Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PRICEWATERHOUSE COOPERS LLC**

(2) EIN: **13-4008324**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		200000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

To the Administrator of New York Life Insurance Company Employee Progress-Sharing Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of New York Life Insurance Company Employee Progress-Sharing Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As discussed in Note 2 to the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is responsible for the evaluation of whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2023 (“supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEW YORK LIFE INSURANCE COMPANY
EMPLOYEE PROGRESS-SHARING INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the New York Life Insurance Company (“New York Life”) Employee Progress-Sharing Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and summary plan description for a complete description of the Plan’s provisions.

A. General

The Plan, established January 1, 1969, as amended, is a qualified defined contribution plan under the Internal Revenue Code of 1986, as amended (the “Code”), Section 401, covering substantially all salaried United States full-time and part-time employees (individuals eligible under New York Life’s Agents Progress-Sharing Investment Plan (“APSI Plan”) are not eligible under the Plan). Eligible employees may make salary reduction contributions as soon as administratively practical after their employment date. In addition, all participants are immediately eligible for employer matching contributions.

The Plan allows, with the approval of New York Life, domestic subsidiaries or affiliates to adopt the Plan for their eligible employees and to bear a proportionate share of the contributions made on behalf of participants. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

State Street Bank and Trust Company (the “Trustee”) is the directed trustee of the New York Life Progress-Sharing Investment Program Trust (the “Master Trust”), a trust established to hold and invest the assets of the Plan and the APSI Plan.

B. Participant Accounts

Each participant’s account is increased by the participant’s contributions, New York Life contributions, and investment gains, and is decreased by withdrawals, distributions and investment losses. The benefit to which a participant is entitled is the total amount of the participant’s account balance on the date the payment is requested or required.

C. Contributions

Under the Plan, participants may contribute (i) pre-tax and/or Roth after-tax contributions to their 401(k) account, as a percentage of base salary and eligible short-term incentive compensation (up to 11% for employees whose total annual compensation for the prior year exceeds the prior year’s highly compensated threshold for the Plan (\$172,728 in 2022 for 2023 contributions and \$169,757 in 2021 for 2022 contributions) and up to 25% for employees whose total annual compensation is below the highly compensated threshold), limited to \$22,500 for 2023 and \$20,500 for 2022, and (ii) non-tax deductible contributions up to 11% of base salary and eligible short-term incentive pay. Highly compensated employees are limited to a combined pre-tax 401(k), Roth 401(k) and non-tax deductible contribution rate of 11%, while non-highly compensated employees are limited to a combined rate of 25%. Participants

may also roll over qualified distributions from eligible retirement plans into the Plan. The Plan also permits participants age 50 and over to make additional pre-tax 401(k) and Roth 401(k) “catch-up” contributions (\$7,500 for 2023 and \$6,500 for 2022). Eligible employees are automatically enrolled in the Plan after 60 days of employment with pre-tax contributions at a rate of 5% (6% for employees of Life Insurance Company of North America and New York Life Group Insurance Company of NY (“GBS Employees”)). Employees may stop the automatic enrollment or choose a different contribution rate and/or investment election before the first automatic contribution is deducted, or at any time thereafter.

New York Life annually determines the level of the employer matching contributions to the Plan. For 2023 and 2022, the matching contribution formula was as follows: (i) up to 3% of benefits salary (generally, base pay and eligible incentive pay) for participants who are eligible to participate in the New York Life Insurance Company Pension Plan (“Pension Plan”) and whose entire pension benefit is determined under the Pension Plan’s final average pay formula; (ii) up to 4% of benefits salary (100% of the first 3% of deferrals, and 50% of the next 2% of deferrals) for participants who either (a) are eligible to participate in the Pension Plan and whose pension benefit is determined, in whole or in part, under a formula (e.g., cash balance) other than the Pension Plan’s final average pay formula; or (b) are not eligible to participate in the Pension Plan and are employees of Apogem Capital LLC (“Apogem”), IndexIQ LLC, IndexIQ Advisors LLC, or MacKay Shields LLC; or (iii) up to 5% of benefits salary (100% of the first 4% of deferrals, and 50% of the next 2% of deferrals) for GBS Employees.

For 2023 and 2022, New York Life’s matching contributions to the Plan totaled \$59,742 thousand and \$54,516 thousand, respectively.

