the New York Stock Exchange is closed or during other emergency circumstances as determined at their discretion.

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of service on the date the benefit information is presented (the valuation date). Benefits payable under all circumstances (e.g. retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered prior to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's consulting actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits earned by participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of January 1, 2023 is as follows:

Vested benefits	
Participants currently receiving benefits	\$ 53,026,894
Active and terminated vested participants	85,825,176
Total vested benefits	138,852,070
Nonvested benefits	13,297
Total actuarial present value of accumulated plan benefits	<u>\$ 138,865,367</u>

The changes in the actuarial present value of accumulated plan benefits for the year ended January 1, 2023 are as follows:

Actuarial present value of accumulated plan benefits, beginning of period	<u>\$ 138,082,477</u>
Increase (decrease) during the year attributed to:	
Benefits paid	(8,183,010)
Decrease in the discount period	8,304,855
Benefits accumulated	740,924
Actuarial (gains)/losses	<u>(79,879)</u>
Net increase (decrease)	<u>782,890</u>
Actuarial present value of accumulated plan benefits, end of period	<u>\$ 138,865,367</u>

The significant methods and assumptions used to determine the actuarial present value of accumulated plan benefits as of January 1, 2023 are as follows:

Mortality	PRI-2012 table projected on a generational basis with Scale MP-2021
Discount Rate	6%
Withdrawal Before Retirement	Decreasing rates between ages 20 and 55
Retirement Age	10% at age 55; 5% at age 56-59; 10% at age 60-61; 50% at age 62; 30% at age 63-64; 100% at or after age 65

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 30, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. Related-Party and Party-In-Interest Transactions

Transactions involving shares of investments managed by affiliates of Vanguard Fiduciary Trust Company, the trustee, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

Actuarial value of assets for determining minimum required contributions

Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued.

The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment. Such lump sums are not explicitly

valued; rather, such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor furnished participant data as of January 1, 2023. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with Essity North America Inc., assumptions were made for missing or apparently inconsistent data elements.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Rates of increase in compensation, National Average Wages (NAW), and CPI	Assumed increases were chosen by the plan sponsor and represent an estimate of future experience.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by termination patterns different than assumed.
Disability	Disability rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by disability patterns different than assumed.

Retirement

Retirement rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.

Benefit commencement date for deferred benefits:

- Deferred vested benefit

Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. The difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated reflect the latest mortality improvement scale, as required by guidance issued by IRS under IRC §430. The mortality table was updated to include one additional year of projected mortality improvement as required by guidance issued by IRS under IRC §430.

The administrative expense assumption was updated from \$160,000 to \$145,000.

Benefits Paid Upon the Following Events

Normal retirement	The monthly pension benefit determined as of NRD
Early retirement	A benefit computed in the same manner as a normal retirement benefit based on the dollar multiplier and Credited Service at the time of termination. The monthly pension benefit determined as of the early retirement date is reduced 6.0% for each year of payment before age 65.
Late retirement	A benefit computed in the same manner as a normal retirement benefit based on the dollar multiplier and Credited Service at the time of termination.
Terminated with vested rights	A benefit computed in the same manner as a normal retirement benefit based on the dollar multiplier and Credited Service at the time of termination. If the employee terminated with at least 10 years of Credited Service, a reduced benefit is payable at any point on or after age 55, reduced for early retirement as described above. Otherwise, this benefit will be paid without reduction at age 65.
Disability benefit	<p>A benefit computed in the same manner as a normal retirement benefit based on the dollar multiplier and Credited Service at the time of disability. This benefit will be paid without reduction until the earlier of the participant's Normal Retirement Date, the date of recovery or the date of death.</p> <p>The participant may elect to retire at age 55, but the benefit will be reduced as an early retirement benefit rather than a disability benefit. This will allow the participant to elect additional spousal death protection.</p>
Pre-retirement death benefits	<p><i>Death Before Age 55 and After Completion of 5 Years of Vesting Service, but Prior to 10 Years of Vesting Service:</i></p> <p>If death occurs after the participant is eligible to receive a pension benefit (5 years of vesting service), but prior to age 55 and completion of 10 years of vesting service, the spouse of the participant will receive a benefit commencing at the participant's Normal Retirement Date calculated as if the participant had retired</p>

on that date, elected a 50% joint and survivor annuity, and died immediately thereafter.

Death Before Age 55 with 10 Years of Vested Service:

If death occurs before age 55 and the participant had at least 10 years of vesting service, the spouse of the participant can receive a benefit commencing at the date the participant would have attained age 55, calculated as if the participant had retired on that date, elected a 50% joint and survivor annuity, and died immediately thereafter.

Death After Age 55 with 10 Years of Vested Service:

If death occurs after age 55 and the participant had at least 10 years of vesting service, the spouse of the participant will receive an immediate benefit calculated as if the participant had survived to the date of death, retired on that date, elected a 50% joint and survivor annuity, and died immediately thereafter.

Other Plan Provisions

Form of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of a 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.

Optional Forms of Retirement Income in Lieu of Normal Form

Optional forms of payment include 100% joint and survivor, a 75% joint and survivor, a 50% joint and survivor, a five year certain option, and a life annuity. In all cases, optional forms of payment are provided as an actuarial equivalent to a life annuity.

The actuarial equivalent basis is 1971 TPF&C Mortality Table (with a 6-year setback for beneficiaries) and 7.0% interest rate.
