INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Mobile Communications America, Inc. 401(k) Plan
Spartanburg, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mobile Communications America, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Very truly yours,

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 1. Description of Plan**

The following description of the Mobile Communications America, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on October 1, 1993 to provide retirement and other benefits for the employees of Mobile Communications of America, Inc. (the "Company") and other related participating employers. The Plan covers all employees, except non-resident aliens who receive no compensation from the employer which constitutes U.S. source income, who have attained age 18 and completed three months of service. Employees are permitted to enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, eligible participants may elect to contribute a percentage of their annual compensation, as defined by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

Company safe-harbor matching contributions are calculated based on the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Additionally, the Company may also make a discretionary profit sharing contribution, as defined by the Plan. There was no discretionary profit sharing contribution for the year ended December 31, 2023. Contributions are subject to certain limitations.

Participant accounts:

Each participant has an individual account that includes their contributions and allocations of the Company's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon, as well as the Company's contributions portion of their account.

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 1. Description of Plan (continued)****Forfeited accounts:**

Forfeitures may be used to reduce employer contributions and to pay the Plan's administrative expenses. The amount of unallocated forfeitures as of December 31, 2023 and 2022 was \$53,196 and \$57,168, respectively. \$6,281 of forfeitures were used during the year ended December 31, 2023 to offset employer contributions.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of the participant's vested account, reduced by any outstanding note balance or (b) \$50,000, reduced by the highest outstanding note balance during the one-year period ending on the day before the note is made. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% - 8.50%. Note terms may extend up to five years except for notes used to acquire a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum cash payment, installment payment, a direct rollover to an IRA or other qualified plan, or any combination thereof. If the participant's vested account balance does not exceed \$5,000, no consent is required to distribute the vested account balance. If the participant's vested account balance is less than \$5,000 but exceeds \$1,000 and the participant does not elect to receive or rollover the distribution, the account balance will be rolled over to an IRA on the participant's behalf.

Hardship withdrawals are permitted as defined in the Plan.

Note 2. Significant Accounting Policies**Basis of accounting:**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to full benefit-responsive investment contracts because contract value is the amount that participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 2. Significant Accounting Policies (continued)****Investment valuation and income recognition:**

Investments are reported at fair value, except for full benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating expenses:

Certain expenses of maintaining the Plan are paid by the Company. Fees related to the administration of notes receivable and benefit payments from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Notes receivable from participants:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3. Related Party Activity

Certain Plan investments are mutual funds held and a fixed interest fund managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. As these companies are the trustees of the Plan, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules of ERISA. Fees paid by the plan totaled \$165,218.

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 4. Information Prepared and Certified by Trustees**

The following information was compiled from data certified by the trustees, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, as being complete and accurate:

- A. Investments included in the Statements of Net Assets Available for Benefits - December 31, 2023 and 2022.
- B. Investment income included in the Statement of Changes in Net Assets Available for Benefits - Year Ended December 31, 2023.
- C. Investment information included in the Schedule of Assets Held at End of Year.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a prototype non-standardized profit sharing volume submitter defined contribution basic plan document. The underlying prototype plan document has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under the applicable sections of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under the applicable section of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt and no provision for income taxes has been included in the Plan's financial statements.

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Income Tax Status (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 8. Fair Value Measurements

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the quoted net asset values (NAV) of shares traded in active markets and held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Description	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ <u>50,111,885</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>50,111,885</u>

Description	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ <u>37,222,306</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>37,222,306</u>

Note 9. Fixed Interest Fund

The Fixed Interest Fund is a fully benefit responsive separate account guaranteed investment contract option that provides a stated rate of return and insulates participants' accounts from daily fluctuations. Under the terms of the contract, participants may direct permitted withdrawals and/or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: 1) the complete or partial termination of the Plan; 2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division, or as a result of group layoffs or early retirement programs. The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value. The average interest rate credited to participants was 4.60% and 3.95% for the years ending December 31, 2023 and 2022, respectively.

Note 10. Plan Amendments

Effective January 1, 2022, the Plan was amended and restated to add USAT, LLC as a related employer. The accrued benefits and related assets of USAT 401(k) Plan were merged into the Plan in January 2022.

Effective October 1, 2022, the Plan was amended and restated to count acquired employees' service from Knight Security Systems.

MOBILE COMMUNICATIONS AMERICA, INC. 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 10. Plan Amendments (continued)**

Effective July 26, 2023, the Plan was amended to count acquired employees' service from Communication Electronics, Inc. and ComSource, Inc.

Note 11. Subsequent Events

Subsequent events have been evaluated through September 17, 2024, which is the date the financial statements were available to be issued.