The Plan also provides that Apogem, IndexIQ Advisors LLC and Index IQ LLC (collectively “IndexIQ”), all indirect wholly owned subsidiaries of New York Life, may make a discretionary contribution for certain of their eligible employees with a job title below grade level 27 (or its equivalent). Apogem was formed on April 1, 2022, and the employees of GoldPoint Partners LLC (“GoldPoint”) and Madison Capital Funding (“MCF”) became employees of Apogem on that date.

For the 2023 Plan year, Apogem and Index IQ each approved a discretionary contribution of 5% of 2023 Plan compensation, which totaled \$1,340 thousand and was contributed to eligible participant accounts in March 2024. For the 2022 Plan year, Apogem and Index IQ each approved a discretionary contribution of 5% of 2022 Plan compensation, which totaled \$1,026 thousand and was contributed to eligible participant accounts in March 2023. For the 2021 Plan year, GoldPoint, MCF and IndexIQ each approved a discretionary contribution of 5% of 2021 Plan compensation, which totaled \$894 thousand and was contributed to eligible participant accounts in March 2022. These discretionary contributions are immediately vested and not available for loans or in-service withdrawals. The 2021 discretionary contributions are reflected in the 2022 financial statements as they were contributed in 2022. The 2022 discretionary contributions are reflected in the 2023 financial statements as they were contributed in 2023. The 2023 discretionary contributions are not reflected in the 2023 financial statements as they were contributed in 2024.

Employer matching contributions, discretionary employer contributions, 401(k) contributions (including Roth 401(k) contributions) and nondeductible tax contributions may not exceed the limits set forth in Sections 415, 402(g), 401(k) and 401(m) of the Code.

D. Vesting

All contributions and related earnings are fully vested when credited to participants’ accounts.

E. Notes Receivable from Participants

Subject to certain limitations, in general, participants may borrow a minimum of \$500 up to the lesser of (i) \$50,000 minus the highest outstanding principal balance of any of the participant's controlled group loans ("Outstanding Loan") during the last twelve months, or (ii) 50% of the participant's vested account balance, reduced by any current Outstanding Loan. Loans are generally due within four years and carry an interest rate of prime plus 1%. These loans are secured by the balance in the participants' accounts. Principal and interest is repaid ratably through biweekly payroll deductions.

F. Payment of Benefits

Benefit payments are recorded when made and are charged to the participant's account, principally upon termination, retirement, death, or an in-service withdrawal.

Upon retirement or termination of service, the participant is paid the balance of his or her account in a lump sum if his or her account balance is \$1,000 or less. Participants whose account balances are in excess of \$1,000 have the option of electing partial payments, a lump-sum payment, monthly or annual installments, or annuity payments over a stipulated period of time. Such payments may be taken immediately or deferred to a future date (provided that the participant maintains an account balance in excess of \$1,000). Annual minimum distribution payments commence no later than April 1st of the calendar year following the later of the calendar year in which the participant (i) attains the applicable age or (ii) separates from service. The applicable age is 73 for participants born on or after January 1, 1951, age 72 for participants born on or after July 1, 1949 and prior to January 1, 1951, and age 70½ for participants born prior to July 1, 1949.

In the event of death of a participant with an account balance of \$1,000 or less, the participant's beneficiary is paid the balance of his or her account in a lump sum as soon as practicable. If the participant's account balance exceeds \$1,000 at the time of his or her death, the participant's beneficiary generally may elect to receive benefits in (i) a lump sum, (ii) one or more payments (provided that the entire account balance is distributed no later than December 31st of the year including the fifth anniversary of the participant's death), or (iii) for certain eligible designated beneficiaries, monthly installment payments in the form of a single life annuity (provided that payments begin no later than December 31st of the year following the participant's death). The participant's beneficiary may designate a beneficiary to receive an immediate lump sum of the remaining account balance if the participant's initial beneficiary dies, provided that the initial beneficiary had not begun receiving payments in the form of a single life annuity prior to his or her death.

Former participants in the NYLCare ERA Plan whose accounts were transferred to the Plan ("NYLCare ERA Transfer Amount") may request distribution of their NYLCare ERA Transfer Amount, plus any earnings or losses thereon at any time. A NYLCare ERA Transfer Amount is payable in a lump sum if the participant's account balance is \$5,000 or less. Participants whose account balances are in excess of \$5,000 may defer distribution of their NYLCare ERA Transfer Amount to age 65. A NYLCare ERA Transfer Amount is payable as a single life annuity (if not married) or a 50% joint & surviving spouse annuity (if married), unless the participant elects (with spousal consent if married) a single life annuity or a lump-sum payment.

