We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United States Drug Testing 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United States Drug Testing 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United States Drug Testing 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

United States Drug Testing 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1: Description of Plan

The following description of the United States Drug Testing 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on June 1, 2004 covering all eligible employees of United States Drug Testing Laboratories Inc. (the "Company"). Effective December 1, 2023, the plan was amended and restated through the adoption of the Associated Trust Company, N.A. basic plan document. As part of the amendment and restatement, Associated Trust Company, N.A. became the Plan's trustee and custodian. The provisions of the Plan remained substantially the same. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees of the Company who have attained the age of 21 (other than employees covered by a collective bargaining agreement and nonresident aliens who receive no U.S. source income) are eligible to participate in the Plan immediately following the completion of one year of service, as defined by the Plan. Upon the amendment and restatement of the Plan, effective December 1, 2023, there is no minimum age requirement to participate in the Plan.

Contributions

Each year, participants may contribute up to 96% of eligible compensation, as defined in the Plan document, as either pre-tax or after tax Roth contributions up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Newly eligible employees who either do not elect to contribute or do not elect to decline to contribute are automatically enrolled in the Plan at a 3% pre-tax contribution rate. Automatically enrolled participants whose before-tax salary deferral contribution rate is less than 6% have their salary deferral contribution rate automatically increased by 1% annually up to a maximum of 6%.

The Plan provides for the Company to make safe-harbor matching contributions to eligible participants each pay period. The Company contributed to eligible participants each pay period an amount equal to 100% of the first 1% and 50% of the next 5% of participant salary deferral contributions for the year ended December 31, 2023. Company safe-harbor matching contributions to the Plan for the year ended December 31, 2023, were \$280,276.

Note 1: Description of Plan (Continued)

Contributions (Continued)

In addition, the Company may contribute annually an additional discretionary amount to the Plan allocated to eligible participants who have completed at least 501 hours of service in the Plan year or are employed on the last day of the Plan year in the ratio that the participant's compensation bears to the compensation of all participants. No such contribution was made for the year ended December 31, 2023.

Participant Accounts

Participant accounts are credited with the participant's contributions, Company safe-harbor matching contributions, and allocations of (a) the Company's additional discretionary contribution, if any, and (b) Plan earnings (losses). Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

All participant deferral contributions, rollover contributions and Company safe-harbor matching contributions and earnings thereon are immediately fully vested. Participants vest in additional Company discretionary contributions at a rate of 20% per year of service, as defined by the Plan, after the second year of service and reach full vesting after six years of service. In the event of death, total disability, or reaching normal retirement age (age 65), participants' accounts become 100% vested.

Any amounts forfeited by Plan participants are used to reduce the Company matching and/or additional discretionary contributions or Plan expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$2,632 and \$1,922, respectively. During the year ended December 31, 2023, \$18 of the nonvested forfeited amounts were used to pay administrative expenses.

Notes Receivable From Participants

Plan participants may borrow up to the lesser of 50% of the vested portion of the participant's account balance or \$50,000, but no less than \$1,000. The loans bear interest at a fixed rate of 2% above the prime rate established by Associated Bank, N.A and are comparable to commercial lending standards. Interest rates on loans outstanding at December 31, 2023, ranged from 4.25% to 9.50%. Loans are funded by a withdrawal from the participant's own account and are payable in equal installments by payroll deductions over a period not to exceed five years, unless the participant's loan is for the purchase of the participant's principal residence which can be paid back over a period not to exceed fifteen years. The Plan allows participants to have only one loan outstanding.

Note 1: Description of Plan (Continued)

Payment of Benefits

A participant is entitled to the vested value of his/her account balances at the normal retirement age (65), upon termination of employment, death, or total disability. Benefits are paid to a participant or his/her beneficiary in the form of a lump sum, installment payments or partial withdrawals.

In-service Withdrawals

The Plan allows for in-service withdrawals by participants who have attained the age of 59 1/2 from the vested portion of their account balances or withdrawal of rollover contributions by any participant at any time. In addition, the Plan allows for hardship withdrawals if certain criteria are met, subject to the terms of the Plan document.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA, although it has expressed no intention to do so. In the event of termination of the Plan, participants become fully vested in their Company contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investment's are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Administrative Expenses

Management fees for investments in mutual funds are deducted from income earned on a daily basis and, therefore, are reflected as a reduction of investment return for those mutual funds. Fees charged to the Plan for distributions and/or loans are allocated to the account of the individual participant. Expenses, if any, paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, which is the date the financial statements were available to be issued.

Note 3: Summary of Information Prepared and Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan, as of December 31, 2022 and from January 1, 2023 to November 30, 2023, and Associated Trust Company, N.A., the Trustee of the Plan, as of December 31, 2023 and from December 1, 2023 to December 31, 2023.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Money market funds: Fair values are based on net asset value of \$1 per share at year-end.

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,154,504	\$ -	\$ -	\$ 8,154,504
Money market funds	38,404	-	-	38,404
Total investment assets at fair value	\$ 8,192,908	\$ -	\$ -	\$ 8,192,908

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,159,728	\$ -	\$ -	\$ 6,159,728
Money market funds	13,123	-	-	13,123
Total investment assets at fair value	\$ 6,172,851	\$ -	\$ -	\$ 6,172,851

Note 5: Tax Status

The Company prior to December 1, 2023 had adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA by Fidelity Management and Research Company with an Internal Revenue Service (IRS) opinion letter dated June 30, 2020, which stated the plan document is in compliance with applicable sections of the IRC. Effective December 1, 2023, the Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Associated Trust Company, N.A. with an IRS opinion letter dated June 30, 2020, which stated the plan document is in compliance with applicable sections of the IRC. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

United States Drug Testing 401(k) Profit Sharing Plan and Trust Notes to Financial Statements

Note 7: Related-Party Transactions and Party-in-Interest Transactions

Certain expenses are charged to the Plan by service providers for record-keeping and investment advisory services. These transactions qualify as party-in-interest transactions. These transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for these services were \$56,738 for the year ended December 31, 2023.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
