INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the accompanying financial statements of the Horizon Resources Co-op 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Horizon Resources Co-op 401(k) Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Horizon Resources Co-op 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Horizon Resources Co-op 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Horizon Resources Co-op 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Horizon Resources Co-op 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we have identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HORIZON RESOURCES CO-OP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the Horizon Resources Co-op 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted in 1995 with an effective date of January 1, 1995. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a profit sharing plan covering substantially all employees of the Company except for union employees and non-resident alien employees.

Employees not otherwise excluded become eligible after obtaining age 21 and completing one year of service and 1,000 hours. Employees may enter the Plan on the first day of the calendar quarter subsequent to satisfying the eligibility requirements.

The Plan was restated effective January 1, 2021 pursuant to the cycle three restatement period and current SECURE and CARES Acts legislation.

Plan Administration

The Plan is administered by the Trustees. The Trustees contract with an independent third-party administration firm to perform recordkeeping responsibilities and serve as an independent investment consultant and advisor for investment advisory services. All funds that are contributed to the Plan are held for the benefit of the participants.

Contributions

Participants may contribute pre-tax elective deferrals into the Plan. Effective October 1, 2023, the Plan was amended to allow participants to contribute Roth elective deferrals into the Plan. All newly eligible participants that do not make a retirement savings election, shall be deemed to make a pre-tax contribution of three percent per pay period. Participants may contribute up to 50% of defined earnings, as limited by §402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can also contribute amounts representing rollover distributions from certain other tax-qualified retirement plans. Rollover contributions were \$56,304 and \$28 for the years ended December 31, 2023 and 2022, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan.

A safe harbor basic matching contribution will be made to eligible employees equal to 100% of the participant's elective deferrals that do not exceed 3% of compensation, plus 50% of the participant's elective deferrals that exceed 3% of compensation but do not exceed 5% of compensation. Safe harbor basic matching contributions were \$323,077 and \$316,016 for the years ended December 31, 2023 and 2022, respectively. In addition, the Plan allows for discretionary profit sharing contributions that would be determined by the Company each year, if made.

December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Participants are allowed to direct the investment of their contributions among several investment choices offered by Charles Schwab Bank. Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into any of a variety of funds made available through the Plan. The Plan Sponsor may change the investment options offered at any time, as deemed appropriate. Participants have access to their account information through the Internet and may make allocation changes, subject to the Securities & Exchange Commission restrictions on excess trading.

The fund offerings are intended to provide participants with a variety of investment options over the usual range of asset classes with varying risk categories from conservative to aggressive. The prospectuses of the various funds offer detailed information on the characteristics, operations, management and expenses of the investments offered.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. A participant may have no more than one loan outstanding at a time. The loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions, safe harbor matching contributions, and employer profit sharing contributions, plus actual earnings thereon. All participant accounts are currently 100% vested.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount. A participant may only elect to receive partial withdrawals or installments with respect to required minimum distributions, over a period of not more than the participant's assumed life expectancy. A mandatory distribution is required if the account balance is less than \$1,000.

The Plan also allows hardship distributions from employee deferral and rollover accounts.

Forfeitures

Forfeitures can be used to offset employer contributions. There were no forfeitures for the years ended December 31, 2023 and 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis.

Investment Valuation and Income Recognition

The Co-op 401(k) Trust ("the Trust") was established in 1995, to hold the investment assets of plans in part sponsored by Horizon Resources. Investments, and the income thereon, are allocated to participating plans based on each plan's participation in investment options within the trust. Accordingly, the Plan's investment gains (losses) for the years ended December 31, 2023 and 2022, includes its allocable share of the trust's interest and dividends and net appreciation (depreciation) in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan entered into a fully benefit-responsive traditional group annuity contract primarily with an insurance carrier. This contract, the Co-op 401(k) Stable Value Fund, is fully benefit-responsive. A fully benefit-responsive contract provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the fully benefit-responsive group annuity contract is included in the financial statements at contract value.