G. Administration

New York Life, as Plan Administrator, is responsible for administration of the Plan. New York Life pays a significant portion of the administration expenses of the Plan, including payments to the Plan's third party investment consultant, NEPC LLC, and the Plan's third party record-keeper, Alight Solutions. Redemption fees (described in Note 3 - Plan Investments) are applied to pay the Plan's third party record-keeper. New York Life also pays the annual administration charge with respect to the IPG Contract issued to the Master Trust.

H. Plan Transfers

Amounts transferred into and out of the Plan include transferred accounts between this Plan and the APSI Plan, which is a qualified defined contribution plan covering substantially all contracted United States full-time agents of New York Life. In the event an agent participating in the APSI Plan becomes an employee eligible for this Plan, the APSI Plan provides that the balance of the individual's APSI Plan account shall be transferred directly to this Plan. Likewise, in the event an employee participating in this Plan becomes an agent eligible for the APSI Plan, the Plan provides that the balance of the individual's account in this Plan shall be transferred directly to the APSI Plan.

On October 31, 2022, the assets of the Private Advisors, LLC 401(k) Plan, totaling \$12,863 thousand, were merged into the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements are prepared on a modified cash basis of accounting, which includes the adjustments of investments to their respective fair value or contract value. This is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"), and is permitted under the DOL's reporting and disclosure requirements. Accordingly, contributions and income are recorded when received rather than earned. Expenses are recorded when paid rather than when incurred. Loans granted to participants are recorded when disbursed and loan repayments, including principal and interest, are recorded when received. Investments are recorded at their respective contract value or fair market value as disclosed in Note 2C - Valuation of Investments and Income Recognition.

The Plan follows the authoritative guidance, which requires all investments held by a defined contribution plan to be reported at fair value except for the investments in the contracts that meet the definition of a fully benefit-responsive investment contract, which would be reported at contract value. Contract value is deemed a relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents investments at fair value for Interest in pooled investments, held by the Master Trust, and investments at contract value for Interest in the IPG Contract, held by the Master Trust.

B. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Valuation of Investments and Income Recognition

All investments are held by the Master Trust. Pooled investments, held by the Master Trust, are based on the aggregate publicly published net asset value (“NAV”) of the shares held at the valuation date, which represents fair value. The Plan’s IPG Contract, which is a fully benefit-responsive contract, is valued at contract value. Contract value represents employers’ and participants’ contributions adjusted for accumulated interest, benefits paid, withdrawals and transfers. The Plan’s investments and participants’ accounts are valued daily.

Net increases or decreases in the market value of invested assets include realized gains or losses on investments sold and unrealized gains or losses on investments held during the year. Purchases and sales of investments held in the Master Trust are recorded on a trade-date basis. Dividends and interest on notes receivable are recorded when received.

D. Notes Receivable

Notes receivable from participants are valued at their outstanding balances plus accrued but unpaid interest, which is deemed to approximate fair value.

E. Payment of Benefits

Benefits are recorded when paid.

F. Risk and Uncertainties

The Plan invests in various investments that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants’ account balances and amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

G. Recent Accounting Pronouncements

The Company has analyzed recent accounting pronouncements and do not believe any impact the Plan.

NOTE 3 - PLAN INVESTMENTS IN MASTER TRUST

The Plan’s assets are held in the Master Trust, which also holds the assets of the APSI Plan. The account balances of the participants of both plans are invested based on participants’ elections among each plan’s investment options. In 2023 and 2022, the default investment option for participants who fail to make affirmative investment elections with respect to their account balances is the Fixed Dollar Account (“FDA”) option, which is backed by the IPG Contract.

Assets of the Master Trust are allocated to each participating plan based on the account balances and according to the investment elections of the participants within each plan. Investment income of the Master Trust for the years ended December 31, 2023 and 2022 was allocated based upon each plan's specific interest within each of the investments held by the Master Trust. Gains and losses on investments bought and sold, as well as held during the year, are included in interest in Net appreciation in fair value of the Master Trust. Dividends and interest income are included in Dividend and interest income received from the Master Trust. Both are included on the Statement of Changes in Net Assets Available for Benefits.

The following tables summarize the net assets of the Master Trust and the Plan's interest in those assets as of December 31, 2023 and 2022.

December 31, 2023

The following table summarizes the total investment income of the Master Trust for the years ended December 31, 2023 and 2022:

December 31,			
	2023		2022
	(in thousands)		
Net appreciation/(depreciation) in fair value of pooled investments	\$	503,497	\$ (606,149)
Dividend and interest income		127,984	151,086
Total investment income/(loss)	\$	631,481	\$ (455,063)

A redemption fee of 2% is charged by the Plan to amounts allocated to certain pooled investment options that do not remain in that option for a "holding period" of 7 calendar days. The redemption fee does not apply to transfers or reallocations from the FDA option. The redemption fee also does not apply to

transfers of reallocations from the investment options that have fund imposed frequent trading limitations. These include the Fidelity Small Cap Index Fund, Fidelity Mid Cap Index Fund, Fidelity Global Ex-U.S. Index Fund, Fidelity Blue Chip Growth Commingled Pool, Vanguard Target Retirement Trust II (which replaced the Vanguard Target Retirement Funds as an investment option on February 11, 2022), Vanguard Institutional 500 Index Trust (which replaced the Vanguard Institutional Index Fund as an investment option on June 24, 2022), T. Rowe Price Institutional Large-Cap Core Fund (which was replaced by the Fidelity Blue Chip Growth Commingled Pool as an investment option on December 19, 2023), and until December 2023, the MFS Large Cap Value Fund (which replaced the MFS Value Fund as an investment option on March 17, 2023).

IPG Contract

The Trustee is the contractholder of the IPG Contract issued by New York Life, as insurer. The IPG Contract is a general account contract under which a FDA maintains a crediting rate that reflects the investment experience of the segment of New York Life's general account to which the IPG Contract and contracts in its class are assigned, in accordance with New York Life's Investment Year Method ("IYM"). The basic principle of the IYM is that the assets purchased by the segment in a calendar year with available net cash flow are accounted for as a separate investment fund. The amount in the FDA at any time will be equal to (i) the sum of all amounts credited to that account less (ii) the sum of all amounts withdrawn from that account.

At least ten days prior to the start of each contract year (i.e., each annual period beginning January 1), New York Life, as insurer, declares a net annual interest rate to be applicable to all amounts allocated to the FDA in such contract year. New York Life, as insurer, credits interest to the FDA by applying the applicable declared rate to the average balance in the FDA during such contract year, or part thereof. Such net annual rate of interest will be that which New York Life, as insurer, determines to be applicable to contracts in the class of contracts to which the IPG Contract belongs. In this determination, New York Life, as insurer, recognizes, among other things, the variations in the rates of investment return attributable to the net funds, positive or negative, made available for investment in different calendar years for contracts in the class of contracts to which the IPG Contract belongs, in accordance with the principles of the IYM of determining interest credits adopted by New York Life, as insurer.

The Trustee, upon direction of the Plan's Fiduciary Investment Committee ("FIC"), may direct New York Life, as insurer, by written notice to withdraw amounts from the FDA to be applied as a withdrawal or loan permitted by the Plan, to provide distributions of benefits, or to be transferred to another investment option under the Plan. Withdrawals from the FDA for the purpose of transfer to another investment option under the Plan are subject to an annual limit of 20% of the aggregate balance in the FDA, determined as of the beginning of the contract year in which the withdrawals are made.

As of the last day of each contract year, New York Life, as insurer, will withdraw an amount from the FDA as an annual charge, unless such charge is paid by the plan sponsor as billed. The amount of such charges will be determined by applying a scale of percentages to the average balance in the FDA, subject to an annual minimum of \$1,500.

In the event the Trustee, upon direction of the FIC, elects to discontinue the IPG Contract, the Trustee may elect upon the direction of the FIC to have the balance in the FDA paid in one of the following manners: (1) a lump sum payment which is equal to the product of (i) all amounts in the FDA as of the discontinuance date and (ii) the market value adjustment factor in the IPG Contract; or (2) a book value payment of all amounts in the FDA under the contract as of the discontinuance date in approximately

equal annual installments over a period of 10 years, or such shorter period that is mutually agreed upon by the Trustee and New York Life, as insurer. The first payment will be made as of the discontinuance date with each subsequent payment made on the anniversary of the discontinuance date. During the payment period, interest will be credited at an annual rate to the contract earnings rate (the average investment earnings rate applicable to investment year funds maintained under the contract as of the date of payment, determined in accordance with the IYM) that was being credited to the FDA as of the discontinuance date, less 1%.