Investments, other than the stable value fund, are based on the issuer's assumptions about the investments value, and are held in the trust and stated at fair value. The registered investment company funds are quoted at market prices, which represent the net asset value underlying investments held by the registered investment company.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the safe harbor matching contributions from the Company are recorded in the year in which the employee contributions are withheld from eligible compensation.

Administrative Expenses

Investment related administrative fees are paid by the Plan as direct expenses and are also included in net appreciation (depreciation) of the fair value of the investments, as indirect compensation. Participants may be charged distribution fees upon withdrawal of their accounts. All other fees associated with the Plan are paid by the Plan Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles generally requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. INTEREST IN CO-OP 401(k)

The Plan's investments are in the Trust which was established for the investment of assets of the Plan and several other Cooperative company sponsored retirement plans. Each participating retirement plan has an undivided interest in the Trust. The assets of the Trust are held at Charles Schwab Trust Company (Trustee). The Trust year ended December 31, 2023. At December 31, 2023 and 2022, the Plan's interest in the net assets of the Trust was approximately 1.83% and 1.81%, respectively. Investment income and administrative expenses relating to the Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

The following table presents the net assets of the Trust at December 31, as follows:

	<u>2023</u>	<u>2022</u>
Investments		
Registered investment companies	\$ 869,770,291	\$ 768,123,459
Common/collective investments trusts	113,368,383	130,442,918
Participant loans, miscellaneous notes and cash	<u>9,947,730</u>	<u>9,252,091</u>
	<u><u>\$ 993,086,404</u></u>	<u><u>\$ 907,818,468</u></u>

Investment income for the Trust for the years ended December 31, is as follows:

	<u>2023</u>	<u>2022</u>
Net depreciation of investments	\$ (4,947,729)	\$ (3,798,946)
Interest and dividends	<u>29,775,894</u>	<u>33,135,920</u>

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) developed the Accounting Standards Codification (ASC) 820, "Fair Value Measurements," to establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the "Fair Value Measurements" guidance are described as follows:

Level 1 - observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets that the Plan has the ability to access.

Level 2 - observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year end. Registered investment companies held by the Plan are open-end funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HORIZON RESOURCES CO-OP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2023				
Registered investment companies	<u>\$ 16,890,972</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,890,972</u>
December 31, 2022				
Registered investment companies	<u>\$ 15,067,182</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,067,182</u>

5. GUARANTEED INVESTMENT CONTRACT

The Plan's trust holds a portfolio of investment contracts that comprises synthetic investment contracts and a guaranteed investment contract separate account. These contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregate of contract value between types of investment contracts held by the Plan.

	<u>2023</u>	<u>2022</u>
Synthetic guaranteed investments contracts	\$ 1,112,371	\$ 1,166,497
Guaranteed investment contract separate accounts	<u>29,243</u>	<u>22,535</u>
Total fully benefit-responsive investments contracts	<u>\$ 1,141,614</u>	<u>\$ 1,189,032</u>

A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset under performance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

5. GUARANTEED INVESTMENT CONTRACT (Continued)

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

6. TAX STATUS

The Plan is a non-standardized pre-approved profit sharing plan, which obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan Sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken or expected to be taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no such tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts and the assets will be distributed to participants in proportion to their respective account balances.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

HORIZON RESOURCES CO-OP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan permits the payment of expenses which are incurred by or attributable to a particular individual based on the use of a particular plan feature to be assessed against an individual participant's account. Examples of these are loan fees, expenses related to qualified domestic relations orders (QDROs) and distributions. A portion of the fees incurred by the Plan for Trustee services are included in net appreciation (depreciation) in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid administration fees to Milliman, Inc. of \$42,296 and \$41,867 for the years ended December 31, 2023 and 2022, respectively. The Plan paid investment advising fees to Agri-Invest, LLC of \$6,598 and \$6,250 for the years ended December 31, 2023 and 2022, respectively.

The Plan Sponsor pays directly any other fees related to the Plan's operations.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