NOTE 4 - FEDERAL INCOME TAXES

New York Life received a favorable letter of determination, dated October 15, 2015, from the Internal Revenue Service that the Plan meets the qualification requirements of Section 401(a) of the Code and that its trust is exempt from federal income tax under Section 501(a) of the Code. Although the Plan has been amended since the previous amendment to which the most recent determination letter is applicable, New York Life believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes is made in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions. There was a routine IRS audit for the 2019 Plan year that concluded in 2023. There are currently no audits for any tax periods in progress.

NOTE 5 - TERMINATION OF THE PLAN

New York Life reserves the right to make changes to all or part of the Plan at any time or to terminate any or all of the benefits and features of the Plan with or without notice, subject to the terms of ERISA. If the Plan is terminated, each participant will be entitled to 100% of his or her account balance.

A participating subsidiary or affiliate of New York Life may terminate its participation in the Plan at any time.

NOTE 6 - DEFAULTED NOTES RECEIVABLE FROM PARTICIPANTS

Defaulted notes receivable from participants primarily relate to employees who have terminated employment with New York Life and have declined to repay an outstanding loan. Since notes receivable from participants are secured by the participant's account balance, the defaulted amounts are deemed a prepayment for tax purposes and deducted from the participant's final distribution.

NOTE 7 - CERTIFIED INFORMATION

The Trustee and New York Life, as the issuer of the IPG Contract, are qualified institutions in accordance with AU-C Section 703.08 that have certified that the following information stated below and included in the Statements of Net Assets Available for Benefits, the Statements of Changes in Net Assets Available for Benefits, and Schedule H (Form 5500), Line 4i- Schedule of Assets is complete and accurate in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 8 - RELATED PARTY TRANSACTIONS

Investments in the IPG Contract were \$2,281,780 thousand and \$2,256,487 thousand as of December 31, 2023 and 2022, respectively. Investments in the MainStay Funds, held by the Master Trust, were \$60,909 thousand as of December 31, 2022. The Master Trust was not invested in any of the MainStay Funds as of December 31, 2023. The IPG Contract provides for the payment of an annual administration charge to New York Life, based on a percentage of assets maintained in the fixed account under the contract. The MainStay Funds are managed, in whole or in part, by New York Life Management LLC ("NYLIM") (or a NYLIM affiliate), an indirect wholly owned subsidiary of New York Life that receives fees for such services. The values of participant accounts invested in the MainStay Funds reflect the applicable fund's fees and expenses as disclosed in each fund's prospectus. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA and the Code.

NOTE 9 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's assets are recorded at fair value, except for the investment in the IPG Contract (which is valued at contract value), and are measured and classified in accordance with a fair value hierarchy consisting of three levels based on the observability of the inputs used in measuring the fair value. The level is determined based on the lowest level input that is significant to the fair value measurement.

The levels of the fair value hierarchy are based on the inputs to the valuation as follows:

Level 1	Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market. Active markets are defined as a market in which many
---------	---

transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

- | | |
|---------|---|
| Level 2 | Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active for identical or similar assets or liabilities, or other model driven inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Valuations are generally obtained from third-party pricing services for identical or comparable assets or liabilities or through the use of valuation methodologies using observable market inputs. |
| Level 3 | Instruments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions in pricing the asset or liability. Pricing may also be based upon broker quotes that do not represent an offer to transact. Prices are determined using valuation methodologies such as option pricing models, discounted cash flow models and other similar techniques. Non-binding broker quotes, which are utilized when pricing service information is not available, are reviewed for reasonableness based on New York Life's understanding of the market, and are generally considered Level 3. To the extent the internally developed valuations use significant unobservable inputs, they are classified as Level 3. |

Determination of Fair Value

The Master Trust's pooled investments represent open-ended mutual funds and CITs in which the valuation is based on the aggregate NAV of the shares held at the valuation date.

Investments in mutual funds are publicly available and there are no restrictions on contributions and withdrawals. Investments in mutual funds as of December 31, 2023 were \$654,730 thousand and are reported as Level 1.

Investments in CITs are measured using NAV as a practical expedient. Investments in CITs as of December 31, 2023 were \$1,593,100 thousand and are not required to be leveled. The CITs have a daily redemption frequency and are not subject to any redemption notice period. The CITs do not have any unfunded commitments.

The Plan's investments in CITs were classified as Level 1 as of December 31, 2022. Investments in pooled investments as of December 31, 2022 were \$1,806,021 thousand.

There were no pooled investments classified as Level 2 or Level 3 as of December 31, 2023 and 2022.
